Lawyers, You Can Revitalize Your Career Starting Today. Whether you are in law school or a senior partner at an Am Law 100 firm, this book can help you revitalize your career to find the perfect job and create your ideal career. Benjamin Barton, a law professor at the University of Tennessee, in his recent book on the legal profession, stated that only "44 percent of BigLaw lawyers report satisfaction with their careers." According to a 2014 Gallup poll, only 32.4% of professionals in the United States were engaged with their jobs. And over 15% were actively disengaged. There is a disconnect between lawyer's passions and their work. Some lawyers detest their jobs. Others tolerate their work for the paycheck. Either way, these lawyers are detached and dissatisfied with their jobs. They desire something deeper and more meaningful in their work and career. This book can help you revitalize your career and achieve success, prosperity, and personal fulfillment. Success, prosperity, and personal fulfillment as you, and only you, define those terms. The Professional Prosperity For Lawyers System Through the career revitalization system in this book, you will use your strengths to achieve goals reflecting your personal vision of an ideal career. You will explore jobs aligned with who you are and create a career path you have only dreamed of pursuing. Your career revitalization is based on two central premises. First, lawyers must view their career as a business. Whether you are a lawyer at the largest law firm in the world or are a sole practitioner, you are a business. Your career should be run like a business. Second, run your business as an entrepreneur if you want to be successful, prosperous, and personally fulfilled. If you want to realize your dreams of a perfect job and ideal career, the career revitalization process provides the framework. Use the framework, follow the process, and take the actions. You will get your perfect job and create your ideal career. A career giving you the freedom to do the work you what you want to do. When you want to do it. And, with the people you want to do it with. Imagine getting up in the morning looking forward to your day. Being rested and full of energy. Controlling your schedule. Working on projects that interest and excite you. Collaborating with people you like and respect. Taking time off to spend with family and friends. Having time for leisure activities or working on projects outside your job. This career revitalization system is grounded in the practices, processes and actions of many lawyers who are successful, prosperous and personally fulfilled. You will live your dreams by implementing the career revitalization process. Why I Can Help You Revitalize Your Career I had a successful legal career, developed a book of business over \$3.5 million, was an equity partner at two Am Law 100 firms, was an in-house counsel at a publicly traded investment bank, went from in-house counsel to a law firm partner and left the law on several occasions. Most importantly, I know how you can achieve success, prosperity and personal fulfillment, and I have a strong desire to help you discover the path to your ideal career and life. I also endured decades of boredom and stress as a practicing lawyer. I disliked much of my work and was frequently disengagement from it. Substance abuse, bouts of depression, divorce, and financial issues are part of my career story. And, consideration of suicide on more than one occasion. I could not enjoy the fruits of my career "success" story. I am now on a mission. A mission to help you create an epic career of success, prosperity and personal fulfillment. Now is the time to take action. Start today by buying and reading this book.

Talsy and Chanter return to the peaceful vale, where she gives birth to his son - a creature of the chaos. Travain has stunted Mular powers and a Trueman personality, making him dangerous and unpredictable, and he is also angry at his father's apparent neglect. Mular, however, do not care for their children, who are born fully formed and independent. Travain grows quickly, and is everything Chanter warned Talsy he might be. Chanter finds the last piece of the broken Staff of Law and makes it whole, but the laws are lost. His first son is born on the eastern continent they left behind so long ago, but he is blinded by strange golden lights in his mind. He names himself Law, and finds shelter in a hive of semi-ants. The next generation are manants, and attack him, forcing Law to flee into the chaos. In his search for shelter, he travels to the western continent, where Truemen capture him. The wind informs Chanter of his plight, and Talsy insists that they save him. That means venturing into the chaos once more, and now it is far worse than it was before.

Companies all over the world could greatly benefit from moving part of even all their staff to work from home as virtual employees. Using the techniques and strategies inside The Invisible Organization, all that is possible quickly and efficiently. If you are the CEO of a company that could benefit by generating more profits, shedding overhead and thriving staff, this book is a must read. Penned by former CEO of Tony Robbins and Chet Holmes Business Breakthroughs, International, Russo successfully scaled the company with nearly 100% growth per year, and about 300 remote staff, owning no infrastructure. Russo helps clients create the leadership management strategy as outlined in his book and advises CEOs on moving "virtual" with confidence. Why is this book different than other books on working virtually? Because it comes from the CEOs perspective as an operating executive; dealing with the strategy of creating momentum around changing the company, slowly at first and then accelerating as results prove viable. The book is more of a blueprint designed to accomplish this singular act of internal revolution.

IN A PLACE OF PEACE DURING A TIME OF WAR THE UNFORGIVEN WILL NOT GO FORGOTTEN. Edenville, 1940. In a rural hamlet where the majority of men are overseas to fight Hitler's Nazi war machine, someone is killing veterans of the first world war. Wartime Special Constable 'Lame' Eddie Sommers, a crippled rich boy and the butt of derision, is doing his best to fill a uniform he believes in, yet wears too large. Inexperienced and out of his depth, he turns to a former detective and veteran of the western front for assistance. Involving Marshall Geary might be his biggest mistake. Marshall wears a copper mask, as much to hide behind as to conceal his disfigurements. He struggles against howling flashbacks and the lingering stench of his own concealed crimes. In a town meant for sanctuary, repressed horrors awaken like worms in a collapsing coffin. The closer they get to the truth, the nearer everyone is dragged to their limits, their failings and their buried pasts.

Appropriate for one-semester courses in Administrative Law at both college and university levels. Legal concepts and Canadian business applications are introduced in a concise, one-semester format. The text is structured so that five chapters on contracts form the nucleus of the course, and the balance provides stand-alone sections that the instructor may choose to cover in any order. We've made the design more reader-friendly, using a visually appealing four-colour format and enlivening the solid text with case snippets and extracts. The result is a book that maintains the strong legal content of previous editions while introducing more real-life examples of business law in practice.
