white sheriff and the black man who "whipped children" to keep order--in the final novella by the beloved Ernest J. Gaines. After Brady Sims pulls out a gun in a courtroom and shoots his own son, who has just been convicted of robbery and murder, he asks only to be allowed two hours before he'll give himself up to the sheriff. When the editor of the local newspaper asks his cub reporter to dig up a "human interest" story about Brady, he heads for the town's barbershop. It is the barbers and the regulars who hang out there who narrate with empathy, sadness, humor, and a profound understanding the life story of Brady Sims--an honorable, just, and unsparing man who with his tough love had been handed the task of keeping the black children of Bayonne, Louisiana in line to protect them from the unjust world in which they lived. And when his own son makes a fateful mistake, it is up to Brady to carry out the necessary reckoning. In the telling, we learn the story of a small southern town, divided by race, and the black community struggling to survive even as many of its inhabitants head off northwards during the Great Migration.

What is the reality of policing in the United States? Do the police keep anyone safe and secure other than the very wealthy? How do recent police killings of young black people in the United States fit into the historical and global context of anti-blackness? This collection of reports and essays (the first collaboration between Truthout and Haymarket Books) explores police violence against black, brown, indigenous and other marginalized communities, miscarriages of justice, and failures of token accountability and reform measures. It also makes a compelling and provocative argument against calling the police. Contributions cover a broad range of issues including the killing by police of black men and women, police violence against Latino and indigenous communities, law enforcement's treatment of pregnant people and those with mental illness, and the impact of racist police violence on parenting, as well as specific stories such as a Detroit police conspiracy to slap murder convictions on young black men using police informant and the failure of Chicago's much-touted Independent Police Review Authority, the body supposedly responsible for investigating police misconduct. The title *Who Do You Serve, Who Do You Protect?* is no mere provocation: the book also explores alternatives for keeping communities safe. Contributors include William C. Anderson, Candice Bernd, Aaron Cantú, Thandi Chimurenga, Ejeris Dixon, Adam Hudson, Victoria Law, Mike Ludwig, Sarah Macaraeg, and Roberto Rodriguez. Never HIGHLIGHT a Book Again! Criminal Justice Policy provides a thematic overview of criminal justice policy and its relationship to the American criminal justice system. Scholars, practitioners, and politicians continually debate the value of these policies in their evaluations of the current system. As the nature of this subject involves a host of issues (including politics, public sentiment, research, and practice), the authors expertly highlight these concerns on criminal justice policy and address the implications for the overall system and society at large. This text is organized into three parts: Foundations of criminal justice policy focuses on the role of politics, best practices, and street level bureaucracy in criminal justice policy. Criminal justice policy in action provides an analysis of fifteen different policy issues in criminal justice, such as immigration, drugs, mental health and capital punishment. Each section begins with a basic summary of the policy, accompanied by a brief synopsis of the framing issues. This brief, but informative summary, draws students' attention to essential concepts and ideas, provides a roadmap for what they can expect to learn, and ensures continuity throughout the text. The text concludes with a discussion about the future directions of criminal justice policy.

“This majestic, moving novel is an instant classic, a book that will be read, discussed and taught beyond the rest of our lives.”—Chicago Tribune Winner of the National Book Critics Circle Award, *A Lesson Before Dying* is a deep and compassionate novel about a young man who returns to 1940s Cajun country to visit a black youth on death row for a crime he didn't commit. Together they come to understand the heroism of resisting. From the critically acclaimed author of *A Gathering of Old Men* and *The Autobiography of Miss Jane Pittman*. An incisive, gripping exploration of the forces that pushed our unjust system to its breaking point after the death of George Floyd and a definitive guide to America's present-day racial reckoning. For many, the story of the weeks of protests in the summer of 2020 began with the horrific eight minutes and 46 seconds when Police Officer Derek Chauvin killed George Floyd on camera, and it ended with the sweeping federal, state, and intrapersonal changes that followed. It is a simple story, wherein white America finally witnessed enough brutality to move their collective consciousness. The only problem is that it isn't true. George Floyd was not the first Black man to be killed by police—he wasn't even the first to inspire nation-wide protests—yet his death came at a time when America was already at a tipping point. In *SAY THEIR NAMES*, five seasoned journalists probe this critical shift. With a piercing examination of how inequality has been propagated throughout history, from Black imprisonment and the Convict Leasing program to long-standing predatory medical practices to over-policing, the authors highlight the disparities that have long characterized the dangers of being Black in America. They examine the many moderate attempts to counteract these inequalities, from the modern Civil Rights movement to Ferguson, and how the killings of George Floyd, Breonna Taylor and others pushed compliance with an unjust system to its breaking point. Finally, they outline the momentous changes that have resulted from this movement, while at the same time proposing necessary next steps to move forward. With a combination of penetrating, focused journalism and affecting personal insight, the authors bring together their collective years of reporting, creating a cohesive and comprehensive understanding of racial inequality in America.

investigate and prosecute crimes. The first book to focus exclusively on the discourses of police interviewing, *The Discourse of Police Interviews* examines leading debates, approaches, and topics in contemporary police interview research. Among other topics, the book explores the sociolegal, psychological, and discursive framework of popular police interview techniques employed in the United States and the United Kingdom, such as PEACE and Reid, and the discursive practices of institutional representatives like police officers and interpreters that can influence the construction and quality of linguistic evidence. For courses in police administration and management. A problem-solving approach to modern police leadership *Managing and Leading Today's Police: Challenges, Best Practices, and Case Studies* provides a comprehensive insider's view into the challenging work of police leaders at all levels of management. The 4th edition is a major revision, moving from a supervision to a management perspective. It covers new policing strategies, methods, and technologies transforming the field and demanding new knowledge of police supervisors, managers, and leaders.

**INSTANT NEW YORK TIMES BESTSELLER** An urgent primer on race and racism, from the host of the viral hit video series "Uncomfortable Conversations with a Black Man" "You cannot fix a problem you do not know you have." So begins Emmanuel Acho in his essential guide to the truths Americans need to know to address the systemic racism that has recently electrified protests in all fifty states. "There is a fix," Acho says. "But in order to access it, we're going to have to have some uncomfortable conversations." In *Uncomfortable Conversations With a Black Man*, Acho takes on all the questions, large and small, insensitive and taboo, many white Americans are afraid to ask—yet which all Americans need the answers to, now more than ever. With the same open-hearted generosity that has made his video series a phenomenon, Acho explains the vital core of such fraught concepts as white privilege, cultural appropriation, and "reverse racism." In his own words, he provides a space of compassion and understanding in a discussion that can lack both. He asks only for the reader's

curiosity—but along the way, he will galvanize all of us to join the antiracist fight.
