Celebrate the thirtieth anniversary of the Newbery Honor–winning survival novel *Hatchet* with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. *Hatchet* has also been nominated as one of America’s best-loved novels by PBS’s *The Great American Read*. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother’s infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

Seymour Reit re-creates the true story of Will Knox, a nineteen-year-old boy who undertook the daring and dangerous task of transporting 183 cannons from New York’s Fort Ticonderoga to Boston—in the dead of winter—to help George Washington win an important battle.

Year • A wondrous and shattering novel that follows twelve characters from Native communities: all traveling to the Big Oakland Powwow, all connected to one another in ways they may not yet realize. Among them is Jacquie Red Feather, newly sober and trying to make it back to the family she left behind. Dene Oxendene, pulling his life together after his uncle's death and working at the powwow to honor his memory. Fourteen-year-old Orvil, coming to perform traditional dance for the very first time. Together, this chorus of voices tells of the plight of the urban Native American—grappling with a complex and painful history, with an inheritance of beauty and spirituality, with communion and sacrifice and heroism. Hailed as an instant classic, *There There* is at once poignant and unflinching, utterly contemporary and truly unforgettable.

In recent years, political discourse about gun control and the Second Amendment has become increasingly volatile and this collection of original essays by top scholars illuminates the various reasons why. Gun lobbies such as the National Rifle Association are more organized and aggressive and their issue agenda has evolved as new and more powerful weapons and militia appear. On the other side of the debate, the critical wounding of James Brady gave gun control advocates a visible martyr with strong ties to Republican conservatives. In sum, gun control and the right to bear arms have become hotly disputed issues where political alignments are constantly shifting. The contributors chart these changes and explore how Congress, the courts, the President, and individual states are currently addressing the issue of gun control. This book, which includes profiles and examinations of relevant interest groups, the gun control coalition, recent Supreme Court decisions, and public opinion surveys, will be of great interest to classes in political science, American government, law, and sociology.

Although they knew nothing of his background, the Starretts offered their hospitality to Shane when he came to Wyoming in 1889

'Things Fall Apart' tells the story of Okonkwo, an important man in the Igbo tribe in the days when white men were first on the scene. Okonkwo becomes exiled from his tribe, as a result of his pride and his fears, with tragic consequences. Don't miss this summary of Jared Diamond's epic research into why some civilizations prosper and conquer, while others wither and disappear. His exhaustive tome, "Guns, Germs, and Steel" delves deep into the differentiating factors affecting humanity around the world since the beginning of recorded history. This FastReads Summary provides full chapter synopses, key takeaways, and analysis to help you cut to the core of this dense text and truly understand what has led society as a whole to where it is today. What Will You Learn from Reading This Book? Where humanity began and how it spread throughout the world What environmental factors affected the development of different societies around the world How agriculture and early food production led to the development of complex societies How large mammal domestication led to the development of infectious diseases that gave colonists an advantage over indigenous peoples How large-scale agriculture allowed societies to support non-food-producing individuals that developed important technologies What happens when two societies with their own agendas come in contact with each other for the first time What we can learn about the current state of the world with the clarity of hindsight that this book provides

Book Summary Overview In "Guns, Germs, and Steel" readers have the chance to examine the course of human history on the broadest scale. Starting with the dawn of humanity and our spread out of Africa, Jared Diamond explains how the environmental, geographical, and ecological differences that were endemic to specific parts of the world led to differences in the development of the peoples in those parts of the world. This exhaustive tome leaves no stone unturned as Diamond searches for the answers to questions that have been asked time and again throughout history. he's going to murder the guy who killed his brother. A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer. A tool for RULE. Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an

Sixteen-year-old Starr Carter moves between two worlds: the poor neighborhood where she lives and the fancy suburban prep school she attends. The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. Want more of Garden Heights? Catch Maverick and Seven's story in *Concrete Rose*, Angie Thomas's powerful prequel to *The Hate U*

Give.

Richard Wright [RL 6 IL 10-12] A poor black boy acquires a very disturbing symbol of manhood--a gun. Theme: maturing. 38 pages. Tale Blazers.

Juvenile Offenders and Guns explores how and why twenty-five incarcerated young men of color acquired and used guns, and how guns made them feel. Guns have multiple meanings and serve many purposes for these youth as they attempt to construct a capable masculinity in their worlds, growing up in homes where money is often scarce and fathers absent.

The Searing Portrayal Of War That Has Stunned And Galvanized Generations Of Readers An immediate bestseller upon its original publication in 1939, Dalton Trumbo's stark, profoundly troubling masterpiece about the horrors of World War I brilliantly crystallized the uncompromising brutality of war and became the most influential protest novel of the Vietnam era. Johnny Got His Gun is an undisputed classic of antiwar literature that's as timely as ever. "A terrifying book, of an extraordinary emotional intensity."--The Washington Post "Powerful. . . an eye-opener." --Michael Moore "Mr. Trumbo sets this story down almost without pause or punctuation and with a fury amounting to eloquence."--The New York Times "A book that can never be forgotten by anyone who reads it."--Saturday Review

The NRA steadfastly maintains that the 30,000 gun-related deaths and 300,000 assaults with firearms in the United States every year are a small price to pay to guarantee freedom. As former NRA President Charlton

Acces PDF Chapter Summaries For Guns For General Washington

Heston put it, "freedom isn't free." And when gun enthusiasts talk about Constitutional liberties guaranteed by the Second Amendment, they are referring to freedom in a general sense, but they also have something more specific in mind---freedom from government oppression. They argue that the only way to keep federal authority in check is to arm individual citizens who can, if necessary, defend themselves from an aggressive government. In the past decade, this view of the proper relationship between government and individual rights and the insistence on a role for private violence in a democracy has been co-opted by the conservative movement. As a result, it has spread beyond extreme "militia" groups to influence state and national policy. In *Guns, Democracy, and the Insurrectionist Idea*, Josh Horwitz and Casey Anderson reveal that the proponents of this view base their argument on a deliberate misreading of history. The Insurrectionist myth has been forged by twisting the facts of the American Revolution and the founding of the United States, the denial of civil rights to African-Americans after the Civil War, and the rise of the Third Reich under Adolf Hitler. Here, Horwitz and Anderson set the record straight. Then, challenging the proposition that more guns equal more freedom, they expose Insurrectionism---not government oppression---as the true threat to freedom in the U.S. today. Joshua Horwitz received a law degree from George Washington University and is currently a visiting scholar at the Johns Hopkins Bloomberg School of Public Health. He is Executive Director of the Coalition to Stop Gun Violence and the Educational Fund to Stop Gun Violence. He has

Acces PDF Chapter Summaries For Guns For General Washington

spent nearly two decades working on gun violence prevention issues. He lives in Arlington, Virginia. Casey Anderson holds a law degree from Georgetown University and is currently a lawyer in private practice in Washington, D.C. He has served in senior staff positions with the U.S. Congress, the Coalition to Stop Gun Violence, and Americans for Gun Safety. He lives in Arlington, Virginia.

The Small Arms Survey 2014 considers the multiple roles of women in the context of armed violence, security, and the small arms agenda. The volume's thematic section comprises one chapter on violence against women and girls - with a focus on post-conflict Liberia and Nepal - and another on the recent convergence of the small arms agenda with that of women, peace and security. Complementing these chapters are illustrated testimonies of women with experience as soldiers, rebels and security personnel. The 'weapons and markets' section assesses the potential impact of the Arms Trade Treaty, presents the 2014 Transparency Barometer and an update on the authorised small arms trade, and analyses recent ammunition explosions in the Republic of the Congo. Additionally, it examines ammunition circulating in Africa and the Middle East, maps the sources of insurgent weapons in Sudan and South Sudan, and evaluates crime gun records in the United States.

A treasured antique rifle gets into the wrong hands in this YA novel by the Newbury Award-winning author: “a truly mesmerizing tale, from beginning to end” (Publishers Weekly). In 1768, gunsmith Cornish McManus

Acces PDF Chapter Summaries For Guns For General Washington

painstakingly crafted his masterpiece: a rifle of extraordinary beauty and accuracy. Though he knows he will never be able to replicate it, Cornish is forced to sell it to a man named John Byam, who carried it with pride into the Revolutionary War. Passed down through generations, the beloved rifle ends up decorating the mantle of a modern-day mechanic and father named Harv. But what happens then is shocking, terrifying, and completely devastating. Reader's guide included A new edition, including the story of the founding of the Harlem Children's Zone Long before the avalanche of praise for his work—from Oprah Winfrey, from President Bill Clinton, from President Barack Obama—long before he became known for his talk show appearances, Members Project spots, and documentaries like Waiting for “Superman”, Geoffrey Canada was a small boy growing up scared on the mean streets of the South Bronx. His childhood world was one where “sidewalk boys” learned the codes of the block and were ranked through the rituals of fist, stick, and knife. Then the streets changed, and the stakes got even higher. In his candid and riveting memoir, Canada relives a childhood in which violence stalked every street corner.

"Fascinating.... Lays a foundation for understanding human history."—Bill Gates In this "artful, informative, and delightful" (William H. McNeill, *New York Review of Books*) book, Jared Diamond convincingly argues that geographical and environmental factors shaped the modern world. Societies that had had a head start in food production advanced beyond the hunter-gatherer stage, and then developed religion --as well as nasty

Access PDF Chapter Summaries For Guns For General Washington

germs and potent weapons of war --and adventured on sea and land to conquer and decimate preliterate cultures. A major advance in our understanding of human societies, *Guns, Germs, and Steel* chronicles the way that the modern world came to be and stunningly dismantles racially based theories of human history. Winner of the Pulitzer Prize, the Phi Beta Kappa Award in Science, the Rhone-Poulenc Prize, and the Commonwealth Club of California's Gold Medal.

Introduction
I wrote this book to share what I have learned in gun handling and to give some idea, not only to women but also to men, of how a woman perceives this man-dominated “gadget” or equipment. I would say that 99% of women who know how to handle a gun or

Acces PDF Chapter Summaries For Guns For General Washington

who are engaged in practical shooting as a sport, were influenced by a male in their lives whether it is the father, husband, brother, boyfriend, uncle or a male friend. Gun ownership, inarguably, is a man's world. But, it did not say that women cannot dip their fingers to it, if it is necessary, or even if she was just plain interested. In my case, the guilty party was my husband who suavely got my nod, first, for him to own a gun and later on, to join him on his shooting practice, tournaments and gun shows. I have to admit that in the beginning, I would cringe whenever I would see him working on his gun (and later on guns). I always have this thought that it will discharge accidentally and someone could get hurt. At that time, I could not even hold a gun. But then, gradually, I warmed up to it ---- I started holding the gun (no bullets, of course) until later on, my husband would be training me on how to hold it properly, how to get the right stance and eventually how to fire it. Believe it or not, within months, I was going with him on his practice shooting and tournaments. At first, I was the photographer and videographer. Eventually, I would be doing my own practice sessions and would join him on tournaments.

Guns and Crime: The Data Don't Lie investigates the ways in which the current data on guns and crime are inadequate and inaccurate. Although the majority of murders in the United States are committed with guns, research on gun ownership, the supply of guns, and the relationship between guns and crime is less thorough than studies done for many other aspects of public safety policy. This book explores the weaknesses in current findings, and extrapolates the implications of policymaking based on these faulty

Acces PDF Chapter Summaries For Guns For General Washington

foundations. As the gun debate continues to rage in North America, this text offers a cautionary voice to the discourse—before practitioners and policy makers can create a solution to gun violence, they must first improve the quality of the facts they use to make their case. Intended for criminology, statistics, sociology, and economics students, *Guns and Crime* is also suitable for interested laypersons and practitioners hoping to better understand the mythos surrounding guns in America.

So much to read, so little time? This brief overview of *Guns, Germs, and Steel* tells you what you need to know—before or after you read Jared Diamond's book. Crafted and edited with care, Worth Books set the standard for quality and give you the tools you need to be a well-informed reader. This short summary and analysis of *Guns, Germs, and Steel* by Jared Diamond includes: Historical context Chapter-by-chapter summaries Detailed timeline of key events Important quotes Fascinating trivia Glossary of terms Supporting material to enhance your understanding of the original work

About *Guns, Germs, and Steel* by Jared Diamond: Professor Jared Diamond's informative and fascinating Pulitzer Prize-winning *Guns, Germs, and Steel* explores a historic question: Why were the Eurasian peoples able to dominate those from other lands? Diamond argues that it was ecology and geography—not race—that shaped the modern world. Societies that developed in regions with fertile land for farming and that had domesticable plants and animals were able to progress more quickly, thereby creating the tools to conquer preliterate cultures. Drawing on a variety of disciplines—from linguistics, genetics, and epidemiology to biology, anthropology, and technology—*Guns, Germs, and Steel* offers an eloquently argued view of the development of human societies. The summary and analysis in this ebook are intended to complement your reading experience and bring

Acces PDF Chapter Summaries For Guns For General Washington

you closer to a great work of nonfiction.

"It is absolutely unique--without question the most fascinating Civil War novel I have ever read." Professor James M. McPherson Pulitzer Prize-winning BATTLE CRY OF FREEDOM January 1864--General Robert E. Lee faces defeat. The Army of Northern Virginia is ragged and ill-equipped. Gettysburg has broken the back of the Confederacy and decimated its manpower. Then, Andries Rhodie, a strange man with an unplaceable accent, approaches Lee with an extraordinary offer. Rhodie demonstrates an amazing rifle: Its rate of fire is incredible, its lethal efficiency breathtaking--and Rhodie guarantees unlimited quantities to the Confederates. The name of the weapon is the AK-47.... Selected by the Science Fiction Book Club A Main Selection of the Military Book Club

Most shocking anti-war novel ever written.

For years proposals for gun control and the ownership of firearms have been among the most contentious issues in American politics. For public authorities to make reasonable decisions on these matters, they must take into account facts about the relationship between guns and violence as well as conflicting constitutional claims and divided public opinion. In performing these tasks, legislators need adequate data and research to judge both the effects of firearms on violence and the effects of different violence control policies. Readers of the research literature on firearms may sometimes find themselves unable to distinguish scholarship from advocacy. Given the importance of this issue, there is a pressing need for a clear and unbiased assessment of the existing portfolio of data and research. Firearms and Violence uses conventional standards of science to examine three major themes - firearms and violence, the quality of research, and the quality of data available. The book assesses the strengths and limitations of current databases, examining current

Acces PDF Chapter Summaries For Guns For General Washington

research studies on firearm use and the efforts to reduce unjustified firearm use and suggests ways in which they can be improved.

In eight case studies by leading scholars in history, archaeology, business, economics, geography, and political science, the authors showcase the “natural experiment” or “comparative method”—well-known in any science concerned with the past—on the discipline of human history. That means, according to the editors, “comparing, preferably quantitatively and aided by statistical analyses, different systems that are similar in many respects, but that differ with respect to the factors whose influence one wishes to study.” The case studies in the book support two overall conclusions about the study of human history: First, historical comparisons have the potential for yielding insights that cannot be extracted from a single case study alone. Second, insofar as is possible, when one proposes a conclusion, one may be able to strengthen one’s conclusion by gathering quantitative evidence (or at least ranking one’s outcomes from big to small), and then by testing the conclusion’s validity statistically.

"Pearl's mother took her away from her family just weeks after she was born, and drove off to central Florida determined to begin a new life for herself and her daughter--in the parking lot next to a trailer park. Pearl grew up in the front seat of their '94 Mercury, while her mother lived in the back. Despite their hardships, mother and daughter both adjusted to life, making friends with the residents of the trailers and creating a deep connection to each other"--Amazon.com.

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through

Acces PDF Chapter Summaries For Guns For General Washington

burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

SuperSummary, a modern alternative to SparkNotes and CliffsNotes, offers high-quality study guides for challenging works of literature. This 76-page guide for "The Guns Of August" by Barbara W. Tuchman includes detailed chapter summaries and analysis covering 22 chapters, as well as several more in-depth sections of expert-written literary analysis. Featured content includes commentary on major characters, 25 important quotes, essay topics, and key themes like Mistakes and Supplies.

Jeff Bussey walked briskly up the rutted wagon road toward Fort Leavenworth on his way to join the Union volunteers. It was 1861 in Linn County, Kansas, and Jeff was elated at the prospect of fighting for the North at last. In the Indian country south of Kansas there was dread in the air; and the name, Stand Watie, was on every tongue. A hero to the rebel, a devil to the Union man, Stand Watie led the Cherokee Indian Na-tion fearlessly and successfully on savage raids behind the Union lines. Jeff came to know the Watie men only too well. He was probably the only soldier in the West to see the

Acces PDF Chapter Summaries For Guns For General Washington

Civil War from both sides and live to tell about it. Amid the roar of cannon and the swish of flying grape, Jeff learned what it meant to fight in battle. He learned how it felt never to have enough to eat, to forage for his food or starve. He saw the green fields of Kansas and Okla-homa laid waste by Watie's raiding parties, homes gutted, precious corn deliberately uprooted. He marched endlessly across parched, hot land, through mud and slash-ing rain, always hungry, always dirty and dog-tired. And, Jeff, plain-spoken and honest, made friends and enemies. The friends were strong men like Noah Babbitt, the itinerant printer who once walked from Topeka to Galveston to see the magnolias in bloom; boys like Jimmy Lear, too young to carry a gun but old enough to give up his life at Cane Hill; ugly, big-eared Heifer, who made the best sourdough biscuits in the Choctaw country; and beautiful Lucy Washbourne, rebel to the marrow and proud of it. The enemies were men of an-other breed - hard-bitten Captain Clardy for one, a cruel officer with hatred for Jeff in his eyes and a dark secret on his soul. This is a rich and sweeping novel-rich in its panorama of history; in its details so clear that the reader never doubts for a moment that he is there; in its dozens of different people, each one fully realized and wholly recognizable. It is a story of a lesser -- known part of the Civil War, the Western campaign, a part different in its issues and its problems, and fought with a different savagery. Inexorably it moves to a dramat-ic climax, evoking a brilliant picture of a war and the men of both sides who fought in it.

SuperSummary, a modern alternative to SparkNotes and CliffsNotes, offers high-quality study guides for challenging works of literature.
