"The satisfaction of understanding how rainbows are formed, how ice skaters spin, or why ocean tides roll in and out-phenomena that we have all seen or experienced-is one of the best motivators available for building scientific literacy. This book attempts to make that sense of satisfaction accessible to non-science majors. Intended for use in a one-semester or two-quarter course in conceptual physics, this book is written in a narrative style, frequently using questions designed to draw the reader into a dialogue about the ideas of physics. This inclusive style allows the book to be used by anyone interested in exploring the nature of physics and explanations of everyday physical phenomena"--

On visiting Jim Humble, who treats HIV and Cancer in an African clinic as a cold, I saw the necessity to write down all the practical information that I had made with MMS in my own environment and in various travels to Mozambique in books, in order to take the barrier away from the sceptics for the use of MMS. Maybe you are one of the people that no longer believe in wonders, due to your illness and long sufferings. This is okay, for although MMS stands for Miracle Mineral Solution," it works naturally and in healing it is nothing extraordinary. In the book "MMS - DISEASES EASY TO CURE," you can read how you can get healthy in the simplest way and live a happy life. In Africa, Jim Humble healed HIV, Cancer and a lot of other diseases within 3 weeks and Malaria within 4 hours. At the same time, I documented my experiences with MMS, Moringa Oleifera and the development of various projects in Africa in the travelogue with lots of beautiful photographs. One part of the profit made by selling the books goes to the projects in Mozambique. All the information about MMS is copyrighted and belongs to Jim Humble as the spiritual father. That's why we pay royalties to Jim Humble and support all his projects.
