from a dad who truly loves his kids—even when they’re driving him nuts. “Robert Wilder’s hilarious and boldly candid essays about the realities of parenting go down like gin and tonic on a hot summer afternoon.”—People A Santa Fe dad shares heartwarming, comic, often ludicrous tales of raising a family in this laugh-out-loud book perfect for anyone who enjoys the edgy humor of David Sedaris or the whimsical commentary of Dave Barry. Waxing both profound and profane on issues close to a father’s heart—from exploding diapers to toddler tantrums, from the horrors of dressing up as Frosty the Snowman to the moments that make a father proud—Robert Wilder brilliantly captures the joys and absurdities of being a parent today. With an artist wife and two kids—a daughter, Poppy, and a son, London—Robert Wilder considers himself as open-minded as the next man. Yet even he finds himself parentally challenged when his toddler son, London, careens around the house in the buff or asks the kind of outrageous, embarrassing questions only a kid can ask. A high school teacher who sometimes refers to himself jokingly as Mister Mom (when his wife, Lala, is busy in her studio), Wilder shares warmly funny stories on everything from sleep deprivation to why school-sponsored charities can turn otherwise sane adults into blithering and begging idiots. Whether trying to conjure up the perfect baby name (“Poppy” came to his wife’s mother in a dream) or hiring a Baby Whisperer to get some much-needed sleep, Wilder offers priceless life lessons on discipline, potty training, even phallic fiddling (courtesy of young London). He describes the perils of learning to live monodextrously (doing everything with one hand while carrying your child around with the other) and the joys of watching his daughter morph into a graceful, wise, unique little person right before his eyes. By turns tender, irreverent, and hysterically funny, *Daddy Needs a Drink* is a hilarious and poignant tribute to his family by a man who truly

When twenty-one-year-old Georgia Miller returns to her small hometown after finishing college, her irresponsible, impulsive behavior quickly earns her a firm scolding and a sound spanking from handsome local rancher Sam Taylor. Despite her sore bottom, however, the punishment leaves Georgia deeply aroused, and before long she has agreed to have dinner with him. Though Sam has been a bachelor for a good number of years and it's all he can do to take care of a ranch on his own, there's something about Georgia's carefree nature and fun-loving smile that he can't resist. Before he knows it, he finds himself holding her in his arms, spanking her when she is naughty, and treating her like his little girl. Georgia delights in Sam's attention, and when he makes love to her it is better than she could have ever imagined, but can she count on him to be there to correct and comfort her even after she makes a really big mistake? Publisher's Note: Georgia's Daddy includes spankings, sexual scenes, and age play. If such material offends you, please don't buy this book.

ordinary is disturbed, when daily life buckles, revealing the perversity and violence pulsing under the surface. She explores characters navigating the edge, the limits of themselves and those around them: power dynamics in families, in relationships, the distance between their true and false selves. They want connection, but what they provoke is often closer to self-sabotage. What are the costs of one's choices? Of the moments when we act, or fail to act? These complexities are at the heart of *Daddy*, Emma Cline's sharp-eyed illumination of the contrary impulses that animate our inner lives.

From the author of *Bellefleur*: A “psychologically incisive” glimpse into the mind of a deranged predator and the boy he abducts to be his son (Booklist). Robbie Whitcomb is five years old when he's taken from his mother in a mall parking lot. In her attempt to chase the kidnapper, she's left badly injured and permanently disfigured. Such are the methods of the man who calls himself Daddy Love—a man known to the rest of the world as charismatic preacher Chester Cash. For the next six years, Robbie is to be Daddy's son. That means doing whatever Daddy says—and giving him whatever he wants. Soon Robbie learns to accept his new name, Gideon. He also learns that he is not the first of Daddy Love's sons. And that each of the others, after reaching a certain age, was never seen again. As Robbie's mother recovers from her wounds, her life and marriage are a daily struggle. But as years go by, she maintains a flicker of hope that her son is still alive. Meanwhile, Robbie approaches the “bittersweet age” with no illusions about his fate. But somewhere within this tortured child lies a spark of rebellion. And he knows all too well what survival requires. “After all these years, Joyce Carol Oates can still give me the creeps.” —Marilyn Stasio, *The New York Times Book Review* “A lean and disturbing tale that reverberates after its ending.” —*The Columbus*

Every page contains two or three ideas that fathers can use right away to create unforgettable family memories. Best of all, these ideas are simple to do--most of them require very little time or money. Oliver Watson's world suddenly dissolves around him when Sarah, his wife of eighteen years, returns to Harvard to get her master's degree. Oliver is left on his own, with three children and a freedom he never wanted and doesn't completely understand. His family's needs and demands suddenly consume his life. When Oliver's mother is diagnosed as having Alzheimer's disease and dies soon thereafter, Oliver's father's life is changed as well. Braver than his son with less of a future before him, George Watson, at seventy-two, quickly embraces new relationships and, eventually, a new life. The sudden changes come as a shock to both father and son. Ben, Oliver's oldest son, rejects his father and reaches outward, under the illusion that he is grown-up and can make it on his own. Melissa, the middle child, blames Oliver for her mother's desertion. And Sam, the "baby," is too shaken to deal with it at all. Now the only parent, Daddy must somehow cope this, his troubled family and explore a world of new responsibilities, new women, and new experiences. Each of the three men must start a new life: Oliver in New York and then in Los Angeles with his children; once he faces the biggest change in his life; his widowed father with the woman next door; and

examines the place of fathers in contemporary culture with her characteristic mix of intellectual boldness and capacity for nuance, and her elegant, searching prose. In this long essay, Angel asks how the mixture of love and hatred we feel towards our fathers--and patriarchal father figures--can be turned into a relationship that is generative rather than destructive. Moving deftly between developmental psychology and psychoanalysis (Winnicott and Freud), cultural visions of fathering from King Lear and Virginia Woolf to Ivanka Trump, and issues from incest to #MeToo, Angel probes the fraught bond of daughters and fathers, women and the patriarchal regime. What, she asks, is this discomfiting space of love and hate--and how are we to reckon with both fealty and rebellion?

Where Was Daddy When You Needed Him? The absence of fathers is an epidemic plaguing our society, affecting families from every corner of our world and from all walks of life.

Whether our fathers left us entirely during our childhood or were physically present but emotionally distant, those who missed out on an affirming, intimate father-love continue to experience the devastating consequences of that loss. • Are you angry at the world and don't know why? • Do you inadvertently sabotage relationships or smother those closest to you? • Do you rarely take risks or step out on faith? • Is there an undercurrent of anxiety in most tasks you perform? • Do you struggle to connect with God? • Do you have little or no self-confidence—or minimal self-worth? For women who answer yes to these questions, the common denominator is often an absent father. Far too many daughters have been stripped of a healthy relationship with their earthly dad. But

An ensemble of actors who are about to start rehearsing a play about the Moree race riots visit Endeavour Lane in Moree to get a feel of the lie of the land. This is where the young Aboriginal 'Cheeky' McIntosh was shot and killed during the infamous 1982 rumble between local whites and blacks. The leader/director/writer of the ensemble has a more intimate knowledge of the site. Back in 1982 he remembers playing cricket with his school chums using, as a lark, a wicket made up of a piece of the makeshift 'stockade' Cheeky and his mates tried to hole up behind. Now, while the actors mill around Endeavour Lane, an old man appears in their midst, sits down and declares he is waiting for a bus (Endeavour Lane is a dead end) to take him to the murder trial of the three Whites charged with Cheeky's death. The old man is Daddy, a local Moree elder. Is he out of his time? Is he trying to interfere with the ensemble's thinking about putting on a play about that night back in 1982? Is he

really waiting for a bus to take him to some trial about the riot? They might be the wiser if they could concentrate on what Daddy is saying rather than arguing amongst themselves. They do understand, though, that dabbling with the theatre is dabbling with an illusion that can be more real than reality, and just as killing. Still, they cannot understand why that full-scale riot at Myall Creek Massacre – even further back in 1838 -- should keep cropping up in what should have otherwise been their lazy'n'hazy Sunday morning, especially since not a line of script has been written yet. It begs the question about which Daddy down the millennia are they dealing with here? ----- Bill Reed is a novelist, playwright and short-story writer.
