Dan is playing Minecraft with his friends, like he always does, when a strange figure, white from head-to-toe, approaches him in the game and drops a book at his feet. Cautiously, Dan reads the book: it's an invitation, to a school. A school for only the very best Minecraft players in the country. It has to be a trick. It's probably just a joke from one of his friends. Dan is thinking just that, when there's a knock at the door. A strange woman, dressed in all white, has arrived at Dan's front door. She introduces herself to his bewildered mom and dad with her angelic voice. Her name is Ms. Fennerby and she's a teacher at Herobrine Middle School, an academy for children gifted in the game of Minecraft. Dan has been selected as one of the builders and designers of his generation. It all seems too good to be true. And maybe it is... Herobrine Middle School is a thrilling middle school adventure filled with real emotions, page-turning excitement and characters that will jump off the page and make you laugh. It is Spy Kids and Harry Potter and The Hunger Games, all set to the backdrop of the mysterious world of Minecraft. Perfect for readers age eight to fourteen with a story that will excite all lovers of Minecraft. Excerpt "DAAANNNNN! It's dinner time!" the voice echoed up the stairs. "I'll be right down!" Dan yelled back. "I've just got to save the world!" Dan's mom, who was making a racket in the kitchen that made Dan think she was throwing every pot on the ground, didn't respond. That was okay. Dan didn't want to have to explain anyways. He was saving the world. Well... a world. The Minecraft world that he and a couple friends had been working on for over a year. They had magnificent houses and had built huge statues of their avatars in the game. Dan's pride and joy was built on the server too: The Cow Cannon 2000. The Cow Cannon 2000 did... well it did exactly what you would expect it to. It fired cows at blinding speed into the far away expanses of Minecraft. It fired them so far that Dan and his friends had never found any remains of the cows or the mine carts that they were fired in. The best part is that the machine worked automatically. It lured cows to the machine and then fired them off as soon as they got close enough. Dan was incredibly proud of it. A work of art, he told himself. And, really, everything had been perfect in that huge-housed, massive-statued, cow-raining world, until the grievers had shown up. Somehow, a bunch of older kids had found the server and at first it was fine. They built their own stuff. That was fine. But soon they were bored of that and started destroying

anything and everything they could find. Dan had urged his friends to just not react. The griefers would get bored, he thought, and leave them alone. But they didn't get bored. So, it was time to take more drastic measures. The griefers' next target was Platinum Plateau where Dan's friends' houses were built, along with the Cow Cannon 2000. Dan wasn't going to let the griefers anywhere near it. He had spent the last week building a series of "secret" entrances to the plateau via mine cart. The idea was that the griefers would find the "secret" entrances and not be able to resist riding the mine carts into the centre of the plateau to surprise Dan and friends. But little did they know that the mine cart would take them right to the Cow Cannon 2000, and before they knew it, BAM! They'd be taking a free flight, courtesy of Dan airlines. What are you waiting for? Get reading!

GENRE: Children's Adventure (An Unofficial Minecraft Book for Kids Ages 9 - 12 (Preteen) Herobrine, the feared mythical creature, known for trolling and grieving innocent players, pulling pranks on them and destroying their constructions while they are asleep, has been a part of Minecraft since early stages of the game. This is what Herobrine likes to do, right? Wrong! Despite the popular belief that Herobrine is a single creature whose only desire is to cause harm and chaos, there are several Herobrines living in each server, and instead of destroying and trolling, their only objective is to do the exact opposite: to help and protect humans. Our main character is a player called Angie. Angie is one of the few humans who were chosen among the best players to become Herobrine, the famous entity who possesses magical powers. Angie now belongs to an organization called the Herobrine Agency, which is spread across the server in five different branches: the Central, where the Master Herobrine Vince lives; the North, East, West and the South agency, where Angie lives and works with his fellow Herobrine friends, led by the leader Carley. Together with his other colleagues, Angie and the other Herobrines do their best to protect the humans living in the cities from any harm. But recently, a mysterious glitch has appeared in all regions, and the Herobrine Agency is doing its best to get rid of the unknown threat. At first he was worried at the sheer emptiness of the place, how was one to survive in the wild? As a modern man, Bill is worried of his survival

and safety. It's quickly changed when he stumbles upon an odd book. Placed on a pedestal, it's certainly hoping for attention. Bill takes the book and finds out that a person named Tom had written the book. What's even more surprising is that the book contained numerous entries about surviving in this unknown island. Bill is unsure if he should trust the book but gives it a try. As the only one on the island, Bill strives to survive and overcome the odds that a life in the wilds has for him. With monsters lurking about in the dark, an inexperienced man with so little knowledge can only get so far. Slowly but surely, Bill tries to make his mark on the island and builds a home for himself in the island. Armed only with the knowledge written by Tom and the mystery of the island, can Bill survive long enough to get out of the island? Will he be able to fend off the beasts that make their way into his makeshift home at night or will he succumb to the treacherous nature of the unknown island? Only Tom's guide can help him on his journey, or will it be his fall? Book 2: The Mysterious Island Bill has just begun to get used to the life alone in the island. While it's not the most ideal way of life for him, a man must learn to survive on his own. Tom's journal has become his greatest companion through the days, as a wellspring of knowledge and guide that make his life in the island easier than one can imagine. Home is still a place that Bill wants to go back to and he still dreams of his life before the island. One day, he stumbles upon some visiting natives, a pair of tribal individuals who were visiting to gather some goods from the island. Bill asks for their aid to get back home but alas, it's due to the island's power that Bill can't go home just yet. In order to break the series of misfortune, Bill must find Tom in order to give the journal back; and only then can Bill truly get home. However, the big question is, where is Tom? With so many secrets sprawling about in the island and the promise of home becoming more and more complicated, Bill must rise to the occasion to prove that he can get through the obstacles presented to him. Book 3: The Journey Ends Bill has made his way through the Nether. Guided only by the hearsay of the villagers along with his gut feeling, Bill must wade through numerous undead and walk through the thin paths of land between lava. No matter how many times, Bill wakes up to the Nether, it will never grow on him. Despite that, his drive to get home gives him the willpower to press onwards. With skeletons and endermen and fortresses to explore, there are surely a lot of things on Bill's plate. Armed with the weapons he's crafted along with the guidance of what he's learned from the past few days, Bill tries his best to outwit all the dangers of the Nether. Had he prepared enough for this journey? Will he be able to find Tom in due time? And if he does manage to find the writer of the journal, can they escape the treacherous nature of the beasts of Nether?
