Here is the vibrant, colorful, high-stepping story of tap -- the first comprehensive, fully documented history of a uniquely American art form, exploring all aspects of the intricate musical and social exchange that evolved from Afro-Irish percussive step dances like the jig, gioube, buck-and-wing, and juba to the work of such contemporary tap luminaries as Gregory Hines, Brenda Bufalino, Dianne Walker, and Savion Glover. In *Tap Dancing America*, Constance Valis Hill, herself an accomplished jazz tap dancer, choreographer, and performance scholar, begins with a dramatic account of a buck dance challenge between Bill "Bojangles" Robinson and Harry Swinton at Brooklyn's Bijou Theatre, on March 30, 1900, and proceeds decade by decade through the 20th century to the present day. She vividly describes tap's musical styles and steps -- from buck-and-wing and ragtime stepping at the turn of the century; jazz tapping to the rhythms of hot jazz, swing, and bebop in the '20s, '30s and '40s; to hip-hop-inflected hitting and hoofing in heels (high and low) from the 1990s right up to today. Tap was long considered "a man's game," and Hill's is the first history to highlight such outstanding female dancers as Ada Overton Walker, Kitty O'Neill, and Alice Whitman, at the turn of the 20th century, as well as the pioneering women composers of the tap renaissance, in the 70s and 80s, and the hard-hitting rhythm-tapping women of the millennium such as Chloe Arnold, Ayodele Casel, Michelle Dorrance, and Dormeshia Sumbry Edwards. Written with uncanny foresight, the book features dancers who have become international touring artists and have performed on Broadway, won Emmy and Tony Awards, and received the prestigious Dance Magazine, Adele and Fred Astaire, and Jacob's Pillow Dance awards. Presented with all the verve and grace of tap itself and drawing on eyewitness accounts of early performances as well as interviews with today's greatest tappers, *Tap Dancing America* fills a major gap in American dance history and places tap firmly center stage.

Saxophonist Charlie Parker (1920-1955) was one of the most innovative and influential jazz musicians of any era. As one of the architects of modern jazz (often called "bebop"), Charlie Parker has had a profound effect on American music. His music reached such a high level of melodic, rhythmic, and harmonic sophistication that saxophonists and other instrumentalists continue to study it as both a technical challenge and an aesthetic inspiration. This revised edition of *Charlie Parker: His Music and Life* has been revised throughout to account for new Charlie Parker scholarship and previously unknown Parker recordings that have emerged since the book's initial publication. The volume opens by considering current research on Parker's biography, laying out some of the contradictory accounts of his life, and setting the chronology straight where possible. It then focuses on Parker's music, tracing his artistic evolution and major achievements as a jazz improviser. The musical discussions and transcribed musical examples include timecodes for easy location in recordings—a unique feature to this book.

A Caldecott Honor Book! A joyous celebration of family, community, and the unifying power of music, perfect for fans of *Last Stop on Market Street*. Nic is an aspiring musician whose life spans two different worlds--his suburban school where he wows his friends in orchestra, and the busy city streets of his home where he's jostled by the crowd. Nic makes his way home from a busy day at school with a double bass on his back, the symphony of his surroundings in his heart, and a sweet surprise for the reader at the end of his journey. This is a sweet, melodious picture book about how dedication, music, and family can overcome any obstacle.

*Jazz Improvisation Using Simple Melodic Embellishment* teaches fundamental concepts of jazz improvisation, highlighting the development of performance skills through embellishment techniques. Written with the college-level course in mind, this introductory textbook is both practical and comprehensive, ideal for the aspiring improviser, focused not on scales and chords but melodic embellishment. It assumes some basic theoretical knowledge and level of musicianship while introducing multiple techniques, mindful that improvisation is a learned skill as dependent on hard work and organized practice as it is on innate talent. This jargon-free textbook can be used in both self-guided study and as a course book, fortified by an array of interactive exercises and activities: musical examples performance exercises written assignments practice grids resources for advanced study and more! Nearly all musical exercises—presented throughout the text in concert pitch and transposed in the appendices for E-flat, B-flat, and bass clef instruments—are accompanied by backing audio tracks, available for download via the Routledge catalog page along with supplemental instructor resources such as a sample syllabus, PDFs of common transpositions, and tutorials for gear set-ups. With music-making at its core, *Jazz Improvisation Using Simple Melodic Embellishment* implores readers to grab their instruments and play, providing musicians with the simple melodic tools they need to "jazz it up."

Kansas City Lightning: The Rise and Times of Charlie Parker is the first installment in the long-awaited portrait of one of the most talented and influential musicians of the twentieth century, from Stanley Crouch, one of the foremost authorities on jazz and culture in America. Throughout his life, Charlie Parker personified the tortured American artist: a revolutionary performer who used his alto saxophone to create a new music known as bebop even as he wrestled with a drug addiction that would lead to his death at the age of thirty-four. Drawing on interviews with peers, collaborators, and family members, Kansas City Lightning recreates Parker's Depression-era childhood; his early days navigating the Kansas City nightlife, inspired by lions like Lester Young and Count Basie; and on to New York, where he began to transcend the music he had mastered. Crouch reveals an ambitious young man torn between music and drugs, between his domineering mother and his impressionable young wife, whose teenage romance with Charlie lies at the bittersweet heart of this story. With the wisdom of a jazz scholar, the cultural insights of an acclaimed social critic, and the narrative skill of a literary novelist, Stanley Crouch illuminates this American master as never before.

Designed for the musician who wants to become a professional arranger-composer. Includes a section of dance band harmony and voicing. "Any book on my life would start with my basic philosophy of fighting racial prejudice. I loved jazz, and jazz was my way of doing that," Norman Granz told Tad Hershorn during the final interviews given for this book. Granz, who died in 2001, was iconoclastic, independent, immensely influential, often thoroughly unpleasant—and one of jazz's true giants. Granz played an essential part in bringing jazz to audiences around the world, defying racial and social prejudice as he did so, and demanding that African-American performers be treated equally everywhere they toured. In this definitive biography, Hershorn recounts Granz's story: creator of the legendary jam session concerts known as Jazz at the Philharmonic; founder of the Verve record label; pioneer of live recordings and worldwide jazz concert tours; manager and recording producer for numerous stars, including Ella Fitzgerald and Oscar Peterson.

The life and legends of Charlie Parker, told through the perspectives of those who knew him: a brother, a fellow artist, a photographer, a lover, a student, and a record store owner.

"Charlie Parker, Composer is the first assessment of a major jazz composer's oeuvre in its entirety. Providing analytical discussion of each of Parker's works, this study combines music-theoretical, historical, and philosophical perspectives. A variety of analytical techniques are brought to bear on Parker's compositions, including application of a revised Schenkerian approach to the music that was developed through the author's prior publications. After a review of Parker's life emphasizing his musical training and involvement in composition, the book proceeds by considering the types of Parker pieces as categorized by overall form and harmony and the amount of preplanned music they contain. The historical circumstances of each piece are reviewed, and, in some cases, sources of the ideas of the most important tunes are explored. The introduction includes a discussion of the ontology of a jazz composition. The view is advanced that the Western concept of a music composition needs to be expanded to embrace practices typical of jazz composition and forming a significant part of Parker's work. While focusing on Parker's more conventional tunes, the book also considers his large-scale melodic formulas. Two formulas in particular are arguably compositional, since they are repeated in subsequent performances of the same piece. As part of the research for this book, all of Parker's copyright

submissions to the Library of Congress were examined and photographed. The book reproduces the four of them that were copied by Parker himself"--

Pulitzer Prize-winning poet Yusef Komunyakaa is well known for his jazz poetry, and this book is the first to bring together the verve and vitality of his oeuvre. The centerpiece of this volume is the libretto "Testimony." Paying homage to Charlie Parker, "Testimony" was commissioned for a radio drama with original music by eminent Australian composer and saxophonist Sandy Evans. Remarkably rich and evocative, encompassing a wide range of musical energy and performers, this moving affirmation of Parker's genius became a milestone in contemporary radio theater. Twenty-eight additional poems spanning the breadth of Komunyakaa's career are included, including two never previously published. Accompanying the poems are interviews and essays featuring Komunyakaa, Evans, radio producer Christopher Williams, jazz critic Miriam Zolin, jazz writer and editor Sascha Feinstein, and musical director, Paul Grabowsky. Sascha Feinstein writes the foreword. Check for the online reader's companion at [testimony.site.wesleyan.edu](http://testimony.site.wesleyan.edu). (This edition does not include any audio.)

"May be the best book ever written about jazz."—David Thomson, Los Angeles Times In eight poetically charged vignettes, Geoff Dyer skillfully evokes the music and the men who shaped modern jazz. Drawing on photos, anecdotes, and, most important, the way he hears the music, Dyer imaginatively reconstructs scenes from the embattled lives of some of the greats: Lester Young fading away in a hotel room; Charles Mingus storming down the streets of New York on a too-small bicycle; Thelonious Monk creating his own private language on the piano. However, music is the driving force of *But Beautiful*, and wildly metaphoric prose that mirrors the quirks, eccentricity, and brilliance of each musician's style.
