Finalist for the 2018 National Council on Crime & Delinquency's Media for a Just Society Awards Nominated for the 49th NAACP Image Award for Outstanding Literary Work (Nonfiction) A 2017 Washington Post Notable Book A Kirkus Best Book of 2017 "Butler has hit his stride. This is a meditation, a sonnet, a legal brief, a poetry slam and a dissertation that represents the full bloom of his early thesis: The justice system does not work for blacks, particularly black men." —The Washington Post "The most readable and provocative account of the consequences of the war on drugs since

Michelle Alexander's *The New Jim Crow . . .*” —The New York Times Book Review “Powerful . . . deeply informed from a legal standpoint and yet in some ways still highly personal” —The Times Literary Supplement (London) With the eloquence of Ta-Nehisi Coates and the persuasive research of Michelle Alexander, a former federal prosecutor explains how the system really works, and how to disrupt it Cops, politicians, and ordinary people are afraid of black men. The result is the Chokehold: laws and practices that treat every African American man like a thug. In this explosive new book, an African American former federal prosecutor shows that the system is working exactly the way it's supposed to. Black men are always under watch, and police violence is widespread—all with the support of judges and politicians. In his no-holds-barred style, Butler, whose scholarship has been featured on 60 Minutes, uses new data to demonstrate that white men commit the majority of violent crime in the United States. For example, a white woman is ten times more likely to be raped by a white male acquaintance than be the victim of a violent crime perpetrated by a black man. Butler also frankly discusses the problem of black on black violence and how to keep communities safer—without relying as much on police. Chokehold powerfully demonstrates why current efforts to reform law enforcement will not create lasting change. Butler's controversial recommendations about how to crash the system, and when it's better for a black man to plead guilty—even if he's innocent—are sure to be game-changers in the national debate about policing, criminal justice, and race

relations.

Composed in Naples in the 1530s, Juan de Valdés's *Diálogo de la lengua* occupies a special place in Spanish humanism, just as its author is widely acknowledged by Renaissance scholars as one of the most important intellectuals of 16th-century Western Europe. This edition reflects on the complex early history of the earliest extant primary text (MS 8629, held in the Spanish National Library), which is unanimously accepted as the most reliable of the three): whether or not it could have been copied in Valdés's lifetime, how and when it reached Spain from Naples (where it was written), its real intended recipients, its circulation amongst a circle of Castilian friends, and how it managed to evade the ubiquitous eyes of the Inquisition. Animalanzas incluye casi doscientos acertijos de Hispanoamérica, ideales para leer y reir en los ratos libres.
