“Everything you want to know about the Anne Frank phenomenon, about the perception and the effect of the text, whose writer became an icon, is said within these pages.” —Wolfgang Benz, author of *A Concise History of the Third Reich* While Anne Frank was in hiding during the German Occupation of the Netherlands, she wrote what has become the world’s most famous diary. But how could an unknown Jewish girl from Amsterdam be transformed into an international icon? Renowned Dutch scholar David Barnouw investigates the facts and controversies that surround the global phenomenon of Anne Frank. Barnouw highlights the ways in which Frank’s life and ultimate fate have been represented, interpreted, and exploited. He follows the evolution of her diary into a book (with translations into nearly 60 languages and editions that added previously unknown material), an American play, and a movie. As he asks, “Who owns Anne Frank?” Barnouw follows her emergence as a global phenomenon and what this means for her historical persona as well as for her legacy as a symbol of the Holocaust. “Reasonable, elegant, sometimes provocative, essential.” —Ian Buruma, author of *Year Zero: A History of 1945*

This book is a case study into the affective history of Holocaust drama offering a new perspective on the impact of *The Diary of Anne Frank*, the pivotal 1950s play that was a turning point in Holocaust consciousness. Despite its overwhelming success, criticism of the Broadway makeover has been harsh, suggesting that the alleged Americanization would not do justice to the violence of the Holocaust or Anne Frank's budding Jewishness. This study revisits these issues by focusing on the play's European appropriation delving into the emotional intensity with which the play was produced and received. The core of the exploration is a history of the Dutch staging in ethnographic detail, based on unique archival material such as correspondence with Otto Frank, prompt books, original tapes, blueprints of the set and oral history. The microhistory of the first Dutch performance of the stage adaptation of Anne Frank's diary examines the staging in the context of the postwar hesitant development of publicly voiced Holocaust consciousness. Influenced by memory studies and affect theory, the emphasis is on the emotional impact of the drama on both the members of the cast and the audience and will be of great interest to students and scholars in theater and performance studies, memory studies, cultural history, Jewish studies, Holocaust studies and contemporary European history.

control how you live and behave? • Have you given up important activities or people to keep him happy? • Is he extremely jealous and possessive? • Does he switch from charm to anger without warning? • Does he belittle your opinions, your feelings, or your accomplishments? • Does he withdraw love, money, approval, or sex to punish you? • Does he blame you for everything that goes wrong in the relationship? • Do you find yourself “walking on eggs” and apologizing all the time? If the questions here reveal a familiar pattern, you may be in love with a misogynist — a man who loves you, yet causes you tremendous pain because he acts as if he hates you. In this superb self-help guide, Dr. Susan Forward draws on case histories and the voices of men and women trapped in these negative relationships to help you understand your man’s destructive pattern and the part you play in it. She shows how to break the pattern, heal the hurt, regain your self-respect, and either rebuild your relationship or find the courage to love a truly loving man. BONUS: This edition contains an excerpt from Susan Forward's Toxic Parents.

Examines Levin's claims that the stage adaptation of Anne Frank's diary rejected a Jewish treatment of the work in favour of a play with a universal message. The text establishes the bias of the opposition to Levin and places the issue in the context of the wider cultural struggle of the 1950s.

During the German occupation of the Netherlands, 1940 to 1945, all Jews were ordered to register the religion of their grandparents. The Reichskommissar appointed the young lawyer Hans Calmeyer to adjudicate “doubtful cases.” Calmeyer used his assignment to save at least 3,700 Jews from deportation and death, dwarfing the number saved by Schindler’s famous rescue operation. Laureen Nussbaum—née Hannelore Klein—owes her life to this brave German official. In *Shedding Our Stars*, she tells how Calmeyer declared her mother non-Jewish and deleted her and her family from the deportation lists, saving them from death. She goes on to interweave his story with her family’s tale of survival, as well as with that of her boyfriend and, later, husband, Rudi Nussbaum. Since in Amsterdam the Kleins were close to the Franks, Anne Frank and her family also figure in book. Going beyond the liberation of the Netherlands to follow both Calmeyer’s and the author’s story to the end of their lives, *Shedding Our Stars* is a story of courage in the darkest of times, and of the resilience of the human spirit.

"Lawrence Graver's book is a precise and generous account of dreadful obsession, in which deep issues are reduced by paranoia into misery all around--and work for many lawyers. It's sad, true to my knowledge of Meyer Levin and others enmeshed in the history--infinitely

sad."--Herbert Gold, author of *Fathers* "Beautifully and poignantly told, this story holds a mirror up to American Jewry's own coming to terms with the Holocaust. It is by turns captivating and heartbreaking, the story of both Levin's obsession and his search for Jewish and American identity after the Holocaust. In this literary history, Lawrence Graver also reanimates the diary itself, returning it to the time and place from which it was torn fifty years ago."--James Young, author of *Writing and Re-writing the Holocaust* and *The Texture of Memory* "A gripping account, easy to read in one or two sittings, hard to put down. The balance between sympathy for Levin and criticism of his mounting obsession is exquisitely established and beautifully maintained, culminating in remarkable insight."--Morris Dickstein, author of *Gates of Eden* "Beyond Anne Frank is so beautiful and thoughtfully written that I really couldn't put it down. Diane Wolf's voice is human and humanistic, without glossing over any painful realities. She probes the subject from an impressive array of angles, considering a wide variety of types of experiences. This book is extraordinarily fine and I enthusiastically recommend it."--Lynn Davidman, author of *Motherloss*

The articles contained herein are representative of the underlying purpose of the workshop, which was to bring together practitioners and researchers from the areas of linear algebra, numerical analysis, and queueing theory who share a common interest of analyzing and solving finite state Markov chains.
