After his last run-in with the fairies, Artemis had his mind wiped of his memories of the world below ground. But they have not forgotten about him. Once again, he must stop the human and fairy worlds from colliding - only this time, Artemis faces an enemy who may have finally outsmarted him.

Young Artemis has frequently used high-tech fairy magic to mastermind the most devious criminal activity of the new century. Now, at a conference in Iceland, Artemis has gathered the fairies to present his latest idea to save the world from global warming.

A second juvenile genius has discovered that fairies do exist, and she is determined to capture one for scientific study. And not just any fairy. The newcomer intends to trap a demon -- the most human-hating species unknown to man. Only an ancient time spell separates the demons from mankind -- and Artemis must prevent it from unravelling. If he fails, the bloodthirsty tribe will relaunch their quest to wipe every human from the planet.

Is this Armageddon time for Artemis Fowl? Opal Kobi, power-crazed pixie, is plotting to exterminate mankind and become fairy queen. If she succeeds, the spirits of long-dead fairy warriors will rise from the earth, inhabit the nearest available bodies and wreak mass destruction. But what happens if those nearest bodies include crows, or deer, or badgers - or two curious little boys by the names of Myles and Beckett Fowl? Yes, it's
