A.D. 1494 - the earliest known writer on bookkeeping

The J. Paul Getty Museum Journal 18 is a compendium of articles and notes pertaining to the Museum's permanent collections of antiquities, illuminated manuscripts, paintings, and sculpture and works of art. This volume includes a supplement introduced by John Walsh with a fully illustrated checklist of the Getty's recent acquisitions. Volume 18 includes articles written by Anthony Cutler, David A. Scott, Maya Elston, Ranee Katzenstein, Ariane van Suchtelen, Klaus Fittschen, Peggy Fogelman, and Catherine Hess.

The main focus of this book is the ancient formation and development of the canons of Greek historiography. It takes a fresh look on the modern debate on canonical literature and deals with Greek historiographical traditions in the works of ancient rhetors and literary critics. Writings on historiography by Cicero, Quintilian, and Dionysius of Halicarnassus are chiefly taken into account to explore the canons of Greek historians in Hellenistic and Roman Imperial Ages. Essential in canon-formation was the concept of classicism which took shape in the Age of Augustus, but whose earlier developments can be traced back to Isocrates, a model rhetor according to Dionysius at the end of the 1st century BC. The analysis explores also late-antique authors of school treatises and progymnasmata, a field where historiography had a pedagogical function. Previous studies on canonical literature have rarely considered historiography. This book examines not only the works of ancient historians and their legacy, but also the relationship between historiography, literary criticism, and the rhetorical tradition.

The perfect gift for the Spice Girls fan in your life! 'Lauren Bravo is one of my very favourite writers.' Dolly Alderton 'A joyous and energetic celebration of girlhood, friendship and pop culture. If you have ever sung into the lid of a can of Impulse body spray, you need to read this.' Daisy Buchanan The words 'girl power' conjure vivid memories of short skirts and platform boots. But it wasn't just about the look, it was about feminism. The Spice Girls gave a generation their first glimpse of the power of friendship, of staying true to yourself, of sheer bloody-mindedness. And the girl power generation went on to kick-start a new conversation around gender equality. We may have grown up asking What Would the Spice Girls Do?, but their particular brand of feminism is as relevant today as it was twenty years ago – we still need that fun and fearlessness, we still need accessible and all-embracing equality... we still need a zig-a-zig-ah. 'The Spice Girls' arrival on the pop scene marked the gateway to a modern form of feminism, all dressed up as a riotously good time.' Stylist As featured in Elle magazine's Best Feminist Gift Books Examines the relationship between the law and the school-to-prison pipeline, argues that law can be an effective weapon in the struggle to reduce the number of children caught, and discusses the consequences on families and communities.

An "abc" of make up, with suggestions and secrets to create a perfect look: from the make up room to the accessories, the brushes, the theory of colors, the light and shade. The contents are organized in "lessons", numbered according to the order of fulfillment: from the pre-make up gestures to the application of foundation and concealer, from the eye and lips make up to the final touches. The make up universe is sounded out with easy and complete texts, and with a large step-by-step photographic display. By clicking on the looks pictures users can enlarge them to appreciate all the details: an additional value that makes this volume into an actual virtual Looks' make up show.

What is fascism? By focusing on the concrete: what the fascists did, rather than what they said, the esteemed historian Robert O. Paxton answers this question. From the first violent uniformed bands beating up "enemies of the state," through Mussolini's rise to power, to Germany's fascist radicalization in World War II, Paxton shows clearly why fascists came to power in some countries and not others, and explores whether fascism could exist outside the early-twentieth-century European setting in which it emerged. "A deeply intelligent and very readable book. . . . Historical analysis at its best." –The Economist The Anatomy of Fascism will have a lasting impact on our understanding of modern European history, just as Paxton's classic Vichy France redefined our vision of World War II. Based on a lifetime of research, this compelling and important book transforms our knowledge of fascism—"the major political innovation of the twentieth century, and the source of much of its pain."

"Vividly drawn . . . this stunning book honors the achievement of the captive Africans who fought for—and won—their freedom."—The Philadelphia Tribune A unique account of the most successful slave rebellion in American history, now updated with a new epilogue—from the award-winning author of The Slave Ship In this powerful and highly original account, Marcus Rediker reclaims the Amistad rebellion for its true proponents: the enslaved Africans who risked death to stake a claim for freedom. Using newly discovered evidence and featuring vividly drawn portraits of the rebels, their captors, and their abolitionist allies, Rediker reframes the story to show how a small group of courageous men fought and won an epic battle against Spanish and American slaveholders and their governments. The successful Amistad rebellion changed the very nature of the struggle against slavery. As a handful of self-emancipated Africans steered their own course for freedom, they opened a way for millions to follow. This edition includes a new epilogue about the author's trip to Sierra Leona to search for Lomboko, the slave-trading factory where the Amistad Africans were incarcerated, and other relics and connections to the Amistad rebellion, especially living local memory of the uprising and the people who made it.

Offers a broad and vivid overview of the culture of collecting in France over the long nineteenth-century.

Dalla creazione nel 2007, il Partner Program di YouTube conta oggi più di ventimila membri da ventidue Paesi in tutto il mondo, molti dei quali ogni anno ottengono un fatturato a sei cifre. Un ruolo essenziale è giocato dalla qualità dei contenuti proposti, ma buona parte della loro popolarità è conseguenza di un utilizzo (magari inconscio) di alcune delle

più moderne ed efficaci strategie di marketing e advertising “social”. Possiamo trattare un Partner Channel alla stessa stregua di un Brand? Quanto possono beneficiare i Partner di YouTube da una formalizzazione e presa di coscienza delle strategie promozionali che spesso adottano? Un libro ricco di spunti, teorici e pratici, per coloro che intendono portare un canale Partner di YouTube verso un nuovo livello di coinvolgimento: trovare la propria strada è possibile, ma l’avventura di un Partner Channel di successo comincia a non essere più alla portata di youtubers improvvisati.

Preface and third chapter translated from the Italian by Anne C. Tedeschi and John Tedeschi.

The first comprehensive study on the role of Italian fashion and Italian literature, this book analyzes clothing and fashion as described and represented in literary texts and costume books in the Italy of the 16th and 17th centuries. *Writing Fashion in Early Modern Italy* emphasizes the centrality of Italian literature and culture for understanding modern theories of fashion and gauging its impact in the shaping of codes of civility and taste in Europe and the West. Using literature to uncover what has been called the ‘animatedness of clothing,’ author Eugenia Paulicelli explores the political meanings that clothing produces in public space. At the core of the book is the idea that the texts examined here act as maps that, first, pinpoint the establishment of fashion as a social institution of modernity; and, second, gauge the meaning of clothing at a personal and a political level. As well as Castiglione’s *The Book of the Courtier* and Cesare Vecellio’s *The Clothing of the Renaissance World*, the author looks at works by Italian writers whose books are not yet available in English translation, such as those by Giacomo Franco, Arcangela Tarabotti, and Agostino Lampugnani. Paying particular attention to literature and the relevance of clothing in the shaping of codes of civility and style, this volume complements the existing and important works on Italian fashion and material culture in the Renaissance. It makes the case for the centrality of Italian literature and the interconnectedness of texts from a variety of genres for an understanding of the history of Italian style, and serves to contextualize the debate on dress in other European literatures.

“Crisi o non crisi, le donne e gli uomini non vogliono rinunciare alla bellezza. E poiché chi entra nei negozi, oggi, è particolarmente esigente e preparato, bisogna essere in grado di offrire il massimo.” Antonio Ferreira de Almeida, Sephora “Energia, creatività, velocità, passione. Chi non conosce questo mondo si sorprende di quanta innovazione scientifica e investimenti globali ci siano nei cosmetici, e soprattutto che il cuore di questo universo possa definirsi italiano.” Dario Ferrari, Intercos

The book *Towards Socially Integrative Cities* deals with the transition towards urban sustainability through socially integrative cities in Europe and China. It shares the impactful original research results of an EU-funded R&I project involving eight European and six Chinese partners (TRANS-URBAN-EU-CHINA; see www.transurbaneuchina.eu). Three each of the six editors come from European and Chinese universities and research institutions. The first articles (No. 1–4) provide an overview and insights into the conceptual basis of the book. The socially integrative city is framed by discussions in academia and practice, and it is defined in a comprehensive way as an element of urban sustainability. Sustainability transitions in China are linked to international discussions and the challenges are articulated. Moreover, the discussions touch on the strengths and weaknesses related to managing urban growth and the rapid expansion of cities. Land development tools are discussed with regard to the opportunities they offer for creating socially integrative cities. A second set of articles (No. 5–9) focus on socially integrative urban regeneration of cities. After an overview of policies and strategies in Europe and China, detailed aspects are discussed, such as community building through public engagement, challenges of place-making, and the role of education and life-long learning. Finally, a manuscript on heritage preservation and its impact on social integration in urban regeneration concludes this section. A third set of articles (No. 10–13) look into issues of the transformation of cities and sustainability transitions. Transformation is understood as a complex set of interactions. The development of tools, such as community platforms for information and dialogue transfer, are discussed as an instrument to facilitate transition processes. The transformative capacity of cities in Europe and China is discussed in an article that looks into possibilities to narrow the gaps between urban planning and development. Smart and eco-cities in Europe and China are taken as an empirical base. Advanced methods, such as the Social Cost–Benefit Analysis, may support social integration. Finally, an example of how the use of multiple data sources can speed up the digital transition in cities and provide decision support for social integration is presented. The final set of articles (No. 14 and 15) deal with questions of replicability of experiences and the role of concrete urban experiments in so-called Urban Living Laboratories. Methods to explore the replication potential of urban solutions for socially integrative cities are discussed. Finally, the potential of urban living laboratories for nurturing open urban innovation in Chinese cities is scrutinized. Several examples are discussed, and conclusions regarding the enhancement of social integration in cities are drawn. The book is edited by Bernhard Müller (Technische Universität Dresden, TUD), Baojun Yang (China Academy of Urban Planning and Design, CAUPD), Liu Jian (Tsinghua University), Jianming Cai (China Academy of Sciences, CAS), Paulina Schiappacasse (TUD) and Hans-Martin Neumann (Austrian Institute of Technology, AIT).

A fun and quirky whodunit set in the Scottish Isles tests police officer Hamish MacBeth in this Christmastime murder mystery from New York Times bestselling and Agatha Raisin television series author M.C. Beaton. Believing that someone is trying to murder her, gorgeous Jane Wetherby asks Hamish Macbeth to spend Christmas with her and an exclusive group of friends at her Scottish island health farm. With a cold in his head and no place to go for the holidays, Hamish accepts her invitation. He thinks the lady is a bit daft, but, arriving on the lonely isle of Eileencraig, he feels a prickle of foreboding. The locals are openly threatening; the other guests, especially a terrible snob named Heather Todd, are barely civil. So when Heather meets an untimely end, Hamish knows he doesn't have far to look for the culprit. The only snag in his investigation is that all the guests were in the house when Heather vanished. Now, as mysterious events abound on Eileencraig, Hamish must work through the holiday sniffles to find the killer- or else it will be a very miserable Christmas indeed . . .

Dopo lo straordinario successo dei suoi tutorial sul web, Clio arriva finalmente in libreria. Un manuale di make-up in cui sono descritti in modo pratico e dettagliato: - le cure migliori per ogni tipo di pelle - i

difetti da correggere - i prodotti da utilizzare - le tecniche di applicazione ...e tanti esempi di trucco per ogni occasione. Ebook ottimizzato per Tablet, Mac e PC

This book is about modern politics and young people. Judith Bessant revises some long-standing myths about children and young people's politics. She highlights the huge gap between the many ways young people and politics are talked about and how they have long been politically active. Bessant draws on a relational historical sociology to show how since the nineteenth century certain historical dynamics, political interests and social imaginaries have enabled social scientists, writers, political leaders and policymakers to imagine and 'make up' different kinds of young people. Given these representations of childhood, adolescence and youth, everyone knows that young people are cognitively immature, inexperienced, morally under-developed and lack good judgement. For these reasons they cannot possibly be allowed to engage in the serious, grown-up business of politics. Yet in just one of the many contradictions, young people are criticised by many of their elders for being politically apathetic and disengaged from politics. Many think recent global warming movements largely led by quite young people are a novel phenomenon. Yet young people have been at the forefront of political movements of all kinds since the French revolution. Since the 1960s, children and young people increasingly played a major, if sometimes obscured, role in civil rights, anti-war, anti-globalisation, anti-austerity and global-warming movements. This accessible book is rich in theoretical and historical insight that is sure to appeal to sociologists, historians, youth studies scholars and political scientists, as well as to the general reader.

At the end of the last century, the so-called "new technologies" started to question the process of design, production, sales and consumption through a radical change, which today re-defines many concepts both in industry and every-day life. The notion of "size" – a cross-cutting term in the cultural and creative sector – has gone through a phase of crisis from which it is now re-emerging, enriched with new meanings and possibilities. To redefine this complex term, the authors of the book have observed the path of audiovisual products and social media, fashion, everyday objects, architectures and cities, and identified in each of these fields elements of continuity, breaking points with the past as well as future alternatives. In this collection of essays, the authors adopt an interdisciplinary approach overcoming the boundaries of their discipline. Through different perspectives this volume presents and develops new paradigms that explain the complexities of the contemporary era and its new "sizes".

Roberto Romani tackles the moral and religious core of Italian political culture in the years of patriotic struggle 1815-1861.

244.1.80

An unforgettable fresco of a golden age in fourteenth-century Barcelona, Cathedral of the Sea is a thrilling historical novel of friendship and revenge, plague and hope, love and war. Arnau Estanyol arrives in Barcelona to find a city dominated by the construction of the city's great pride—the cathedral of Santa Maria del Mar—and by its shame, the deadly Inquisition. As a young man, Arnau joins the powerful guild of stoneworkers and helps to build the church with his own hands, while his best friend and adopted brother Joanet studies to become a priest. With time, Arnau prospers and falls secretly in love with a forbidden woman. But when he is betrayed and hauled before the Inquisitor, he finds himself face-to-face with Joanet. Will he lose his life just as his beloved Cathedral of the Sea is finally completed, or will his brother save him? MORE THAN TWO MILLION COPIES SOLD WORLDWIDE!

Virginia Woolf. The third chapter of Woolf's essay "A Room of One's Own," based on two lectures the author gave to female students at Cambridge in 1928 on the topic of women and fiction. 36 pages. Tale Blazers.

This English translation, with introduction and notes, an extensive glossary, maps, and topical bibliographies, explores religious authority and revealed knowledge and is indispensable for the study of Homer, heroes, literature, religion, and culture in the Roman Empire and Late Antiquity. Paperback edition is available from the Society of Biblical Literature (www.sbl-site.org).

Gioia thought she had found the love of her life. But when her punk-rocker boyfriend suddenly dumps her, she's left glued to social media for clues about what he's up to. Devastated by what she finds, she takes solace in her ad agency job and throws herself into a project for an international record company. She struggles to make deadlines and finds herself once again at the mercy of the Internet. That's when sexy businessman Christian comes to her rescue. Christian is everything a girl could want: clever, charming, and handsome enough to appear in "Vogue." But Gioia can't help wondering if he has an ulterior motive. And when her ex-boyfriend reappears in her life, she begins to doubt everything. Will her heart lead her to the right decision? Or will she get caught in the hooks of these two charismatic men?"

The Man Who Crucified Himself is the story of Mattio Lovat's self-crucifixion in Venice in 1805. It shows how the narrative of this sensational medical case was popularised in nineteenth-century Europe and appropriated by readers in debates on madness, suicide and religion.

Unleash your inner makeup diva with your own eye charts just like the ones real makeup professionals use! Design your fabulous looks on 6 realistic eye shapes with color pencils, markers, crayons, even real makeup. The MAKEUP ARTIST EYE CHARTS book includes 216 blank charts and a section for notes so you can keep track of products/colors used. Also included are instructions and tips that cover: Which type of makeup to use for best results Which type of brushes work best for smooth finish How to add any shade of skintone How to create your own makeup portfolio inexpensively As an added bonus you will receive 5 FREE face charts so you can design & practice full makeup looks!

The definition of a beautiful face has never been constant. See how political and social climates have molded accepted beauty rituals and the evolution of cosmetics from ancient times through today. This updated and refreshed reference book chronicles historic trends for the eyes, lips, and face, and offers in-depth aesthetic reviews of each decade from the 1920s to today. Follow the fascinating history of cosmetic trends; vintage ads; detailed makeup application guides; and profiles of famous makeup innovators, connoisseurs, and iconic faces. Over 450 images, timelines, and detailed vintage color palettes show the changing definitions of beauty and document makeup innovations (the first mascara, lipstick, eye shadow, etc.) that have evolved throughout the history of cosmetics. This is an ideal reference for the professional makeup artist, cosmetologist, educator, student, and general makeup enthusiasts.

Witchcraft and magic are topics of enduring interest for many reasons. The main one lies in their extraordinary interdisciplinarity: anthropologists, folklorists, historians, and more have contributed to build a body of work of extreme variety and consistence. Of course, this also means that the subjects themselves are not easy to assess. In a very general way, we can define witchcraft as a supernatural means to cause harm, death, or misfortune, while magic also belongs to the field of supernatural, or at least esoteric knowledge, but can be used to less dangerous effects (e.g., divination and astrology). In Western civilization, however, the witch hunt has set a very peculiar perspective in which diabolical witchcraft, the invention of the Sabbat, the persecution of many thousands of (mostly) female and (sometimes) male presumed witches gave way to a phenomenon that is fundamentally different from traditional witchcraft. This Special Issue of Religions dedicated to Witchcraft, Demonology, and Magic features nine articles that deal with four different regions of Europe (England, Germany, Hungary, and Italy)

between Late Medieval and Modern times in different contexts and social milieus. Far from pretending to offer a complete picture, they focus on some topics that are central to the research in those fields and fit well in the current "cumulative concept of Western witchcraft" that rules out all mono-causality theories, investigating a plurality of causes.

Scholars have traditionally viewed the Italian Renaissance artist as a gifted, but poorly educated craftsman whose complex and demanding works were created with the assistance of a more educated advisor. These assumptions are, in part, based on research that has focused primarily on the artist's social rank and workshop training. In this volume, Angela Dressen explores the range of educational opportunities that were available to the Italian Renaissance artist. Considering artistic formation within the history of education, Dressen focuses on the training of highly skilled, average artists, revealing a general level of learning that was much more substantial than has been assumed. She emphasizes the role of mediators who had a particular interest in augmenting artists' knowledge, and highlights how artists used Latin and vernacular texts to gain additional knowledge that they avidly sought. Dressen's volume brings new insights into a topic at the intersection of early modern intellectual, educational, and art history.

In his utopian novel *Hiera Anagraphe* (Sacred History) Euhemerus of Messene (ca. 300 B.C.) describes his travel to the island Panchaia in the Indian Ocean where he discovered an inscribed stele in the temple of Zeus Triphylus. It turned out that the Olympian gods (Uranos, Kronos, Zeus) were deified kings. The travels of Zeus allowed to describe peoples and places all over the world. Winiarczyk investigates the sources of the theological views of Euhemerus. He proves that Euhemerus' religious views were rooted in old Greek tradition (the worship of heroes, gods as founders of their own cult, tombs of gods, euergetism, rationalistic interpretation of myths, the explanations of the origin of religion by the sophists, the ruler cult). The description of the Panchaia society is intended to suggest an archaic and closed culture, in which the stele recording *res gestae* of the deified kings might have been preserved. The translation of Ennius' *Euhemerus sive Sacra historia* (ca. 200 - ca. 194) is a free prose rendering, which Lactantius knew only indirectly. The book is concluded by a short history of Euhemerism in the pagan, Christian and Jewish literature.

The secrets behind the world's most beautiful skin! In Korea, healthy, glowing skin is the ideal form of beauty. It's considered achievable by all, men and women, young and old—and it begins with adopting a skin-first mentality. Now, this Korean beauty philosophy has taken the world by storm! As the founder of Soko Glam, a leading Korean beauty and lifestyle website, esthetician and beauty expert Charlotte Cho guides you through the world-renowned Korean ten-step skin-care routine—and far beyond—to help you achieve the clearest and most radiant skin of your life. With Charlotte's step-by-step tutorials, skin-care tips, and advice on what to look for in products at all price levels, you'll learn how to pamper and care for your skin at home with Korean-approved techniques and pull off the "no makeup" makeup look we've seen and admired on women in the streets of Seoul. And you'll get access to beauty secrets from Charlotte's favorite beauty gurus from around the world, including supermodels, YouTube sensations, top makeup artists, magazine editors, actresses, and leading Korean skincare researchers. With the knowledge of an expert and voice of a trusted friend, Charlotte's personal tour through Korean beauty culture will help you find joy in the everyday beauty routines that will transform your skin. 'The temple of Korean cosmetics' Vanity Fair This is the ultimate no-nonsense manual to daily Korean beauty care; in it you will find step-by-step morning and evening skincare routines, the best product advice and actionable tips on how to take care of your complexion. In this handbook, the experts in Korean cosmetics will also teach you how to use everyday beauty products, describe the natural ingredients that will best suit your skin type and give you advice on tried-and-tested Korean skincare regimes to make your skin glow. The Korean Skincare Bible will help you to feel truly confident in your own skin. Chapters: The history of Korean beauty The importance of caring for your skin Korean beauty products The Korean beauty routine Natural ingredients in Korean beauty Natural beauty K-beauty do's and don'ts Korean beauty trends Korean skincare answers Korean skincare tips for men Korean beauty travel tips

Using the results of archaeological techniques, and examining methodological debates, Tim Cornell provides a lucid and authoritative account of the rise of Rome. *The Beginnings of Rome* offers insight on major issues such as: Rome's relations with the Etruscans the conflict between patricians and plebeians the causes of Roman imperialism the growth of slave-based economy. Answering the need for raising acute questions and providing an analysis of the many different kinds of archaeological evidence with literary sources, this is the most comprehensive study of the subject available, and is essential reading for students of Roman history.

Comprehensive and detailed, this is the first ever study of ancient beer and its distilling, consumption and characteristics Examining evidence from Greek and Latin authors from 700 BC to AD 900, the book demonstrates the important technological as well as ideological contributions the Europeans made to beer throughout the ages. The study is supported by textual and archaeological evidence and gives a fresh and fascinating insight into an aspect of ancient life that has fed through to modern society and which stands today as one of the world's most popular beverages. Students of ancient history, classical studies and the history of food and drink will find this an useful and enjoyable read.

"The aim of this study is to track *De Rerum Natura* along two paths of satire. One is the broad boulevard of satiric literature from the beginnings of Greek poetry to the plays, essays, and broadcast media of the modern world. The other is the narrower lane of Roman verse satire, *satura*, whose canon begins in the Middle Republic with Ennius and Lucilius and closes with Juvenal, an author of the Flavian era. The first main portion of this book (chapters 2-3) focuses on Lucretius and Roman *satura*, while the following chapters broaden the scope to satiric elements of Lucretius more generally, but still with plenty of reference to the poets of Roman *satura* as satirists par excellence. By examining how Lucretius' poem employs the tools, techniques, and tactics of satire-by evaluating how and where in *De Rerum Natura* the speaker functions as a satirist-we gain, I argue, a fuller, richer understanding of how the poem works and how its poetry interacts with its purported philosophical program. Attention to the role of *De Rerum Natura* in the more specific tradition of Roman verse satire demonstrates that Lucretius' poem stands as a detour on the genre's highway, a swerve in the trajectory of *satura*. The numerous satiric passages and frequently satiric narrator of *De Rerum Natura* draw on earlier Roman satire, and in turn the poem influences the later satiric verse of Horace, Persius, and Juvenal. While *De Rerum Natura* is not in and of itself a member of the Roman genre of satire, it is an important player in the genre's development"--
