Katie's Cabbage is the inspirational true story of how Katie Stagliano, a third grader from Summerville, South Carolina, grew a forty-pound cabbage in her backyard and donated it to help feed 275 people at a local soup kitchen. In her own words, Katie shares the story of the little cabbage seedling and the big ideas of generosity and service that motivated her to turn this experience into Katie's Krops, a national youth movement aimed at ending hunger one vegetable garden at a time. Katie's Cabbage reminds us of how small things can grow and thrive when nurtured with tender loving and care and of how one person, with the support of family, friends, and community, can help make a powerful difference in the lives of so many. Katie's Cabbage was illustrated by Karen Heid, associate professor of art education at the University of South Carolina School of Visual Art and Design. Editorial assistance was provided by Michelle H. Martin, a dedicated gardener and the Augusta Baker Chair in Childhood Literacy at the University of South Carolina School of Library and Information Science. Patricia Moore-Pastides, First Lady of the University of South Carolina and author of *Greek Revival from the Garden: Growing and Cooking for Life*, offers a foreword about her friendship with Katie and her admiration of Katie's dream to end hunger one garden at a time. Featuring an array of new fabrics and expanded colors, this edition provides complete instructions for creating 20 museum-quality quilts that will become family treasures

using the latest range of Rowan fabrics.

Offers a collection of true facts about animals, food, science, pop culture, outer space, geography, and weather.

Baby Jaguar is missing. Read along with Dora as she looks for her friend!

Exiled from his province Cobb Ash for a crime he did not commit, Raspail becomes the most wretched of wolves, a ramblefoot. Now he must survive on his own navigating the treacherous outer fringes of the wolf provinces, dangerously close to where the new predator wages war on the wolf. It is here, in an anarchic enclave where meatdrunk ramblefoots plunder the bountiful treasures of man, that Raspail comes to prominence as a legend among wolves. But Raspail has no interest in power, only Kileo, the love he was torn from. With old foes waiting to assassinate him and Cob Ash recently allied with hostile neighbor Draguignon, Raspail will need to unite the lawless ramblefoots and conquer Cob Ash if he is to ever see Kileo again. With a keen eye for the extraordinary in nature, and a portrayal of wolf culture that is both meticulously researched and then fantastically extrapolated on, Ramblefoot is a thrilling adventure that will immerse you in its sprawling mythology from the first sentence.
