The Lord told Deborah and Karriem to develop a 356 Day Daily Devotional. Led by the Holy Spirit each day we would read a scripture from the Bible and then would expound on the scripture in reference to what the Lord was saying to us. When his revelation is revealed there is a comfort that is given to the person. We believe that you shall be blessed by going through the journey we went through everyday. We believe that the scriptures and revelation shall jump off the page and resonate in your heart.

In a world where heroes were forced into retirement in the aftermath of a nuclear attack on America Michael Sanders must rise to the occasion and discover what it means to live and rise up from underneath The Long Shadow.

You will laugh, and relate to the stories of childhood, school years, and growing up during the depression. From his northern New Jersey, small town home he shares what it was like growing up in the 20's and 30's. From logging to working with horses, the stories provide a great view of the life style from that time period.

Now a Disney Channel Original Movie, Megan Shull's smart and funny twist on Freaky Friday is perfect for fans of Wendy Mass, Jerry Spinelli, and Jon Scieszka! This middle grade novel is an excellent choice for tween readers in grades 5 to 6, especially during homeschooling. It's a fun way to keep your child entertained and engaged while not in the classroom. With one random wish, Jack and Ellie are living life in each other's shoes. He's her. And she's him. ELLIE assumed popular guys didn't worry about body image, being perfect, or talking to girls, but acting like you're cool with everything is tougher than it looks. JACK thought girls had it easy—no fights with bullies, no demanding dads, no power plays—but facing mean girls at sleepovers and getting grilled about your period is way harder than taking a hit to the face at sports practice. Now they're dealing with each other's middle school dramas—locker room teasing, cliques, video game battles, bra shopping, and a slew of hilariously awkward moments—until they hopefully switch back! Told in both Jack's and Ellie's voices, The Swap offers a fresh and honest take on tween friendship, all while exploring more serious themes of family, loss, empathy, and what it really means to be yourself. And as Jon Scieszka says, it's "seriously, truly, fearlessly funny!"

A 365+ Day Biblical Devotional After 15 years of attending a Men's Bible study with my friends Wheeler and Paul, I decided to do an independent study of my own. I spend an hour each morning investigating real, tough, modern day biblical questions. After I get done, I try to distill the answers into a "Bible Minute" with a short introduction of the topic, a Bible verse or two or three and a short conclusion. I began posting these Bible Minutes on my Facebook page and before long I began to see true miracles. I heard stories of conversions, breakthroughs and restoration of relationships as a result of my studies. Make no mistake; I'm an average guy who just likes reading the Bible. I attended Bible College but after less than a year, I decided that my true calling was being a chiropractor so I'm no biblical scholar. I hope that my compiling the many studies I have done over the last few years and creating this book helps heal your soul, brings you closer to God, and allows you to grow a deeper relationship with Jesus. It is my prayer that this book provides the manna for your spirit, sets your soul free and becomes a true blessing in your life and in the lives of the people you gift this book to. In Health and Faith, Jay

This is a cute, fun, and informative book about spiders. It is great for reading to younger children and enjoyable for older children to read on their own.

"Respect the teachers. They are like gods." This was taught to me by my mom, who is a teacher. "Respect the teachers for sure but if they don't behave like teachers, take you for granted always and start behaving like unethical monsters, then don't forget to make them realize by your actions that you are also human as they are, and sometimes you can also make mistakes as they did." This was taught to me by one of my mentors who is a school principal. I agree with both of them, because that's how the life is

supposed to be lived. “Respect the teachers for sure and but if they don’t behave.....and all the above I agreed to, but those who mentor you – your teachers, your parents, your peers, your bosses, even your juniors, trust me they are all biased for the one reason that they are all humans with one heart on the left side which can’t be right for most of the practicalities of life and a brain at the top of their head which makes them think – sometimes for you and is most of the times trained naturally to prioritize for themselves and their people, and occasionally you might also be a ‘rit’ in their favorites so they are thinking in favor of you. I am no one to judge anyone’s parents or teachers or bosses or relatives but why, why one of the kids becomes a better child for parents and why the teachers say, ‘o that kid is not ranked high in my list?’ Life in itself is a practice and you learn to live it better and better as you learn its principles and understand its simple complexities – just like playing a guitar, like playing video games, like understanding the female sex – the more you practice, the more near to perfect you become. But there is one more thing to it and that is that if I am intelligent and if I am mentally strong then I could not become anything – neither bad nor good, neither crook nor candid, neither a hero nor a zero. I can only curse myself sitting in a corner of a dark and shady room criticizing myself with a bitter and entirely rubbish but absolute truth and that is ‘an intelligent and mentally strong man can NOT seriously become anything and that a fool and a weak can only make efforts to become something, to gain and to achieve and a lot of weakness and foolishness is required to run this world.’ What achievement is an achievement, what mission is a mission without any challenges? And weak and foolish only MAKE themselves better, prepare to become strong and intelligent and plan to face the challenges and break the code. History is the biggest proof that everything that’s done without planning could let the strongest loose easily and proper planning, accompanied with a long smooch of confidence and a touch of zeal could make a weaker be victorious. That’s what I had learnt throughout my life after facing so many situations and problems till now and I am still learning the lessons of the game called life, not to win the wars but the hearts and that, my dear friends is this story for.... and this book is dedicated: To all those people who made me realize how delicate, beautiful, important, strong, powerful and deadly – IS the game of LOVE. I said ‘game’ of love because it is believed even in today’s world, that love is strong and it’s the strength of any relationship and it wins over all the obstacles and the ones who are against it; though it requires genuineness and sacrifices, but even that way, don’t its definition makes love a game, with its own properties and rules? Every love story generally has a common theme - we see you meet, face challenges, fall in love, face challenges, even get married, face challenges and it’s all a predictable dream. The last shot will show you and your lover with a family. That’s it right? Well no. because I believe in mentioning something which is real, something from somewhere me and you belong – this real world. And there, love do not wins – not always;

Having survived the worst effects of the Civil War, the city of Memphis, battered but unbowed, finds itself facing a far more dangerous foe. It is invisible, lethal, and unstoppable: a plague of yellow fever. It is the story of JP Mahoney, 14-year-old farm boy who dreams of escape from tedious chores and farmlife routine. It is the story of a courageous young woman, Ginnie Moon, onetime Confederate spy, who now operates a boarding house for men who have survived the war. And it is the story of Kevin O’Boyle, an embittered riverfront laborer, who blames the world for his troubles, and finds the crippled city his perfect prey. Several

characters in the novel are actual historical figures, most notably Ginnie Moon, Judge "Pappy" Hadden, and Cap'n Jim Lee. Their actions, and those of the other characters, are entirely fictional. The plague, one of several to hit the city in the years following the war, was all too real.

Do you feel like you struggle to make time for everything? We are living in a time-poor society, working more than ever and with less time for ourselves and family. The pressures and stress of the obligations we feel we have, often leave us without time to do everything that we would like to. More critically, we lack the time to reflect, review our lives and consider our direction. Time to contemplate if the decisions we are making are going to lead us to a life of purpose or an old age filled with regret. Time for Anything is based on 5 years of research by Craig D Robinson. Using the techniques in this book, Craig went from working in an entry level position to, in just four years: start 2 companies, recharge with 12

weeks holiday a year, start a family, grow and sell his startups and retire at the age of 34. This book shows you how you too can have time for it all.

"Mr. Merriman's special gift is his wonderful ability to connect with his students and help them discover the inner beauty and strength that lies within us all. He was the type of teacher that students would never forget. Mr. Amonte has a special gift of his own--his supernatural ability to heal the sick and resurrect the dead." -- p. [4] cover.

There are arch angels, and there are fallen ones. One managed to have human like children that served special purposes. The book is a thriller for me, and a crime novel to others. The effects of this book depends on the reader's level and maturity. Nevertheless, events of those days are accurate.

M. R. James was born in Kent, England in 1862. James came to writing fiction relatively late, not publishing his first collection of short stories – *Ghost Stories of an Antiquary* (1904) – until the age of 42. Modern scholars now see James as having redefined the ghost story for the 20th century and he is seen as the founder of the 'antiquarian ghost story'. We are republishing these classic works in affordable, high quality, modern editions with a brand new introductory biography of the author.
