

Bruce Lee Jeet Kune Do Lees Commentaries On The Martial Way

The essential guide to the fighting method developed by Bruce Lee

"While much has been written about Bruce Lee as a martial arts instructor and as an actor, very little has ever appeared about the years he spent training with James Yimm Lee, a talented kung fu stylist. This training period left a lasting impression on the "Dragon's" ideology and shaped his outlook on the martial arts for years to come. This title offers an in-depth account of the emergence of Bruce Lee's Jeet Kune Do."--Publisher description.

Apply the combat science of Bruce Lee's revolutionary martial art! This martial arts manual describes his research into the how and why of Jeet Kune Do techniques. Bruce Lee wrote of "three stages of cultivation" that lie along the path to JKD mastery: The Stage of Innocence—this is the level of the absolute beginner. The Stage of Art—the student is immersed in the process of technical and physical training. The Stage of Artlessness—the stage of "highest art" in which the body is no longer hindered by the mind. As Bruce Lee would say, "It hits all by itself." To reach the final stage, the student must progress methodically through the Stage of Art—there are no shortcuts! Author Teri Tom guides you on this journey by revealing the science behind the moves in Jeet Kune Do repertoire. You'll learn how to protect yourself from injury, and maximize the effectiveness of the following core techniques and their variations: Straight Lead; Rear Cross; Hook; Uppercut; Straight Kick; Hook Kick; Side Kick; and Spinning Back Kick. You'll also learn about Bruce Lee's revolutionary approach to combat that takes advantage of human biomechanics; How to evade attacks, and use those evasive movements to launch counter-attacks; Natural ways to chain your moves into seamless combinations; The importance of developing mental and physical speed, footwork, cadence, good timing and judgment of distance; All techniques are traced to the original sources that inspired Bruce Lee.

Gathers the thoughts of the famous martial arts expert and actor about zen and the practical aspects of self-defense.

Some knew him as a friend... Some knew him as a teacher. Others simply knew him as an acquaintance. Whatever the capacity of ones relationship with Jesse Glover, you respected him as a man and a martial artist. When I began to appreciate the legacy of Bruce Lee and his art of Jeet Kune Do, I was always intrigued by the story of Bruce Lee's first friend and student in America. My studies of the "little dragon" first started in the mid-80's after I watched the movie, "The Big Boss". Initially Bruce Lee turned me off. In my limited view at the time, I felt besieged by article after article about a Chinese movie star in the various martial arts

magazines. After viewing this movie, Lee's popularity began to make sense. However, that was just the tip of the iceberg. Behind the movie icon was more than a man who appeared to be a skillful martial artist. Bruce Lee was the walking definition of a warrior. Every great man has a best friend. A guide. A confidant. Jesse Glover was not only Bruce Lee's first student; he was also all of the above when Lee first arrived in America. Their relationship was truly one of Yin and Yang, in that both gave each other something the other did not previously have. While Jesse was already an accomplished Judo man, he had little knowledge of the striking arts, which Lee could perform effortlessly. In return, Glover (along with most of the core Seattle group) enlightened Bruce on improving his confidence in public speaking, his mannerisms and to some extent, the foundation of Lee's art of Jeet Kune Do. Born on October 16th, 1934, Jesse Glover first met Bruce Lee as a student in Seattle, Washington. Bruce had to take some classes before he could enter college so they originally met through Edison Technical School (which is now Seattle Central Community College). From then on, the two were inseparable until around 1962. They were still friends, however their training had ended and both went on with their lives, made new buddies and were set on completely different courses for their future lives. They would continue to be social up until around 1965, when Jesse met with Bruce in Seattle during Brandon Lee's birthday party. Flash forward eight years: Bruce Lee had starred in a ground breaking television series called, "The Green Hornet", had opened and closed three martial arts schools, taught multiple Hollywood celebrities including James Coburn, Steve McQueen and Lee Marvin, coached three world Karate champions that included Mike Stone, Joe Lewis and the future action hero, Chuck Norris. And finally, Bruce Lee nearly single handedly invented a new genre of martial arts films. Meanwhile, Jesse Glover became a father to two daughters and began to blaze a mutually impressive, yet low key existence himself. Mr. Glover wrote, a now classic and hard to find book, "Bruce Lee: Between Wing Chun and Jeet Kune Do" and followed that book up with, "Bruce Lee's Non-Classical Gung Fu and "Non-Classical Gung Fu" (all self-published). He continued to teach a small group of students which eventually became a larger group. Jesse soon became a sought after seminar instructor around the world and produced some very popular and now hard to find videos on his fighting art. He became an advisor to the now defunct, Jun Fan Jeet Kune Do Nucleus and was a guest speaker at many of their events. In 2008 and 2009, he taught with Ted Wong (Bruce Lee's last private student) for the now legendary, "Disciples of the Dragon Seminar: First Student/Last Student" in St. Louis, Missouri. Jesse continued to teach seminars through out the world in addition to his instruction of his small group of students in his hometown of Seattle. In 2012, Jesse Glover passed away due after a long battle with cancer. His wisdom and knowledge continue to live on through his written words like those you are about to read from his 8 years of sharing his thoughts on my forum, The JKD Brotherhood.

Bruce Lee's daughter illuminates her father's most powerful life philosophies—demonstrating how martial arts are a perfect metaphor for personal growth, and how we can practice those teachings every day. "Empty your mind; be formless, shapeless like water." Bruce Lee is a cultural icon, renowned the world over for his martial arts and film legacy. But Lee was also a deeply

philosophical thinker, learning at an early age that martial arts are more than just an exercise in physical discipline—they are an apt metaphor for living a fully realized life. Now, in *Be Water, My Friend*, Lee's daughter Shannon shares the concepts at the core of his philosophies, showing how they can serve as tools of personal growth and self-actualization. Each chapter brings a lesson from Bruce Lee's teachings, expanding on the foundation of his iconic "be water" philosophy. Over the course of the book, we discover how being like water allows us to embody fluidity and naturalness in life, bringing us closer to our essential flowing nature and our ability to be powerful, self-expressed, and free. Through previously untold stories from her father's life and from her own journey in embodying these lessons, Shannon presents these philosophies in tangible, accessible ways. With Bruce Lee's words as a guide, she encourages readers to pursue their essential selves and apply these ideas and practices to their everyday lives—whether in learning new things, overcoming obstacles, or ultimately finding their true path. *Be Water, My Friend* is an inspirational invitation to us all, a gentle call to action to consider our lives with new eyes. It is also a testament to how one man's exploration and determination transcended time and place to ignite our imaginations—and to inspire many around the world to transform their lives.

In a civilized society, violence is rarely the answer. But when it is—it's the only answer. The sound of breaking glass downstairs in the middle of the night. The words, "Move and you die." The hands on your child, or the knife to your throat. In this essential book, self-protection expert and former military intelligence officer Tim Larkin changes the way we think about violence in order to save our lives. By deconstructing our assumptions about violence—its morality, its function in modern society, how it actually works—Larkin unlocks the shackles of our own taboos and arms us with what we need to know to prevent, prepare for, and survive the unthinkable event of life-or-death violence. Through a series of harrowing true-life stories, Larkin demonstrates that violence is a tool equally effective in the hands of the "bad guy" or the "good guy"; that the person who acts first, fastest and with the full force of their body is the one who survives; and that each and every one of us is capable of being that person when our lives are at stake. An indispensable resource, *When Violence is the Answer* will remain with you long after you've finished reading, as the bedrock of your self-protection skills and knowledge.

A continuation of the Jeet Kune Do: A to Z series. Chapter one concludes the exploration of jeet kune do's attacking methods by examining the use of feints and false attacks. From here, the book explores the art and science of counter attacking, including the use of interception, parry-and-counter, evade-and-counter, and jam-and-counter. This is followed by a breakdown of the various defensive skills used in jeet kune do, and the tactical elements of timing, distance, rhythm, cadence, and tempo. The book concludes with a discussion of the major philosophical tenets of jeet kune do as set out by Bruce Lee.

Although much has been written about Jeet Kune Do, the art of Bruce Lee remains an enigma, spawning endless debate about what constitutes the art and how it should be taught and applied. "Understanding Jeet Kune Do" is vastly different from the books on Bruce Lee's martial art that have preceded it, offering a fresh and simple look at the mystery that is Jeet Kune Do. In "Understanding Jeet Kune Do," author Jason Korol demonstrates: -that Jeet Kune Do is the science of self-defense - not a mere concept or, for that matter, just a conglomeration of other arts. -what the basis for a rationally consistent method of self-defense is and how Bruce Lee's Jeet Kune Do is consistent with that method. -a logically consistent definition of self-defense and explore its ethical, technical, and strategic corollaries. -why certain aspects of Lee's Jeet Kune Do must be taught as is - as the foundation of the method - or else it ceases to be Jeet Kune Do.

In the spring of 1959, eighteen-year-old Bruce Lee returned to San Francisco, the city of his birth. Although the martial arts were widely unknown in America, Bruce encountered a robust fight culture in the Bay Area, populated with talented and trailblazing practitioners such as Lau Bun, Chinatown's aging kung fu patriarch; Wally Jay, the innovative Hawaiian jujitsu master; and James Lee, the Oakland street fighter. Regarded by some as a brash loudmouth and by others as a dynamic visionary, Bruce spent his first few years back in America advocating for a modern approach to the martial arts, and showing little regard for the damaged egos left in his wake. The year of 1964 would be an eventful one for Bruce, in which he would broadcast his dissenting worldview before the first great international martial arts gathering, and then defend it by facing down Wong Jack Man—Chinatown's young kung fu ace—in a legendary behind-closed-doors showdown. These events were a catalyst to the dawn of martial arts in America and a prelude to an icon. Based on over one hundred original interviews, *Striking Distance* chronicles Bruce Lee's formative days amid the heated martial arts proving ground that thrived on San Francisco Bay in the early 1960s.

Revealing the secrets behind Bruce Lee's legendary martial arts system, this reference is the ideal guide to gaining technical proficiency in Jeet Kune Do. Focusing on drills for balance, timing, range, precision, and speed, this new volume combines its expertise with the fundamentals of its predecessor—basic stances, footwork, kicking, countering, and hand trapping—enhancing these original exercises with an accessible, step-by-step approach. Strikingly illustrated with a myriad of detailed photographs, this is an ideal companion for any martial arts enthusiast.

Let Asian boxing champion Dan Lee, leading instructors Bob Bremer, Ted Wong, and Dan Inosanto, and legendary scriptwriter Sterling Silliphant explain the many concepts and principles of the art in a clear manner that everyone can understand. Packed with dynamic photographs, this book presents the philosophy of the art of Jeet Kune Do.

"Bruce Lee was known as an amazing martial artist, but he was also a profound thinker. He left behind seven volumes of writing on everything from quantum physics to philosophy." — John Blake, CNN Named one of TIME magazine's "100 Greatest Men of the Century," Bruce Lee's impact and influence has only grown since his untimely death in 1973. Part of the seven-volume Bruce Lee Library, this

installment of the famed martial artist's private notebooks allows his legions of fans to learn more about the man whose groundbreaking action films and martial arts training methods sparked a worldwide interest in the Asian martial arts. Bruce Lee Artist of Life explores the development of Lee's thoughts about Gung Fu (Kung Fu), philosophy, psychology, poetry, Jeet Kune Do, acting, and self-knowledge. Edited by John Little, a leading authority on Lee's life and work, the book includes a selection of letters that eloquently demonstrate how Lee incorporated his thought into actions and provided advice to others. Although Lee rose to stardom through his physical prowess and practice of jeet kune do—the system of fighting he founded—Lee was also a voracious and engaged reader who wrote extensively, synthesizing Eastern and Western thought into a unique personal philosophy of self-discovery. Martial arts practitioners and fans alike eagerly anticipate each new volume of the Library and its trove of rare letters, essays, and poems for the light it sheds on this legendary figure. This book is part of the Bruce Lee Library, which also features: Bruce Lee: Striking Thoughts Bruce Lee: The Celebrated Life of the Golden Dragon Bruce Lee: The Tao of Gung Fu Bruce Lee: Letters of the Dragon Bruce Lee: The Art of Expressing the Human Body Bruce Lee: Jeet Kune Do Bruce Lee Jeet Kune Do is the iconic book presenting the martial art created by Bruce Lee as explained in the master's own words. In 1970, Bruce Lee suffered a back injury that confined him to bed. Rather than allowing this to slow his growth as a martial artist, he read feverishly on Eastern philosophy and Western psychology and self help books, constructing his own views on the totality of combat and life. It was during this time that Lee wrote 7 volumes containing his thoughts, ideas, opinions, and research into the art of unarmed combat, and how it applies to the everyday life. Some of this material was posthumously published in 1975, but much more existed. This landmark book serves as a more complete presentation of Bruce Lee's notes on his art of Jeet Kune Do. The development of his unique martial art form, its principles, core techniques, and lesson plans are presented here in Lee's own words. It also features Lee's illustrative sketches and his remarkable treatise on the nature of combat, success through martial arts, and the importance of a positive mental attitude in training. In addition, there are a series of "Questions Every Martial Artist Must Ask Himself," that Lee posed to himself and intended to explore as part of his own development, but never lived to complete. Jeet Kune Do: A Comprehensive Guide to Bruce Lee's Martial Way is a book every Bruce Lee fan must have.

Part of the Bruce Lee's Fighting Method series, this book demonstrates simple, effective methods for dodging and deflecting incoming blows. It offers advice for improving the speed, power, and accuracy of your kicks and punches.

"The straight punch is the core of Jeet Kune Do."—Bruce Lee The straight lead was a key element in Bruce Lee's development of his own personal style. It was designed to be uncomplicated, economical, and brutally effective but is not as simple as it might seem. Bruce Lee once described it the most difficult move in the Jeet Kune Do arsenal. Lee developed JKD as a response to the shortcomings he found in traditional martial arts, but it also includes elements of Western combat systems that he found effective. It incorporates contributions ranging from Jack Dempsey's approach to boxing to the fencing style of Aldo Nadi. In The Straight Lead: The Core of Bruce Lee's Jun Fan Jeet Kune Do, author Teri Tom describes the development of the straight punch in Western martial arts and describes Bruce Lee's refinement of the technique. It also offers a thorough instruction in the complexity and power of the move—showing martial artists of any discipline how to incorporate this devastating attack into their repertoire. With forewords by Shannon Lee Keasler and Ted Wong, chapters include: A Brief History of Straight Punching Evolution of Jeet Kune Do's Straight Lead The Stance Mechanics of the Straight Lead Footwork Why the Straight Lead? Application Speed Variations of the Straight Punch What Jun Fan Jeet Kune Do is Not Go to the Source An Interview with Ted Wong

This enduring bestseller, written over six months when Lee was bedridden with back problems, compiles philosophical aphorisms, technique explanations, and sketches by the master himself.

For all its freedoms, Jeet Kune Do has a unique structure that must be mastered in order to present an organized defense or mount an effective counterattack. This fundamental training manual provides instructions for learning the fundamental aspects of Jeet Kune Do, including basic footwork stances, defensive and offensive techniques, kicks, and the essential on-guard position. The central principle of interception is addressed along with the five-way attack and key modes of grappling. A useful glossary of English and Chinese terminology used in Jeet Kune Do rounds out this essential reference. This useful and informative book offers a detailed overview of Jeet Kune Do practice while explaining the specific moves readers will need to perfect their techniques. As a foundation, the book recalls the origination of Jeet Kune Do — the philosophy, history, and different styles of the martial art. This gives readers an important reference point on how the practice evolved. From there, the book explains how to choose a school, taking readers through their first class including the etiquette and dress requirements. The basic elements of the style — stances, footwork, upper body and lower body techniques, and grappling are all well represented and defined. Building upon this solid groundwork, the book informs readers of the five ways of attack, including the single direct attack, the attack by combination, the progressive indirect attack, the attack by drawing, and the hand immobilization attack. Fighting instructions include the tactical considerations of Jeet Kune Do practice such as defenses, counterattacks, and sparring. The book concludes with a comprehensive list of resources to help students further develop their knowledge of and training in Jeet Kune Do. In this book, Jerry Beasley, who has trained extensively with Lewis and dedicated years to the practice and study of jeet kune do, solves the puzzle of what jeet kune do actually is, as envisioned by Bruce Lee and practiced by succeeding generations of adherents. According to Lewis, "What Bruce Lee was able to do in a physical context, Dr. Beasley has successfully done in print." (Incorporates material from In Search of the Ultimate Martial Art and The Way of No Way.)

This book will serve way to decide what will work the best for you and what aspects of JKD you need to keep, as well as throw away. I feel that it would be impossible to learn this from your instructor, as he will mainly focus on what works best for him. I have been fortunate to have learned from many of the senior students of Bruce Lee and have noticed that they all focus on certain things and not on what some the others are doing. For some it may be the boxing aspects. For some it may be footwork. For others it was trapping energy and the Wing Chun elements. It was only when we started focusing on the Western fencing aspects of JKD that I was able to understand and focus on what has become my essence of JKD. Of course, an instructor cannot just hand you what will become your essence or foundation of your own JKD. This is something that you must discover for yourself as you work to become more a more efficient JKD practitioner. The purpose of this book is too show you most of what we teach in my garage and the basic principles behind each. Once you have worked on these you will come to realize what will work for you and what will not. Some of you will want to focus on distance and footwork. Others will feel comfortable crashing the line. Whatever works for you is the main thing. Just use the book as guideline to discover your own essential JKD.

Bruce Lee's original art (wing chun) and the art he developed (jeet kune do) are compared by Lee's associates. Includes stances and footwork, hand and leg techniques, tactics, and self-defense.
