

Board Resolution For Trust Associations Society Clubs

The Office of the Comptroller of the Currency (OCC) charters, regulates, and supervises all national banks and federal savings associations (collectively, banks), as well as federal branches and agencies of foreign banks. In regulating banks, the OCC has the power to: * examine the banks. * approve or deny applications for new charters, branches, capital, or other changes in corporate or banking structure. * take supervisory actions against banks that do not comply with laws and regulations or that otherwise engage in unsafe or unsound practices. The OCC also can remove officers and directors, negotiate agreements to change banking practices, and issue cease-and-desist (C&D) orders as well as civil money penalties (CMP). * issue rules and regulations, legal interpretations, and corporate decisions governing investments, lending, and other activities. Boards of directors play critical roles in the successful operation of banks. The OCC recognizes the challenges facing bank directors. The Director's Book: Role of Directors for National Banks and Federal Savings Associations helps directors fulfill their responsibilities in a prudent manner. This book provides an overview of the OCC, outlines directors' responsibilities as well as management's role, explains basic concepts and standards for safe and sound operation of banks, and delineates laws and regulations that apply to banks. To better understand a particular bank activity and its associated risks, directors should refer to the Comptroller's Handbook booklets, including the "Corporate and Risk Governance" booklet. For information generally found in board reports, including "red flags"--ratios or trends that may signal existing or potential problems--directors should refer to Detecting Red Flags in Board Reports: A Guide for Directors..

Preface 2012 edition: The United States Code is the official codification of the general and permanent laws of the United States. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First session, enacted between January 3, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited "U.S.C. 2012 ed." As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 USC 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office. -- John. A. Boehner, Speaker of the House of Representatives, Washington, D.C., January 15, 2013--Page VII.
