"This book supports my own 30-year crusade to demonstrate that games are an art form that undeniably rivals traditional arts. It gives detailed explanations of game art techniques and their importance, while also highlighting their

dependence on artistic aspects of game design and programming.” — John Romero, co-founder of id Software and CEO of Loot Drop, Inc. "Solarski's methodology here is to show us the artistic techniques that every artist should know, and then he transposes them to the realm of video games to show how they should be used to create a far more artful gaming experience ... if I were an artist planning to do video game work, I'd have a copy of this on my shelf." — Marc Mason, Comics Waiting Room Video games are not a revolution in art history, but an evolution. Whether the medium is paper or canvas—or a computer screen—the artist's challenge is to make something without depth seem like a window into a living, breathing world. Video game art is no different. Drawing Basics and Video Game Art is first to examine the connections between classical art and video games, enabling developers to create more expressive and varied emotional experiences in games. Artist game designer Chris Solarski gives readers a comprehensive introduction to basic and advanced drawing and design skills—light, value, color, anatomy, concept development—as well as detailed instruction for using these methods to design complex characters, worlds, and gameplay experiences. Artwork by the likes of Michelangelo, Titian, and Rubens are studied alongside AAA games like BioShock, Journey, the Mario series, and Portal 2, to demonstrate perpetual theories of depth, composition, movement,

Welcome to Jazz for the Curious Guitarist! If you are ready to finally learn to play real jazz guitar, then this book is for you. I will take you from the very beginning to show you the basics of jazz guitar playing through to an expert level of jazz in which you'll have full mastery over all jazz guitar chords that exist, basic & advanced scales & arpeggios, jazz rhythm, as well as music theory & jazz guitar theory. As we start, we'll learn the guitar basics to get ready for the jazz guitar lessons and I'll assume that you don't play guitar at all, in fact, that you're a complete beginner. Then we'll get into the jazz guitar lessons. The jazz guitar lessons are cumulative (each lesson builds on the previous lesson.) We will work extensively on jazz chords, jazz guitar scales, arpeggios, jazz rhythms, music theory, jazz guitar theory, and various jazz guitar concepts. Any kind of six-string guitar will work well for this course - electric guitar, acoustic guitar, or classical guitar. The world needs more jazz guitar players. This is going to be a lot of fun! Let's get started.

GIMP for Absolute Beginners gives us an easy way to use the power of GIMP, and enjoy digital photography and graphics without worrying about application features. GIMP is a powerful open source graphics and digital imaging application with almost all the features of its proprietary counterpart, Photoshop. But many of us are photographers and artists first, and we like to use our tools without having to think about them too much. GIMP for Absolute Beginners gets us to this stage without patronising users who haven't used GIMP before. But what can we actually do with photos and graphical images? These questions are answered in a photo projects chapter as well as a chapter on digital painting: Starting with making small changes to photos and adding information to them to creating paintings and drawings without photographic input. GIMP for Absolute Beginners covers the newest version of GIMP, version 2.8, so you can be sure the book covers the latest GIMP features. **The print version of this book is black

Learn to letter beautifully with watercolor. In this stunning follow-up to her highly praised and influential first book, *The Art of Brush Lettering*, lettering expert and workshop instructor Kelly Klapstein (popular on Instagram as @kellycreates) shares her secrets for mastering the essential techniques for creating lovely modern lettering and calligraphy with watercolor. Start with the basics, from choosing paints, brushes, and other supplies to preparing your paper for painting. Learn to handle watercolor paints with essential strokes and warm-ups. Explore painting letterforms in a variety of styles, from traditional to modern. Try a range of creative techniques, including blending ombrés and rainbows, creating pictorial letterforms, and combining watercolor with other mediums. Enhance your lettering with special touches by complementing it with handpainted backgrounds and simple illustrations. With *The Art of Watercolor Lettering*, you'll learn how to master the medium—and how to go with the watercolor flow—to create one-of-a-kind lettered art and calligraphy that reflect your unique personal style. Have you ever considered using Photoshop to create fine art? Photoshop is usually used for enhancing photos, but this extremely powerful software package is capable of so much more. Every feature, from brushes to background, can be customised and optimised for artistic effect. With a little guidance from a pro, your photoshop results can go from competent retouching of images to visually stunning re-interpretations of them,

turning everyday pictures into breathtaking works of art. In this beautiful and inspiring book, acclaimed artist, author and lecturer Susan Bloom shows you how to do just that. Starting with the fundamentals: creating your own artistic brushes and textured papers virtually, she goes on to demonstrate how to create a variety of classic artistic styles in Photoshop, with chapters on watercolours, pastels, charcoal and oil. Further chapters cover illustration techniques in photoshop, and using third-party software to create painterly effects. While the results are highly polished and realistic, this is not a book written specifically for artists. The techniques are aimed squarely at the Photoshop user looking to broaden their palette, with emphasis on altering photographs to create artwork, rather than creating artwork from scratch. Beautifully written, clearly laid out, and guaranteeing inspiring results, this book is a must-have for every Photoshop user. Produced in association with magazine ImagineFX, this book instructs readers on a step-by-step basis how to produce top quality digital fantasy images in a variety of styles from manga to gothic.
