The highly complex nature of contemporary business environment, approached from both the theoretical and practical standpoint, does not cease to prove that research into business studies cannot be dissociated from the cultural and linguistic context. The chapters included in this book were contributed by academics and practitioners alike, which offers a balanced approach to the topic and ensures high levels of diversity together with an undeniable homogeneity. They were gathered with a view to show various aspects of business language, perceived both as a medium of communication and as a subject of research and teaching. They are concerned with business culture as well, including business ethics and representations of business in popular culture. Owing to its multidisciplinary approach, the book presents a roadmap towards successful functioning in business settings, highlighting such issues as education for business purposes, the study of language used in business contexts, the aspects of cross-cultural communication, as well as ethical behaviour based upon different values in multicultural business environments. Given its multifarious character, the book surely appeals not only to academics, but also to the interested laymen and students who wish to expand their knowledge of business studies and related phenomena.

Workplace English language training programs represent a corporate investment in language skills enhancement and human capital development. This book evaluates English language training programs in Chinese workplaces by examining a range of training effectiveness variables and identifying the factors that facilitate or hinder effective learning outcomes for workplace English training programs and explores the potential benefits of these programs. This book will benefit both companies that are developing their training and development strategies and private training organizations that are developing training programs for particular industry and business needs. It will also be an excellent resource for learners who are seeking business English communication skills opportunities and trainers who are refining their workplace teaching practice. This book reiterates the significance of business English communication skills development programs in terms of the benefits to economic globalization, human capital development, employability, sustainable livelihoods, and lifelong learning in China. Having conducted a policy evaluation at both the national and local levels, this book also informs policy stipulation for corporate employee language training schemes. Although this book primarily examines corporate experience in China, the findings and recommendations will have important implications for other countries in Asia and worldwide.
