This nostalgic, fully-illustrated history of boy bands -- written by culture critic and boy band stan Maria Sherman -- is a must-have for diehard fans of the genre and beyond. The music, the fans, the choreography, the clothes, the merch, the hair. Long after Beatlemania came and went, a new unstoppable boy band era emerged. Fueled by good looks and even greater hooks, the pop phenomenon that dominated the '80s, '90s, and 2000s has left a long-lasting mark on culture, and it's time we celebrate it. Written by super fan Maria Sherman for stans and curious parties alike, *Larger Than Life* is

the definitive guide to boy bands, delivered with a mix of serious obsession and tongue-in-cheek humor. Larger Than Life begins with a brief history of male vocal groups, spotlighting The Beatles, the Jackson 5, and Menudo before diving into the building blocks of these beloved acts in "Boy Bands 101." She also focuses on artists like New Edition, New Kids on the Block, Backstreet Boys, *NSYNC, One Direction, and BTS before ending with an interrogation into the future of boy bands. Included throughout are Tiger Beat-inspired illustrations, capsule histories of the swoon-iest groups, in-depth investigations into one-hit wonders, and sidebars dedicated to conspiracy theories, dating, in-fighting, haters, fan fiction, fashion (Justin and Britney in denim, of course), and so much more. Informative, affectionate, funny, and never, ever fan-shaming, Larger Than Life is the first and only text of its kind: the ultimate celebration of boy bands and proof that this once maligned music can never go unappreciated.

power of friendship in our darkest times, from internationally renowned writer and speaker Elif Shafak. In the pulsating moments after she has been murdered and left in a dumpster outside Istanbul, Tequila Leila enters a state of heightened awareness. Her heart has stopped beating but her brain is still active-for 10 minutes 38 seconds. While the Turkish sun rises and her friends sleep soundly nearby, she remembers her life-and the lives of others, outcasts like her. Tequila Leila's memories bring us back to her childhood in the provinces, a highly oppressive milieu with religion and traditions, shaped by a polygamous family with two mothers and an increasingly authoritarian father. Escaping to Istanbul, Leila makes her way into the sordid industry of sex trafficking, finding a home in the city's historic Street of Brothels. This is a dark, violent world, but Leila is tough and open to beauty, light, and the essential bonds of friendship. In Tequila Leila's death, the secrets and wonders of modern Istanbul come to life, painted vividly by the captivating tales of how Leila came to know and be loved by her friends. As her epic journey to the afterlife comes to an end, it is her chosen family who brings her story to a buoyant and breathtaking conclusion.

INSTANT NEW YORK TIMES BESTSELLER An incredible, revolutionary true story and surprisingly simple guide to teaching your dog to talk from speech-language pathologist Christina Hunger, who has taught her dog, Stella, to communicate using simple paw-sized buttons associated with different words. When speech-language pathologist Christina Hunger first came home with her puppy, Stella, it

didn't take long for her to start drawing connections between her job and her new pet. During the day, she worked with toddlers with significant delays in language development and used Augmentative and Alternative Communication (AAC) devices to help them communicate. At night, she wondered: If dogs can understand words we say to them, shouldn't they be able to say words to us? Can dogs use AAC to communicate with humans? Christina decided to put her theory to the test with Stella and started using a paw-sized button programmed with her voice to say the word "outside" when clicked, whenever she took Stella out of the house. A few years later, Stella now has a bank of more than thirty word buttons, and uses them daily either individually or together to create near-complete sentences. How Stella Learned to Talk is part memoir and part how-to guide. It chronicles the journey Christina and Stella have taken together, from the day they met, to the day Stella "spoke" her first word, and the other breakthroughs they've had since. It also reveals the techniques Christina used to teach Stella, broken down into simple stages and actionable steps any dog owner can use to start communicating with their pets. Filled with conversations that Stella and Christina have had, as well as the attention to developmental detail that only a speech-language pathologist could know, How Stella Learned to Talk will be the indispensable dog book for the new
