A fun, funny, yet practical gift book containing 100 removable stickers that congratulate supposed grown-ups on a job well done... or at least a job done. Despite official reports, members of Generation X and younger feel completely and totally ill-prepared to deal with anything. They still, as purportedly self-sufficient adults, look toward Baby Boomers and the Greatest Generation and think, How did they do that? So the easiest and best way to find comfort is to look not ahead at uncertainty (or, heaven forbid, around at the chaos currently surrounding them), but to the past to their simpler childhoods. The generation who championed the coloring book-as-relaxation trend grew up in a world in which they spent hours obsessing over, trading, and decorating with stickers. And it is with brightly colored stickers that they will finally find peace of mind. For a little while, at least. Filled with 100 full-color removable stickers that can be used to decorate journals, notebooks, or your lapel to proudly and publicly proclaim life's little victories, *I Adulted!* is the ideal nostalgic and practical book for anyone who feels a sense of accomplishment by making it through a day without calling their mother for help.

A Halloween-themed Little Golden Book based on the hit Disney Junior show *Mickey and the Roadster Racers!* It's Halloween, and Mickey Mouse, Donald Duck, Goofy, and the rest of the gang are ready for the Hot Dog Hills Halloween race! They're dressed in

costumes--and so are their roadsters! But who is fast enough--and brave enough--to beat the Haunted Hot Rod? Children ages 2 to 5 will love this Little Golden Book, which retells an episode of the Disney Junior show Mickey and the Roadster Racers. In Mickey and the Roadster Racers, more story takes place off the road than on it! With each new adventure the gang faces, it's up to Mickey to use his wits and ingenuity to save the day.

Hailed as one of the fathers of Saturday morning television,

Read Free Ghostbusters 1000 Sticker Book

Lou Scheimer was the co-founder of Filmation Studios, which for over 25 years provided animated excitement for TV and film. Always at the forefront, Scheimer's company created the first DC cartoons with Superman, Batman, and Aquaman, ruled the song charts with The Archies, kept Trekkie hope alive with the Emmy-winning Star Trek: The Animated Series, taught morals with Fat Albert and the Cosby Kids, and swung into high adventure with Tarzan, The Lone Ranger, and Zorro. Forays into live-action included Shazam! and The Secrets of Isis, plus groundbreaking special effects work on Jason of Star Command and others. And in the 1980s, Filmation single-handedly caused the syndication explosion with He-Man and the Masters of the Universe and its successors. Now, Lou Scheimer tells the entire story to best-selling author Andy Mangels, including how his father decked Adolf Hitler, memories of the comics of the Golden Age, schooling with Andy Warhol, and what it meant to lead the last all-American animation company through nearly thirty years of innovation and fun! Profusely illustrated with photos, model sheets, storyboards, presentation art, looks at rare and unproduced series, and more — plus stories from top animation insiders about Scheimer and Filmation's past, and rare Filmation art by Bruce Timm, Adam Hughes, Alex Ross, Phil Jimenez, Frank Cho, Gene Ha, and Mike McKone — this book shows the Filmation Generation the story behind the stories!

A puzzle book with a hauntingly good twist. This is no conventional 'seek-and-find.' Each of the detailed, full-color pages is packed with out-of-context items and blood-curdling continuity errors that only a true fan can spot. The perfect holiday gift for the Ghostbusters fan in your life! What is a Nerd Search? It's a chance to nitpick your favorite stuff! We all adore discussing our top movies and TV shows. Be honest, we even love to find fault with them. Well, here we

provide the faults! This is not your ordinary search-and-find book, but a diabolical test of your nerdular knowledge of your favorite topic. Instead of simply locating lost objects, you have to spot tiny errors no one but an obsessive superfan could spot. Let us explain our categories... **NERD ALERT** Look out for continuity errors - things that just shouldn't be there. For example, it could be a character who wasn't in the scene, or a gadget that wasn't used at that point in time. In the Mr. Stay Puft-busting scene, for example, Janine should not be fighting alongside the guys - or the Library Ghost should not appear at all. **MOVIE MIX-UPS** These are items or characters that are simply in the wrong movie. If our featured scene is Slimer Showdown, from the first movie, then we should not see Dr. Janosz Poha from the sequel, cowering behind a table in the Sedgewick Hotel ballroom. Misplaced items can be anything from the Ecto-1 (before it was customized) to jars of mood slime or a stray spook. **MYTHS AND MANIFESTATIONS** To really test your ghostbusting credentials we've added five 'out-of-universe' monsters, spooks or demons into every spread. Simply spot if they are from the original Ghostbusters movies or not - and, for extra points, identify them! Our special feature on page 6 is there to help you. **SUPER QUIBBLES** There are just five of these in the entire book; they are errors relating to behind-the-scenes information, such as a character from a deleted scene appearing. Or maybe it is something planned for the movie that never made the final version. If you check out the scoring system below they will put you in reach of a score of biblical proportions, enabling you to hit a significant number...

"These Characters are people we know--they're our quirky neighbors, our creepy bosses, our blind dates from hell. Sharp-tongued Theophrastus, made sharper than ever in this fresh new edition, reminds us that Athenian weirdness is as ageless as Athenian wisdom."

-Mary Beard, Professor of Classics at Cambridge University, presenter of BBC's Civilisations
The more things change, the more they stay the same:

Theophrastus' Characters, a classical Greek text newly translated for a modern audience, is a joyful festival of fault-finding. The book outlines 30 characters, each crystallizing a human flaw all readers will immediately recognize, and is a humorous survey of failings, follies, and bad behavior taken straight off the streets of Athens and brought into our everyday fraught and divisive social and political scene. Brilliantly illustrated by acclaimed artist Andre Carrilho, this is an irresistible treasure of a book. WHEN ARISTOTLE WROTE that "comedy is about people worse than ourselves," he may have been recalling a hard-edged gem of a treatise written by his

favorite student, Theophrastus. Theophrastus' Characters is a joyous festival of fault-finding: a collection of thirty closely observed personality portraits, defining the full spectrum of human flaws, failings, and follies. With piquant details of speech and behavior taken straight off the streets of ancient Athens, Theophrastus gives us sketches of the mean, vile, and annoying that are comically distorted yet vividly real. Enlivened by Pamela Mensch's fresh translation--the first widely available English version in over half a century--Theophrastus' Characters transports us to a world populated by figures of flesh and blood, not bronze and marble. The wry, inventive drawings help evoke the cankered wit of this most modern of ancient texts. Lightly but helpfully annotated by classicist James Romm, these thirty thumbnail portraits are startlingly recognizable twenty-three centuries later. The characters of Theophrastus are archetypes of human nature that remain insightful, caustic, and relevant.

In anticipation of the new Ghostbusters feature film coming to theaters Summer 2020, we look back at the Boys in Grey's first year on the job, showcasing never-before-seen adventures! After defeating Gozer and becoming heroes in the city, county, and state of New York, a publisher has decided to cash in with a biography of the boys in grey and sends a writer to interview them all for background. Starting with Winston, who relates the story of his very first bust, so we can finally know what kind of... ahem, stuff he's seen that'll turn you white! adaptation of the classic film Setting: New York City. Kid scientists Peter Venkman, Ray Stantz, and Egon Spengler are investigating ghosts and other paranormal activity in the city. They see their first ghost (Slimer) in the NYC Public Library and that leads them to create the Ghostbusters, setting up their "club" in an old firehouse. Soon, business is booming as the kids are recruited to capture ghosts throughout the city. Winston Zeddemore and Janine Melnitz become the club's first two important additions. But there is something sinister happening at an apartment building and the Ghostbusters must put a stop to it (and the Stay Puft marshmallow man) before the city is overrun with ghouls.

In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, and hailed by *School Library Journal* as "honest, funny, and immensely entertaining." The Cut is a Brexit novel. The story offers a fictional response to a complex issue. It is also a plot-driven page-turner by one of the most exciting novelists in the country. Cairo Jukes, a boxer from Dudley, supports himself on zero-hour contracts. He has grown up among the canals – or the cuts – that web the Black Country like the open veins of an old industrial order. Then he meets Grace, a successful documentary film maker from London. The Cut will not put you at ease. It describes a relationship built on misunderstandings, intolerance and guilt – one where each side desires something that the other cannot give. 'Writing The Cut made me understand that we live in a country where we see prejudice in others but not in ourselves. This is a lesson that I, and my two characters Cairo and Grace, have tried to learn, with varying levels of success. It is a hard lesson for us all.' Anthony Cartwright: Why Peirene chose to commission this book: 'The result of the EU

referendum shocked me. I realized that I had been living in one part of a divided country. What fears – and what hopes – drove my fellow citizens to vote for Brexit? I commissioned Anthony Cartwright to build a fictional bridge between the Britains that opposed each other on referendum day.’ Meike Ziervogel, publisher at Peirene Press Praise for Anthony Cartwright: ‘A writer with a wonderful ear ... and an unblinking sense of Britain as it is today. Anthony Cartwright’s patient, attentive storytelling shines a glowing light on areas of our common experience that the English novel usually consigns to darkness.’ Jonathan Coe ‘A compelling protest against simple answers that lingers in the mind long after the final page.’ Wyl Menmuir ‘A bittersweet elegy to Britain’s battered working classes.’ Metro This officially-licensed kit includes a 4" mini replica of the Ghost Trap from the Ghostbusters films. Complete with light and sound features, this cool gadget will help aspiring Ghostbusters capture those pesky ghosts on their next ghost hunt. Kit also includes a mini book of full-color stickers.
