In this transformational book – the first of its kind – bestselling author David Hamilton fuses science with self-help to offer simple yet powerful strategies for learning to love yourself. Throughout *I Heart Me*, you will learn that loving yourself means more than feeling good about yourself or being kind to yourself – it's about being self-confident, being able to express yourself without fear, being unconcerned about whether you're liked, and living your own life – not someone else's idea of what your life should be. With the most up-to-date research and findings on the subject of self-love, this book offers simple ways to achieve significant breakthroughs in your own journey to self-acceptance. You will be guided through powerful exercises that will leave you feeling better about yourself than you have ever felt before. Ultimately, you will learn not only how to love yourself, but how you can actually wire this self-love into your brain with lasting effects, bringing you unprecedented happiness and peace.

As part of the Christian Science and New Thought movements, Holmes believed in the transformative power of positive thinking and the innate ability of every person to affect their world and heal their body through proper use of their mind. In this, his first book, published in 1919, he explains the underlying beliefs of Religious Science and New Thought. Students of religion and history will be interested to read Holmes's new cosmology, linking mind and universe in a truly unique fashion, and anyone looking to improve their lives may find his method to be a powerful new tool. American author and preacher ERNEST SHURTLEFF HOLMES (1887-1960) began studying Christian Science at age twenty-one and in 1912 built a church to spread the message of the New Thought movement. His particular teachings came to be called Religious Science, which he codified in his most influential work, *The Science of Mind* (1926).

This is a Summary of Pam Grout's *E-Squared: Nine Do-It-Yourself Energy Experiments That Prove Your Thoughts Create Your Reality*. *E-Squared* could best be described as a lab manual with simple experiments to prove once and for all that reality is malleable, that consciousness trumps matter, and that you shape your life with your mind. Rather than take it on faith, you are invited to conduct nine 48-hour experiments to prove there really is a positive, loving, totally hip force in the universe. Yes, you read that right. It says prove. The experiments, each of which can be conducted with absolutely no money and very little time expenditure, demonstrate that spiritual principles are as dependable as gravity, as consistent as Newton's laws of motion. For years, you've been hoping and praying that spiritual principles are true. Now, you can know. *E-Squared* proves the following:

1. There is an invisible energy force or field of infinite possibilities.
2. You impact the field and draw from it according to your beliefs and expectations.
3. You, too, are a field of energy.
4. Whatever you focus on expands.
5. Your connection to the field provides accurate and unlimited guidance.
6. Your thoughts and consciousness impact matter.
7. Your thoughts and consciousness provide the scaffolding for your physical body.
8. You are connected to everything and everyone else in the universe.
9. The universe is limitless, abundant, and strangely accommodating.

Over the next twelve months, with Alan's help, Katrina tackled and overcame many of the obstacles holding her back. Dealing with issues that every woman will relate to--criticism, emptiness, balance, family, and creativity (among others)--the twelve chapters in Breathing Space follow Katrina's ups and downs in New York. At the end of each chapter there is a simple but effective breathing exercise that will help readers eliminate harmful behavior patterns and speed their own process of personal transformation. ACIM, the Fun Version! A real-world rewrite of the lessons of A Course in Miracles by the #1 New York Times best-selling author of E-Squared. A Course in Miracles is profound, deeply moving, and as boring to read as a bookshelf assembly manual. Ask for a show of hands at any self-help gathering, and 95 percent will happily admit to owning the dense blue book that's a famous resource for spiritual transformation. Ask the obvious follow-up, "How many have actually read it?" and all but a smattering of hands go down. It's as if everyone wants the miracles, the forgiveness, and the mind shifts, but they just can't bear its ponderous heaviness. Pam Grout to the rescue! Her new book is for all those still struggling with the Course. Grout offers a modern-day rewrite of the 365-lesson workbook-the text at the heart of the Course. Unlike the original, it's user-friendly, accessible and easy for everyone to understand. In daily lessons with titles like "The Home Depot of Spiritual Practices" and "Transcending the Chatty Asshat in My Head," Grout drills down to the Course's essential message and meaning, grounding it in the context of everyday life in a way that's bound to stick. The lessons here blend eternal truths with pop culture and personal stories that are laugh-out-loud funny and deeply soul-stirring, often at the same time. You won't be tempted to use this Course in Miracles as a doorstop. You'll want to use it, every day, to change your life.

New in paperback from the author of Outrageous Openness: a witty and spirited guide to radically releasing the burdens of financial fears. It's natural to crave prosperity. Some seek to manifest it in myriad ways--using anything from vision boards to writing a pretend check for a million dollars from the Bank of Divinity. Yet whatever comes, or doesn't, the mind always seems to want more. But what if there was a whole other way? Instead of grasping and

chasing, what if we offered everything--our money (or lack of it), our triumphs, our problems, our desires--fully back to Love? What if this offering itself was actually the secret to abundance? Tosha Silver, internationally beloved spiritual guide, has created a practical and powerful financial book unlike any other. Leading you through a deeply transformative eight-week process, she shares the mental, emotional, and spiritual steps that anyone can take to learn to fully receive and prosper. Her step-by-step guidance is filled with prayers, meditations, and stories to help you find and heal the source of these fears and unworthiness. As you come to know you are part of something larger--something that you serve and that longs to serve you--you begin to feel a new sense of freedom and abundance. You yourself become a vehicle for Divine Flow.

In the West, we have everything we could possibly need or want—except for peace of mind. So writes Linda Leaming, a harried American who traveled from Nashville, Tennessee, to the rugged Himalayan nation of Bhutan—sometimes called the happiest place on Earth—to teach English and unlearn her politicized and polarized, energetic and impatient way of life. In Bhutan, if I have three things to do in a week, it's considered busy. In the U.S., I have at least three things to do between breakfast and lunch. After losing her luggage immediately upon arrival, Leaming realized that she also had emotional baggage—a tendency toward inaction, a touch of self-absorption, and a hundred other trite, stupid, embarrassing, and inconsequential things—that needed to get lost as well. Pack up ideas and feelings that tie you down and send you lead-footed down the wrong path. Put them in a metaphorical suitcase and sling it over a metaphorical bridge in your mind. Let the river take them away. Forced by circumstance and her rustic surroundings to embrace a simplified life, Leaming made room for more useful beliefs. The thin air and hard climbs of her mountainous commute put her deeply in touch with her breath, helping her find focus and appreciation. The archaic, glacially paced bureaucracy of a Bhutanese bank taught her to go with the flow—and take up knitting. The ancient ritual of drinking tea brought tranquility, friendship, and, eventually, a husband. Each day, and each adventure, in her adopted home brought new insights and understandings to take back to frantic America, where she now practices the art of "simulating Bhutan." This collection of stories, impressions, and suggestions is a little nudge, a push, a leg up into the rarefied air of paradise—of bright sunlight and beautiful views.

Professionals predict this will be a key growth area for years to come; the voluntourists themselves find it a rewarding activity, good for body and soul. With its elegant two-color design, playful cover, and winningly positive goal, it's a travel guide with heart, inexpensive yet inspiring—an ideal gift book for people who care to share. From building houses in Appalachia to saving sea turtles in Costa Rica to teaching English in Thailand, this book is a rich resource of ways to use your skills to help out the world and reap some lasting benefits yourself. Like its two

"In Uncharted, internationally acclaimed intuitive counselor and "spiritual cartographer" Colette Baron Reid, whose best-selling books include *The Map and Messages from Spirit*, shows us that in the new normal of uncertainty, we can overcome the challenge of feeling disoriented, scared, and helpless and chart a path to new possibilities. It's in the places unfamiliar to us--the uncharted places--where magic lies. Here we can claim our innate power to give birth to an extraordinary life and become who we are called to become. Colette explains, "When we're lost, we all want a map--but maps can only tell us where we've been." All of us, personally and collectively, are headed somewhere new, to a future that has not yet been imagined, and we're creating it as we go. With her trademark passionate candor and reassuring humor, as well as input from a wise, loving consciousness who call themselves "Fred," Colette guides us on a journey of co-creation through five interconnected realms--the Realms of Spirit, Mind, Light, and Energy, Form. Whatever we wish to experience and manifest, if we start in the realm of Form, trying to fix our lives and think our way out of our problems, we end up living inauthentically and feeling disappointed. But if we orient ourselves in the Realm of Spirit first, a magical process of transformation begins within, from which we can manifest a new reality far better than we might ever have imagined. Following this path, we get to experience what we came to create in the Realm of Form, and watch as our fear gives way to a deep sense of purpose and enthusiasm for participating in the co-creative process. Throughout *Uncharted* are fresh and exciting exercises drawn from Colette's trademarked

It's Not Just About the Money True wealth is not about buckets of cash. True wealth is not about designer clothes. It is not about a new Mercedes. It is not about living in a palatial estate. True wealth, asserts David Gikandi, is about discovering value within yourself and value within other people. It is about a kind of conscious living that incorporates gratitude, a belief in abundance, and the experience of joy. Based on the recent discoveries of theoretical physics and a close reading of inspirational classics of the last century, Gikandi creates a new model for the creation of personal wealth; a new model that shows readers how to create abundance by saving, giving, offering charity, and building happy relationships. Learn to use an internal mantra to build wealth consciousness. Practice conscious and deliberate thoughts and intentions. Decide, define, and set goals you can believe in. Practice gratitude, giving, and faith, and experience abundance and joy in your life. Includes a 16-page study guide—for individuals and group use.

From the afterlife—a new perspective on your life "I know this may come as a shock, and you know I'm not fond of using stale one-liners, but—'reports of my death have

been greatly exaggerated.' I'm as alive now as I was on the day we met, except, maybe, more so." If the dead could speak, don't you wonder what they would say to those of us they've left behind? What would they tell us to soothe our sorrow for their loss, calm our fears of what happens when we die, and fire us up to live the best possible lives we can right now? In pages filled with wisdom, humor, and, yes, joy, New York Times best-selling author Mike Dooley explores our most pressing and profound questions about the afterlife—and this life—from the fresh perspective of those who have made the transition to the next phase. Among the revelations and insights they share: · We were ready; you are not. · There's no such thing as a devil or hell. · We're sorry for any pain we may have caused. · Your pets are just as crazy, brilliant, and loving here as they were there. · Nothing we say can prepare you for the beauty of the moment you arrive. You'll learn that our loved ones are not lost to us; that our time on earth is both a school and an adventure; that, all appearances to the contrary, life truly is fair; and that we have it in us to reshape our own fortunes, starting today.

This gem of a book presents God as a positive life force that, when tapped, can send our lives spinning in an exciting new direction. It explains how spiritual "experiments" work, and provides concrete instructions for using these principles to improve one's life. Ten spiritual concepts are introduced, with a suggested 48-hour experiment to prove each one. Some examples of these principles are: 1) There's a power and force in the universe that can heal; 2) Your thoughts create your reality; and 3) By directing your mind, you can create more abundance, joy, and love in your life. Written in a conversational, contemporary voice, *God Doesn't Have Bad Hair Days* will appeal to the spiritual believer who's a fan of such bestsellers as *The Prayer of Jabez* and *Simple Abundance*, as well as to the spiritually curious who seek fulfillment outside traditional Christian denominations. The spiritual skeptic, too, will be drawn to this attractive book and its cheeky, no-nonsense tone.

I've reinvented my career, my interests, my life, many times over the past twenty years. This is the book I wish I had at the beginning of that long and often volatile journey. I found when I outsourced my self-esteem to only one outcome, disaster resulted. Reinvention was the key to ensuring that the outcomes in life were positive ones. And now the entire world: technology, governments, the shifting landscapes of opportunity and success, are all turning upside down, forcing us to reinvent as individuals and as a culture. Along my own journey I have read and encountered dozens of other successful leaders, artists, entrepreneurs, and mentors who I have learned the art of reinvention from. The journey has been intense. The obstacles were hard fought. And the adventures that led to me now finally sharing it all in this book has been both painful and exhilarating. I describe specific techniques, share stories, tell the stories of others, and give the ultimate guide to not only how but why it is critical for people to master the skills of reinvention. What I've learned: change is the only constant. Companies decay, technologies disappear, governments change, relationships change and opportunity is a shifting landscape. Reading the stories and learning the critical skills taught in *Reinvent Yourself* is how I found my own way through the chaos of change and onto the path of new opportunity and success. Again, this is the book I wish I had in my hands twenty years ago although I am glad that I am writing it now.

Bestselling author and mystic Lorna Byrne teaches us how to have more compassion for both ourselves and others and to see all the love around us in this powerful and moving book—perfect for fans of Louise Hay and Doreen Virtue. Lorna Byrne, an Irish mystic, has been seeing angels since she was a baby, but she sees even more than that. In *Love from Heaven*, she reveals for the first time that she sees love as a physical force. Lorna first became conscious that the angels were teaching her about love when she was five years old, and today she can see how love manifests in each of us. She sees that newborn babies are full of pure love and that many teenagers and adults seem surrounded at the heart level by a transparent but ironlike band, which restricts that love. We are all pure love, but nine out of ten of us have locked away most of this love within ourselves. This love remains there, though—indestructible and ready to be released, if only we can learn to love ourselves first. *Love from Heaven* will transform the way you think about love, stir up the love within, and make you more compassionate, leading to a happier life for you and those around you.

Despite what you might have been told, we're not inherently selfish. The truth is we're inherently kind. Scientific evidence has proven that kindness changes the brain, impacts the heart and immune system, is an antidote to depression and even slows the ageing process. We're actually genetically wired to be kind. In *The Five Side Effects of Kindness*, David Hamilton shows that the effects of kindness are felt daily throughout our nervous system. When we're kind we feel happier and our bodies are healthiest. In his down-to-earth and accessible style, David shares how:

- Kindness makes us happier
- Kindness is good for the heart
- Kindness slows ageing
- Kindness improves relationships
- Kindness is contagious

*You are Enough* explores why we have become so worried about what other people think of us, and what our infatuation with comparison can cause on physical, mental, emotional and spiritual levels. If you are sick of striving, or feeling like a perfectionist comparer, here are the practical tools for getting out of the comparison trap, so that you can learn to accept yourself as you are, and revel in the sense of peace and ease that this brings. Are you sick of giving yourself a hard time? Have you had enough of comparing yourself to others? Do you feel that nothing you do is good enough? It

doesn't have to be this way. Because guess what? Your worth is innate—you can't earn it with accomplishments or by hitting your goals ... which means you can't lose it when you think you haven't done enough. It's time to let go of the negative thoughts that keep telling you that you'll only be more when you work harder ... that keep you stuck, constantly comparing yourself to those around you. It's time to understand what your body is trying to tell you when you're burning out, pushing yourself to your limits, and chasing self-worth, achievements and perfectionism. You are enough. Knowing this starts with accepting yourself. And the shift to true self-acceptance is realising you're already enough.

bestselling author of E-Squared Pam Grout invites you on a yearlong "apprenticeship" to recognize and unleash your innate creativity. Making art does not necessarily mean painting a gallery-worthy still life or belting out a Grammy-winning song. It simply means finding a way to give your inner muse a voice in this world. Sure, there's drawing, dancing, singing, and writing. But there's also art to be made from creating your own pair of angel wings or inventing a new toy or curating your own at-home film festival. Each week features a project of self-examination, an inspirational message, a real-world example of a celebrity who has addressed similar obstacles, and three zany activities to awaken your infinite creativity. It's time to declare the beat of your own drum.

Important disclaimer: This book is not for everyone—just those who want to have more fun, more adventures, and more magic in their life. Thank & Grow Rich is for anyone interested in hooking up with the magnanimous energy field of the cosmos. Author Pam Grout, who likes to call herself the Warren Buffet of Happiness, says it all starts with getting on the frequency of joy and gratitude. Thanking (rather than thinking) puts us on an energetic frequency—a vibration—that calls in miracles. Science has proven that when we observe the world from a place of gratitude, when we use our attention to spot beauty and gaze at wonder, we develop the capacity to radically rev up our day-to-day experience. Brazen gratitude, it seems, provides a portal—an entry point—straight into the heart of the field of infinite possibilities described in Grout's bestseller E-Squared. This book also offers an updated perspective on abundance, which goes way beyond financial capital. It shows readers how to grow and expand their creative capital, their social capital, their spiritual capital, and much, much more! There's even an abundance worksheet that tracks your thank-and-grow rich portfolio and a money-back guarantee offering four personalized gifts straight from the always-accommodating universe. Your credit union might offer a butter dish or a koozie, but an investment in this book comes with your own personal sign from the universe, an answer to an important question, a customized totem, and a one-of-a-kind gift from the natural world. But more importantly, this 30-day experiment will upgrade your life experience from ho-hum to wahoo! From like sucks to life rocks! From woe is me to yippie-ti-yi-yay!!

Imagine you're sitting on a cushion with your legs crossed, ready to tap into unlimited joy. There's just one problem: You can't get comfortable (let alone still), and your head is full of way too many thoughts. The problem is not with meditation, or you, though—the issue may be with your approach. When properly understood and practiced, meditation should feel easy, calming, and comfortable. In Bliss More, maverick instructor Light Watkins provides the tools for making it E.A.S.Y. (Embrace, Accept, Surrender, Yield), dispels the biggest myths and misunderstandings, and shares real-world tips and straight talk for hacking into this ancient practice. The result: a happier and healthier you, inside and out. Watkins also shares candid testimonials from people whose lives have been enriched through his method, and extensive resources for transforming a daily chore into an enjoyable activity. Even the biggest skeptic will look forward to sitting for meditation every day. Whether you're a novice or experienced practitioner, Bliss More will shed light on the path to a clearer mind, better sleep, and more bliss in everyday life. There's more to creative visualization than meets the eye! In this groundbreaking volume, first published in 1967, Ophiel lays out the 10 Laws of Creative Visualization. Once understood, they are as simple and as real as the laws of gravity or magnetism. In other words, they work. Ophiel tells us how to do -- and undo -- the magic of visualization. Whether we want a new job, a new house, a new relationship, or a warm coat -- we can manifest that which will create happiness and comfort in our lives. And, should we discover that we've gotten it wrong -- that we neither want nor need what we've visualized, there are techniques to undo what has been done. Along with the theory, Ophiel offers plenty of practice in working with symbols, visualizing physical reality, making a "treasure chart, " and understanding the role of emotion in visualization. Work with the symbols in the book and learn how to create your own. This is practical metaphysics at its best. Love spells are forever, but if you want the object of your affection to go away, Ophiel tells you how to do that as well.

This inspirational book delivers messages of healing, awareness, and well-being. A companion to the popular Daily OM Website, it is a valuable guide that will enable you to find balance and wellness through conscious awareness. As you read these passages, which touch on topics including meditation, relationships, nature, and more, you'll see that they'll make the journey of your life much more meaningful. The gentle and affirming wisdom contained within these pages is intended to make each of your days a little happier, less stressful, and more satisfying. It will introduce you to elements of Mother Nature's majesty that you may never have noticed before, guide you as you discover the inward peace you've longed for, and inspire you to embrace change in every corner of your existence. As you open your mind to the possibilities contained within, you'll discover that the power to create a fulfilling and more purposeful life was in you all along.

Don't face reality. Create reality! E-Squared could best be described as a lab manual with simple experiments to prove once and for all that reality is malleable, that consciousness trumps matter, and that you shape your life with your mind. Rather than take it on faith, you are invited to conduct nine 48-hour experiments to prove there really is a positive, loving, totally hip force in the universe. Yes, you read that right. It says prove. The experiments, each of which can be conducted with absolutely no money and very little time expenditure, demonstrate that spiritual principles are as dependable as gravity, as consistent as Newton's laws of motion. For years, you've been hoping and praying that spiritual principles are true. Now, you can know. E-Squared proves the following: 1. There is an invisible energy force or field of infinite possibilities. 2. You impact the field and draw from it according to your beliefs and expectations. 3. You, too, are a field of energy. 4. Whatever you focus on expands. 5. Your connection to the field provides accurate and unlimited guidance. 6. Your thoughts and consciousness impact matter. 7. Your thoughts and consciousness provide the scaffolding for your physical body. 8. You are connected to everything and everyone else in the universe. 9. The universe is limitless, abundant, and strangely accommodating.
