At the age of twelve, Sophie Caco is sent from her impoverished village of Croix-des-Rosets to New York, to be reunited with a mother she barely remembers. There she discovers secrets that no child should ever know, and a legacy of shame that can be healed only when she returns to Haiti--to the women who first reared her. What ensues is a passionate journey through a landscape charged with the supernatural and scarred by political violence, in a novel that bears witness to the traditions, suffering, and wisdom of an entire people.

English Alive! is a four-book series designed specifically to meet the needs of English students in Caribbean secondary schools. The series adopts a lively and exciting new approach to the study of English, helping students to become more confident in their use of English and ultimately succeed at their exam.

The Olympiad sample papers have been developed by experts in their respective fields to make students familiar with the syllabus covered in the exam and the question-asking pattern followed by the marking scheme. Set on the lines of MCQ (Multiple Choice Questions) format adopted in the exam, there are two sets of papers on each of Mathematics, Science, Cyber and English Olympiads for Class 4. Answers keys are given to enable students to verify the correctness of the answers. Where necessary, steps to solving questions are also given. Students can practice through these papers, check their scores, and assess their level of preparedness and knowledge. This kind of meticulous attention to detail is sure to help them make a smart plan and strategy for preparation of these challenging NCO, NSO, IEO and IMO exams. From the sample papers, students will get a fair idea about the type of questions asked in the examination. In this series, we present for students a full range of sample papers from Class 1st to 10th. Syllabus, question patterns, and marking arrangements are given so that the student can learn and prepare for the exam accordingly. These sample papers will prove to be of premier importance while preparing for the Olympiad exams.

middle-class Jamaicans, to leave the USA to go to Jamaica to teach. But for Anthony Winkler the reason was simple: he wanted to go home. This autobiographical account of the year that he spent at a rural teacher training college flashes back to the Jamaica of the narrator's childhood, recounting incidents and vignettes that shed light on the muddle of competing personalities, doctrines and images of self currently vying for center stage in the tumult of Jamaican life. Emerging from the story are hilariously drawn characters, contrasts between the Jamaican and American outlook, and lessons about the perils of superimposing a foreign ideology onto a native culture. "I am a Jamaican writer, who by force of circumstances and luck, lives in the United States. I am keenly interested in the cultural chasm that exists between people of different countries, and I have mainly aimed my writing at that theme. Odd things always seem to be popping about me in the United States, and I must periodically run home to Jamaica for a taste of normalcy." -Anthony Winkler. 'Anthony Winkler is a man who lives and breathes the island's culture's and customs, speaks and writes in the musical rhythms of its language, understands the unending struggle for survival and dignity that is every Jamaican's lot.' -Vincent Coppola, Atlanta Magazine Cover illustration: 'The Visit' by Albert Artwell, reproduced with the permission of the Hardingham Collection. About the Author Anthony C. Winkler was born in Kingston, Jamaica. He was educated at Mount Alvernia Academy then Cornwall College in Montego Bay, and California State University in Los Angeles. He is the author of several textbooks in English and Public Speaking which are widely used in American colleges and universities. His first novel, *The Painted Canoe*, was published by Kingston Publishers in 1983, followed by *The Lunatic* in 1987 and *The Great Yacht Race* in 1992. American editions of the first two novels were published by Lyle Stuart in 1986 and 1987 respectively. All three novels met with international critical acclaim, and the movie *The Lunatic* was released in 1990. Mr. Winkler currently lives in Atlanta, Georgia, with his wife and two children.

The companion to The Call of the Wild + Free: styled in the lush aesthetic of the Wild + Free brand, a four-color book offering crafts, activities, and essays, that parents, educators, and caregivers can use to inspire their children. Wild + Free Handcrafts is a beautiful, four-color resource book for parents, educators, and caregivers to enjoy doing hands-on activities with kids. A handcraft engages one's hands, requires a level of learned skill, encourages children to do their best work, and produces an end product that is useful. It has been used in homeschool settings for decades as one way to encourage them to work with their hands and discover a skillful craft they love to practice. It also is a great way for traditionally educated kids who are home for the summer, or in afterschool programs, or with their families on the weekends, to do fun activities that will stimulate their imaginations and creativity. This book will feature crafts such as: Felted acorns Paper beads Nature wreaths Cocoa mint lip balm Woven willow hearts Finger knit bracelets Eco-dyed kitchen towels Fairy tale treehouse Flower crowns Bug hotel With

Maya Angelou's unforgettable collection of poetry lends its name to the documentary film about her life, *And Still I Rise*, as seen on PBS's *American Masters*. Pretty women wonder where my secret lies. I'm not cute or built to suit a fashion model's size But when I start to tell them, They think I'm telling lies. I say, It's in the reach of my arms, The span of my hips, The stride of my step, The curl of my lips. I'm a woman Phenomenally. Phenomenal woman, That's me. Thus begins "Phenomenal Woman," just one of the beloved poems collected here in Maya Angelou's third book of verse. These poems are powerful, distinctive, and fresh—and, as always, full of the lifting rhythms of love and remembering. *And Still I Rise* is written from the heart, a celebration of life as only Maya Angelou has discovered it. "It is true poetry she is writing," M.F.K. Fisher has observed, "not just rhythm, the beat, rhymes. I find it very moving and at times beautiful. It has an innate purity about it, unquenchable dignity. . . . It is astounding, flabbergasting, to recognize it, in all the words I read every day and night . . . it gives me heart, to hear so clearly the caged bird singing and to understand her notes."

The cultural and linguistic complexity of postcolonial Trinidadian society is cleverly portrayed in this beautifully written West Indian novel. Hodge uses the voice of the central character, Tee, to tell a story that begins with two young children forced to live first with their aunt Tantie and then with Aunt Beatrice. Tantie's world overflows with hilarity, aggression, and warmth. Aunt Beatrice's Creole middle-class world is pretentious and exudes discriminatory attitudes toward people of color in the lower classes. As we follow Tee from childhood to young adulthood, we share the diversity and richness of her struggle to exist in two worlds, fit in with relatives and classmates, learn from differing cultures, and carve out her identity. In addition to Hodge's powerful, evocative writing and messages, readers are treated to an insightful introduction and study questions, written by Roy Narinesingh, that prompt fruitful discussions of postcolonial issues.

In *Teaching Creative Thinking: Developing Learners Who Generate Ideas and Can Think Critically*, Bill Lucas and Ellen Spencer

define and demystify the essence of creative thinking, and offer action-oriented and research-informed suggestions as to how it can best be developed in learners. Where once it was enough to know and do things, young people now need more than subject knowledge in order to thrive: they need capabilities. Teaching Creative Thinking is the first title in the three-part Pedagogy for a Changing World series, founded upon Lucas and Spencer's philosophy of dispositional teaching a pedagogical approach which aims to cultivate in learners certain dispositions that evidence suggests are going to be valuable to them both at school and in later life. A key capability is creative thinking, and, in 2021, one of the guardians of global comparative standards, PISA, is recognising its importance by making creative thinking the 'innovative assessment domain' to supplement their testing of 15-year-olds' core capabilities in English, maths and science. Creative thinkers are inquisitive, collaborative, imaginative, persistent and disciplined and schools which foster these habits of mind in learners need to be creative in engaging children and young people by embedding creativity into their everyday educational experiences. In this extensive enquiry into the nature and nurture of creative thinking, the authors explore the effectiveness of various pedagogical approaches including problem-based learning, growth mindset, playful experimentation and the classroom as a learning community and provide a wealth of tried-and-tested classroom strategies that will boost learners' critical and creative thinking skills. The book is structured in an easy-to-access format, combining a comprehensive listing of practical ideas to stimulate lesson planning with expert guidance on integrating them into your practice, followed by plenty of inventive suggestions as to how learners' progress can be assessed and tracked along the way by both the pupil and the teacher. The authors then go further to offer exemplars of success by presenting case studies of schools' innovations in adopting these approaches, and dedicate a chapter to dispelling any pressing doubts that teachers may have by exposing the potential pitfalls and offering advice on how to avoid them. Venturing beyond the classroom setting, Teaching Creative Thinking also delves into the ways in which a school can work towards the provision of co-curricular experiences such as partnering with a range of external community groups and better engage its leadership team and pupils' parents with the idea of creative thinking in order to support learners with opportunities to grow. The authors offer many examples which will inspire schools to do just this, and collate these ideas into building a framework for learning that equips young people in schools today with the twenty-first century skills and capabilities that will enable them to thrive in the workforce of tomorrow. Replete with research-led insight and ready-to-use strategies, Teaching Creative Thinking is a powerful call to action and a practical handbook for all teachers and leaders, in both primary and secondary settings, who want to embed a capabilities approach in their schools.
