How food industry lobbyists and a small group of scientists have successfully fought government efforts to reduce dangerous levels of sodium in our food. A high-sodium diet is deadly; studies have linked it to high blood pressure, strokes, and heart attacks. It's been estimated that excess sodium in the American diet causes as many as 100,000 deaths and many billions of dollars in avoidable health-care costs each year. And yet salt is everywhere in our diets—in packaged foods, fast foods, and especially meals at table-service restaurants. Why hasn't salt received the sort of public attention and regulatory action that sugar and fat have? In *Salt Wars*, Michael Jacobson explains how the American food industry and a small group of scientists have successfully fought government efforts to reduce dangerous levels of sodium in our food. Despite an abundance of research going back more than half a century showing that high-sodium diets lead to hypertension and other ills, a few scientists argue the opposite—that Americans consume a healthy amount of salt and that eating less would increase the risk of cardiovascular disease. This “man bites dog” take on sodium confused consumers and was enthusiastically taken up by food industry lobbyists. Jacobson, a salt wars combatant for more than forty years, explains what science actually says about salt intake and rebuts

“sodium skeptics.” He discusses what other countries are doing to cut dietary salt, and describes some recent victories in the United States. He advises readers how to reduce salt—warning them against “salt bombs” (Campbell's Chicken Noodle Soup, for example, packs an entire day's worth of sodium in one can)—and calls on them to suit up for the next battle in the salt wars.

A guidebook with a decidedly different approach, “Mousejunkies! 3rd Edition” is a collection of humorous travelogues and insider how-to secrets compiled after scores of trips to Walt Disney World. The book draws on the insights of a panel of Disney fanatics — The Mousejunkies — following dozens of personal vacations, trade shows and press trips in recent years. This third edition brings everything up to date with countless new tips, tricks, and tales. “Mousejunkies!” provides tips and travel plans told through personal accounts – something that sets it apart from all the other guides. All of the most important topics are covered: When to go, where to stay, what to do and where to eat. But readers will also learn Zen and the art of not melting down under the Florida sun, how to extract your family from Fantasmic with your sanity intact, where to catch a mid-afternoon catnap in the theme parks, and even how wrong things go when Epcotch strikes. “Mousejunkies!” is more than one travel writer’s experiences at one of the most popular vacation destinations in the world. The Mousejunkies are a group of seemingly well-adjusted adults who have found themselves inexplicably drawn to Walt Disney World, again and again. Each has taken his or her own path, finding their way separately. When the smoke cleared, the group found itself back in reality, staring at one another over a pile of discarded annual passes and a useless collection of novelty hats. The stories - wry, humorous and told with an affection gained through years of Disney addiction - paint vivid portraits of a creatively engineered world, where unexpected surprises create lasting memories. The tips – valuable information designed to help readers get more out of their vacations – are told with a sly wink and the desire to share the secrets that make trips to central Florida more memorable. From touring plans to tongue-in-cheek reviews of the theme parks’ restrooms, “Mousejunkies!” provides readers with useful information couched in obsessively-detailed narrative with a humorous touch.

Celebrated caterer Peter Callahan knows how to throw a party. With a career spanning more than two decades and a client list including celebrities, politicians, Fortune 500 companies, and New York City socialites, Peter has earned a reputation for creating hors d'oeuvres that are as inventive and beautiful as they are delicious. A two-sip shot cleverly matched to a small bite is an incredible icebreaker, especially when the appetizer is playfully served on an edible spoon or inside a miniature Chinese take-out container. Bite-size cheeseburgers are served on tiny home-baked poppy seed buns with all the trimmings. Mango-marinated shrimp are served individually on lollipop sticks sprinkled with fresh cilantro; diminutive plantain cones are filled with dollops of tuna tartare; and chicken is rolled into nori "cigarettes." And for an impressive encore, how about shots of coffee with sugar donuts, or mini bagels with lox and cream cheese paired with caviar cones and champagne? In *Bite by Bite*, his debut cookbook, Callahan welcomes readers to share in the fun and beauty of his creations, providing inspiration for parties—whether casual gatherings, dinner parties, baby showers, or formal occasions such as weddings and holiday soirees—and 100 recipes for the home cook, ranging from savory to sweet, comfort food to haute cuisine. According to Peter, being prepared is the key to pulling off a self-catered party like a professional. With that in mind, he has included a "Kitchen Tools and Conveniences" section, listing the key equipment that will help you create the delicious masterpieces in this book. In the recipes he also notes what can be made in advance, how best to schedule your time, and any emergency substitutions and shortcuts that will make life easier on the big day. Along the way, he divulges his secrets and inspiration, recounting stories of how he dreamed up dishes that he's catered for his impressive roster of celebrity clients. Full of creative recipes, unique party ideas, and vibrant food photography, *Bite by Bite* is your go-to source for inspired hors d'oeuvres and whimsical treats that will transform any gathering into an unforgettable event.

"A hilarious and moving story of unconventional entrepreneurialism, passion, and guts." --Danny Meyer, CEO of Union Square Hospitality Group; Founder of Shake Shack; Author of Setting the Table Original recipes by J. Kenji López-Alt of The Food Lab and Stella Parks of BraveTart James Beard Award-winning founder of Serious Eats Ed Levine finally tells the mouthwatering and heartstopping story of building--and almost losing--one of the most acclaimed and beloved food sites in the world. In 2005, Ed Levine was a freelance food writer with an unlikely dream: to control his own fate and create a different kind of food publication. He wanted to unearth the world's best bagels, the best burgers, the best hot dogs--the best of everything edible. To build something for people like him who took everything edible seriously, from the tasting menu at Per Se and omakase feasts at Nobu down to mass-market candy, fast food burgers, and instant ramen. Against all sane advice, he created a blog for \$100 and called it...Serious Eats. The site quickly became a home for obsessives who didn't take themselves too seriously. Intrepid staffers feasted on every dumpling in Chinatown and sampled every item on In-N-Out's secret menu. Talented recipe developers like The Food Lab's J. Kenji López-Alt and Stella Parks, aka BraveTart, attracted cult followings. Even as Serious Eats became better-known--even beloved and respected--every day felt like it could be its last. Ed secured handshake deals from investors and would-be acquirers over lunch only to have them renege after dessert. He put his marriage, career, and relationships with friends and family at risk through his stubborn refusal to let his dream die. He prayed that the ride would never end. But if it did, that he would make it out alive. This is the moving story of making a glorious, weird, and wonderful dream come true. It's the story of one food obsessive who followed a passion to terrifying, thrilling, and mouthwatering places--and all the serious eats along the way. Praise for Serious Eater "Read[s] more like a carefully crafted novel than a real person's life." --from the foreword by J. Kenji López-Alt "Wild, wacky, and entertaining...The book makes you hungry for Ed to succeed...and for

lunch." --Christina Tosi, founder of Milk Bar "Serious Eater is seriously good!...you'll be so glad [Ed] invited you to a seat at his table." --Ree Drummond, author of The Pioneer Woman Cooks "After decades of spreading the good food gospel we get a glimpse of the missionary behind the mission." --Dan Barber, chef, Blue Hill and Blue Hill at Stone Barns

* Practical strategies for avoiding dangerous bear encounters * Debunks commonly held myths about people and bears * Provides tested strategies to help you avoid conflict with black bears and grizzlies Bear expert Dave Smith gives you the basics -- like how to choose a good campsite and properly store your food so that you don't have to worry whether that pepper spray you brought will work on the bear that wanders into camp. He debunks commonly held myths about people and bears. For instance, menstruating women don't have to stay out of bear country, he says. And no, don't roll up in a ball when faced with a charging bear. So much of conventional wisdom about bears is often just plain bad advice; Smith tells you what you should do instead and why. He also reviews specific outdoor activities -- from fishing to mountain biking to hiking with young children to trail running -- assessing the likelihood of bear encounters and suggesting tactics for coping in different settings and situations. This second edition incorporates new research (Do bear bells work? Does tent color or shape make a difference in attracting bears?) and adds more charts and sidebars to make material accessible at a glance. Smith provides key information on bear behavior and biology to help you understand, rather than fear, this most misunderstood animal. This book is in the Mountaineers Outdoor Basics series.
