From USA Today Bestselling Author Aileen Erin Maité Martinez has always yearned for more than waitressing in a greasy diner, especially when most people have left the polluted ruins of Earth behind for a better life on other planets. It's not just working at the diner that's making life hard for her. Being a half-human, half-alien girl has never been trickier. With the corporate government hunting down the last of her father's alien Auanare race living on Earth, hiding her growing special abilities has become a full-time job on its own. Every minute Maité stays on Earth is one minute closer to getting caught. The stress is almost more than she can bear, and when a fancy Space Tech officer gets handsy with her at the diner, she reacts without thinking. Breaking the officer's nose wasn't her smartest move. Now she's faced with three years forced labor on the volcano planet, Abbadon. With the job she's slotted for, it may as well have been a death sentence. It doesn't take Maité long before she realizes there's more to the mining on Abbadon than Space Tech has let on. As she makes unlikely allies, Maité uncovers Space Tech's plot to nuke the Aunare homeworld. The firepower stored in Abbadon's warehouses is more than enough to do the job ten times over. As the clock ticks, Maité knows that if she can't find a way to stop Space Tech, there will be an interstellar war big enough to end all life in the universe. There's only one question: Can she stop the total annihilation of humanity without getting herself killed in the process?

From USA Today Bestselling Author Aileen Erin Tessa McCaide has had it up to here with supernaturals. Tessa's pack, including her mate Dastien, are ready to fight, but the ragtag group of shifters and witches are no match for Luciana's power. From USA Today Bestselling Author Aileen Erin For the first time since Tessa met Dastien, life is quiet. The evil witch, Luciana, is six glorious feet under, St. Ailbe's is closed due to human trespassers, and people are finally getting used to the fact that supernaturals exist in the world. It seems like the perfect time for a honeymoon. After traveling to Dastien's house in Provence, clubbing in Paris, and attending Meredith and Donovan's Full Moon Ceremony in Ireland, Tessa and Dastien head to the Caribbean. Their trip is turning out to be the honeymoon that fantasies are made of—sunset cruises, long walks on the beach, and every romantic cliché you can imagine. Tessa couldn't be happier. Except that Tessa's visions are on the fritz. She hopes that means that nothing is brewing. That everything is quiet because all is well. But Tessa's never been one to assume anything. When she's magically attacked and nearly dies, Tessa knows she can't ignore the signs anymore. Something huge is going on. As much as she doesn't want to call an end to their six-week honeymoon, it's time to head back to Texas. Whoever messed with Tessa is in for a rude awakening. Because if there's one thing fighting rogue witches and werewolves has taught her, it's how to be Alpha. Nightpeople explores a society turned in upon itself and a future which readers will find both alien and disturbingly familiar. In *City of Saints and Madmen*, Jeff VanderMeer has reinvented the literature of the fantastic. You hold in your hands an invitation to a place unlike any you've ever visited—an invitation delivered by one of our most audacious and astonishing literary magicians. *City of elegance and squalor. Of religious fervor and wanton lusts. And everywhere, on the walls of courtyards and churches, an incandescent fungus of mysterious and ominous origin. In Ambergris, a would-be suitor discovers that a sunlit street can become a killing ground in the blink of an eye. An artist receives an invitation to a beheading—and finds himself enchanted. And a patient in a mental institution is convinced he's made up a city called Ambergris, imagined its every last detail, and that he's really from a place called Chicago....* By turns sensuous and terrifying, filled with exotica and eroticism, this interwoven collection of stories, histories, and “eyewitness” reports invokes a universe within a puzzlebox where you can lose—and find—yourself again. From the Trade Paperback edition.

Set in a world of goblin wars, stag-sized battle ravens, and assassins who kill with deadly tattoos, Christopher Buehlman's *The Blacktongue Thief* begins a 'dazzling' (Robin Hobb) fantasy adventure unlike any other. Kinch Na Shannack owes the Takers Guild a small fortune for his education as a thief, which includes (but is not limited to) lock-picking, knife-fighting, wall-scaling, fall-breaking, lie-weaving, trap-making, plus a few small magics. His debt has driven him to lie in wait by the old forest road, planning to rob the next traveler that crosses his path. But today, Kinch Na Shannack has picked the wrong mark. Galva is a knight, a survivor of the brutal goblin wars, and handmaiden of the goddess of death. She is searching for her queen, missing since a distant northern city fell to giants. Unsuccessful in his robbery and lucky to escape with his life, Kinch now finds his fate entangled with Galva's. Common enemies and uncommon dangers force thief and knight on an epic journey where goblins hunger for human flesh, krakens hunt in dark waters, and honor is a luxury few can afford. “The Blacktongue Thief is fast and fun and filled with crazy magic. I can't wait to see what Christopher Buehlman does next.” - Brent Weeks, New York Times bestselling author of the *Lightbringer* series At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

From USA Today Bestselling Author Aileen Erin comes the second book in the *Aunare Chronicles* Broken, beaten-down, and plagued by nightmares, Amihanna di Aetes is surrounded by the Aunare race that makes up the other half of her heritage, but she feels alien amongst them. She's not sure which is worse: SpaceTech's overt hatred of Aunare or the Aunare's covert hatred of halfers. She hears their whispers and sees her death reflected in their eyes. Amihanna doesn't know who to trust anymore, but she hasn't survived this long by ignoring the warning signs all around her, especially when her instincts are screaming to either flee or fight. With Amihanna's sudden return, questions arise among the Aunare: who should be blamed for a full-scale war with SpaceTech, how much danger will the war bring, and is Amihanna truly fit to be the next high queen? Honestly, Amihanna wants to forget the politics, her betrothal to Lorne, and the possibility of being queen. Her needs are much more basic. All she wants is a solid night's sleep where she doesn't wake up screaming with the phantom pain of her skin burning. All she needs is to live without fear of being torn away from her family. All she dreams is a chance at a future instead of constantly fighting for her right to live. And somehow everything leads her back to Lorne. He always seems to know when she's about to break under the pressure. His quiet patience is wearing Amihanna's walls down, and she's terrified of what will happen if they fall. hr "She always catches me off guard with how powerful her books end!...If you're looking for romance, action, and sci-fi, check out this series!" - Reviews by Lenniland "I'm dying for the next one." - Amy, FWISD

Sometimes my life doesn't feel real to me. It's so different—infinately better—than anything I had on Earth. I'm not running or hiding or afraid anymore. I'm not dealing with the trauma of my past. I'm not alone because I have Lorne. Every time I look into his eyes, everything else fades away—the war, the fight ahead, the fact that we have so much work to do if we want to win. I see him and I forget that SpaceTech is moving against us, but it's not just me I'm trying to save anymore. It's the Aunare. And yet, the Aunare High Council isn't listening to a word I say. I'm the only one who seems to understand the danger that we're up against, and that if we don't start acting soon, it'll be too late. I want to dissolve the High Council, but I'm not sure I should. I don't even know if I can. But I know that SpaceTech is closing in. Their war ships are stationed at the edges of our colonies' territory, and I can feel the fight growing closer every minute of every day. The time for us to act is coming, and I'm not sure how much more politicking I can do. That's not who I am. It's not who I'm meant to be. I can only be a fighter. A warrior. A queen. If no one else will fight with me, then I will do what I need to take down SpaceTech. Because I'm Amihanna di Aetes, the future High Queen of the Aunare, and I won't quit. Not ever. hr From Aileen Erin, the USA Today Bestselling Author of the *Alpha Girl* series, comes an epic adventure in space: *The Aunare Chronicles!* Book 1: *Off Planet* Book 2: *Off Balance* Book 3: *In Command* (an eBook Novella) Book 4: *On Mission* Book 5: *On Destiny* hr “On Mission is a truly spectacular continuation of the *Aunare Chronicles* leaving the reader only enough breath to clamor for more. I'm always wondering what will happen next.” - Tracy, Goodreads “Amihanna is a fantastic heroine. Independent but loyal to her team and partner. Brave, strong, in spirit and muscle, and someone who leads by example.... If I could give this book more than 5 stars I would!”- Sheila K, Goodreads

Kathe Koja's classic, award-winning horror novel is finally available as an ebook. Nicholas, a would-be poet, and Nakota, his feral lover, discover a strange hole in the storage room floor down the hall - "Black. Pure black and the sense of pulsation, especially when you look at it too closely, the sense of something not living but alive." It begins with curiosity, a joke - the Funhole down the hall. But then the experiments begin. "Wouldn't it be wild to go down there?" says Nakota. Nicholas says "We're not." But they're not in control, not from the first moment, as those experiments lead to obsession, violence, and a very final transformation for everyone who gets too close to the Funhole. THE CIPHER was the winner of the 1991 Bram Stoker Award, and was recently named one of io9.com's Top 10 Debut Science Fiction Novels That Took the World By Storm. Long out-of-print and much sought-after, it is finally available as an ebook, with a new foreword by the author. "An ethereal rollercoaster ride from start to finish." - The Detroit Free Press "Combines intensely poetic language and lavish grotesqueries." - BoingBoing "Kathe Koja is a poet ... [T]he kind that prefers to read in seedy bars instead of universities, but a poet." - The New York Review of Science Fiction "Her 20-something characters are poverty-gagged 'artists' who exist in that demimonde of shitty jobs, squalid art galleries, and thrift stores; her settings are run-down studios, flat-beer bars, and dingy urban streets [a] long way from Castle Rock, Dunwich, or Stepford, that's for sure." - Too Much Horror Fiction "This powerful first novel is as thought-provoking as it is horrifying." - Publishers Weekly "Unforgettable ... [THE CIPHER] takes you into the lives of the dark dreamers that crawl on the underbelly of art and culture. Seldom has language been so visceral and so right." - Locus "[THE CIPHER] is a book that makes you sit up, pay attention, and jettison your moldy preconceptions about the genre ... Utterly original ... [An] imaginative debut." - Fangoria "Not so much about the vast and wonderful strangeness of the universe as it is about the horrific and glorious potential of the human spirit." - Short Form

One book. Two readers. A world of mystery, menace, and desire. A young woman picks up a book left behind by a stranger. Inside it are his margin notes, which reveal a reader entranced by the story and by its mysterious author. She responds with notes of her own, leaving the book for the stranger, and so begins an unlikely conversation that plunges them both into the unknown. The book: Ship of Theseus, the final novel by a prolific but enigmatic writer named V.M. Straka, in which a man with no past is shanghaied onto a strange ship with a monstrous crew and launched onto a disorienting and perilous journey. The writer: Straka, the incendiary and secretive subject of one of the world's greatest mysteries, a revolutionary about whom the world knows nothing apart from the words he wrote and the rumors that swirl around him. The readers: Jennifer and Eric, a college senior and a disgraced grad student, both facing crucial decisions about who they are, who they might become, and how much they're willing to trust another person with their passions, hurts, and fears. S., conceived by filmmaker J. J. Abrams and written by award-winning novelist Doug Dorst, is the chronicle of two readers finding each other in the margins of a book and enmeshing themselves in a deadly struggle between forces they don't understand, and it is also Abrams and Dorst's love letter to the written word.

From USA Today Bestselling Author Aileen Erin Life has been crazy since Tessa McCaide moved to Texas. She's gone from being a normal-ish girl with visions to a super-powered werewolf. She's fought off vampires and broken a nearly unbreakable curse. And she's got a hot mate, Dastien Laurent, to keep her busy. Things are looking up until the full moon ceremony rolls around. Before Tessa can strengthen her bond with Dastien, the local coven crashes the gates, demanding that Tessa—their heir apparent—be returned. "I present to you . . . the truth about this man's death and my life." Baltimore, 1849. The body of Edgar Allan Poe has been buried in an unmarked grave. The public, the press, and even Poe's own family and friends accept the conclusion that Poe was a second-rate writer who met a disgraceful end as a drunkard. Everyone, in fact, seems to believe this except a young Baltimore lawyer named Quentin Clark,

an ardent admirer who puts his own career and reputation at risk in a passionate crusade to salvage Poe's. As Quentin explores the puzzling circumstances of Poe's demise, he discovers that the writer's last days are riddled with unanswered questions the police are possibly willfully ignoring. Just when Poe's death seems destined to remain a mystery, and forever sealing his ignominy, inspiration strikes Quentin—in the form of Poe's own stories. The young attorney realizes that he must find the one person who can solve the strange case of Poe's death: the real-life model for Poe's brilliant fictional detective character, C. Auguste Dupin, the hero of ingenious tales of crime and detection. In short order, Quentin finds himself enmeshed in sinister machinations involving political agents, a female assassin, the corrupt Baltimore slave trade, and the lost secrets of Poe's final hours. With his own future hanging in the balance, Quentin Clark must turn master investigator himself to unchain his now imperiled fate from that of Poe's. Following his phenomenal debut novel, *The Dante Club*, Matthew Pearl has once again crossed pitch-perfect literary history with innovative mystery to create a beautifully detailed, ingeniously plotted tale of suspense. Pearl's groundbreaking research—featuring documented material never published before—opens a new window on the truth behind Poe's demise, literary history's most persistent enigma. The resulting novel is a publishing event that, through sublime craftsmanship, subtle wit, and devious twists, does honor to Poe himself
