Lessons from History is a joyful romp through the obscurest parts of the past. The annals have been scoured for overlooked figures and events that nonetheless made an impact, and within these pages they are brought hilariously and often poignantly back to life. Alex Deane began tweeting about quirky tales as a distraction from the monotony of lockdown. Now with over 2 million views online, the #deanehistory stories are a social media sensation. These tongue-in-cheek tales about eccentricity and endeavour have been comprehensively reworked and expanded for this book – which also contains many new neglected stories from the past. It will introduce you to figures as diverse as Louis-Napoléon, Prince Imperial of France, who died fighting for the British Army in South Africa; Stanislav Petrov, who, sat in his control bunker in Moscow, fatefully ignored his faulty computer's advance warning of nuclear attack and thereby saved the world; James Barry, who, despite being born Margaret Ann Bulkley at a time when women were barred from university, became a highly skilled surgeon and the UK's first female-born doctor; and Dr Ameyo Adadevoh, the first person to raise the alarm about Ebola, who played a vital role in containing the disease and paid the price by losing her life. The book also tells the story of obscure but remarkable events, such as the Aroostook War (also known as the Pork and Beans War), the Houlton Airlift, the Texel Rebellion and the Day of the Tiles. Readers will even be transported to the tiny Greek city state of Plataea in its heyday, before learning about its terrible fate.

Angel expects nothing from men but betrayal. Sold into prostitution as a child, she survives by keeping her hatred alive. And what she hates most are the men who use her, leaving her empty and dead inside. Then she meets Michael Hosea, a man who seeks his Father's heart in everything. Michael obeys God's call to marry Angel and to love her unconditionally. Slowly, day by day, he defies Angel's every bitter expectation, until despite her resistance, her frozen heart begins to thaw. But with her unexpected softening comes overwhelming feelings of unworthiness and fear. And so Angel runs. Back to the darkness, away from her husband's pursuing love, terrified of the truth she no longer can deny: her final healing must come from the One who loves her even more than Michael does . . . the One who will never let her go. An instant #1 New York Times bestseller. The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of *A Very Stable Genius*. “Chilling.” – Anderson Cooper “Jaw-dropping.” – John Berman “Shocking.” – John Heilemann “Explosive.” – Hallie Jackson “Blockbuster new reporting.” – Nicolle Wallace “Bracing new revelations.” – Brian Williams “Bombshell reporting.” – David Muir The true story of what took place in Donald Trump’s White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about

election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency's inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members— Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump's supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by citizens and historians alike for decades to come.

From one of China's most acclaimed and decorated writers comes a powerful first-person account of life in Wuhan during the COVID-19 outbreak. On January 25, 2020, after the central government imposed a lockdown in Wuhan, acclaimed Chinese writer Fang Fang began publishing an online diary. In the days and weeks that followed, Fang Fang's nightly postings gave voice to the fears, frustrations, anger, and hope of millions of her fellow citizens, reflecting on the psychological impact of forced isolation, the role of the internet as both community lifeline and source of misinformation, and most tragically, the lives of neighbors and friends taken by the deadly virus. A fascinating eyewitness account of events as they unfold, Wuhan Diary captures the challenges of daily life and the changing moods and emotions of being quarantined without reliable information. Fang Fang finds solace in small domestic comforts and is inspired by the courage of friends, health professionals and volunteers, as well as the resilience and perseverance of Wuhan's nine million residents. But, by claiming the writer's duty to record she also speaks out against social injustice, abuse of power,

and other problems which impeded the response to the epidemic and gets herself embroiled in online controversies because of it. As Fang Fang documents the beginning of the global health crisis in real time, we are able to identify patterns and mistakes that many of the countries dealing with the novel coronavirus have later repeated. She reminds us that, in the face of the new virus, the plight of the citizens of Wuhan is also that of citizens everywhere. As Fang Fang writes: "The virus is the common enemy of humankind; that is a lesson for all humanity. The only way we can conquer this virus and free ourselves from its grip is for all members of humankind to work together." Blending the intimate and the epic, the profound and the quotidian, Wuhan Diary is a remarkable record of an extraordinary time.
