

Hbr Guide To Project Management

Projects are the engines that drive innovation from idea to commercialization. In fact, the number of projects in most organizations today is expanding while operations is shrinking. Yet, since many companies still focus on operational excellence and efficiency, most projects fail--largely because conventional project management concepts cannot adapt to a dynamic business environment. Moreover, top managers neglect their company's project activity, and line managers treat all their projects alike--as part of operations. Based on an unprecedented study of more than 600 projects in a variety of businesses and organizations around the globe, "Reinventing Project Management" provides a new and highly adaptive model for planning and managing projects to achieve superior business results.

Managing Projects Large and Small: The Fundamental Skills for Delivering on Cost and On Time When it comes to project management, success lies in the details. This book walks managers through every step of project oversight from start to finish. Thanks to the book's comprehensive information on everything from planning and budgeting to team building and after-project reviews, managers will master the discipline and skills they need to achieve stellar results without wasting time and money. The Harvard Business Essentials series is for managers at all levels but is especially relevant for new managers. It offers on-the-spot guidance, coaching, and tools on the most relevant topics in business. Each book includes the critical information that managers need on a given topic--from budgeting to hiring to communication to strategy--and offers interactive tools and worksheets that translate advice into action. Providing ready answers to day-to-day issues, these guides make sound, trusted mentoring advice available whenever managers need it. Other Books in the HBE Series: **Managing Change and Transition Hiring and Keeping the Best People Finance for Managers Business Communications Innovation Negotiation**

Every day begins with the same challenge: too many tasks on your to-do list and not enough time to accomplish them. Perhaps you tell yourself to just buckle down and get it all done—skip lunch, work a longer day. Maybe you throw your hands up, recognize you can't do it all, and just begin fighting the biggest fire or greasing the squeakiest wheel. And yet you know how good it feels on those days when you're working at peak productivity, taking care of difficult and meaty projects while also knocking off the smaller tasks that have been hanging over your head forever. Those are the times when your day didn't run you—you ran your day. To have more of those days more often, you need to discover what works for you given your strengths, your preferences, and the things you must accomplish. Whether you're an assistant or the CEO, whether you've been in the workforce for 40 years or are just starting out, this guide will help you be more productive. You'll discover different ways to: Motivate yourself to work when you really don't want to Take on less, but get more done Preserve time for your most important work Improve your focus Make the most of small pockets of time between meetings Set boundaries with colleagues—without alienating them Take time off without tearing your hair out Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

While some of us enjoy a lively debate with colleagues and others prefer to suppress our feelings over disagreements, we all struggle with conflict at work. Every day we navigate an office full of competing interests, clashing personalities, limited time and resources, and fragile egos. Sure, we share the same overarching goals as our colleagues, but we don't always agree on how to achieve them. We work differently. We rub each other the wrong way. We jockey for position. How can you deal with conflict at work in a way that is both professional and productive—where it improves both your work and your relationships? You start by understanding whether you generally seek or avoid conflict, identifying the most frequent

reasons for disagreement, and knowing what approaches work for what scenarios. Then, if you decide to address a particular conflict, you use that information to plan and conduct a productive conversation. The HBR Guide to Dealing with Conflict will give you the advice you need to: Understand the most common sources of conflict Explore your options for addressing a disagreement Recognize whether you—and your counterpart—typically seek or avoid conflict Prepare for and engage in a difficult conversation Manage your and your counterpart's emotions Develop a resolution together Know when to walk away Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Make every minute count. Your calendar is full, and yet your meetings don't always seem to advance your work. Problems often arise with unrealistic or vague agendas, off-track conversations, tuned-out participants who don't know why they're there, and follow-up notes that no one reads—or acts on. Meetings can feel like a waste of time. But when you invest a little energy in preparing yourself and your participants, you'll stay focused, solve problems, gain consensus, and leave each meeting ready to take action. With input from over 20 experts combined with useful checklists, sample agendas, and follow-up memos, the HBR Guide to Making Every Meeting Matter will teach you how to: Set and communicate your meeting's purpose Invite the right people Prepare an achievable agenda Moderate a lively conversation Regain control of a wayward meeting Ensure follow-through without babysitting or haranguing Arm yourself with the advice you need to succeed on the job, from a source you trust. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

ARE YOUR WORKING RELATIONSHIPS WORKING AGAINST YOU? To achieve your goals and get ahead, you need to rally people behind you and your ideas. But how do you do that when you lack formal authority? Or when you have a boss who gets in your way? Or when you're juggling others' needs at the expense of your own? By managing up, down, and across the organization. Your success depends on it, whether you're a young professional or an experienced leader. The HBR Guide to Managing Up and Across will help you: Advance your agenda—and your career—with smarter networking Build relationships that bring targets and deadlines within reach Persuade decision makers to champion your initiatives Collaborate more effectively with colleagues Deal with new, challenging, or incompetent bosses Navigate office politics

The one primer you need to launch, lead, and sponsor successful projects. We're now living in the project economy. The number of projects initiated in all sectors has skyrocketed, and project management skills have become essential for every leader and manager. Still, project failure rates remain extremely high. Why? Leaders oversee too many projects and have too little visibility into them. Project managers struggle to translate their hands-on, technical knowledge up to senior management. The result? Worthy projects are starved of time and resources and fail to deliver benefits, while too much investment goes into the wrong projects. To compete in the project economy, you need to close this gap. The HBR Project Management Handbook shows you how. In this comprehensive guide, project management expert Antonio Nieto-Rodriguez presents a new and simple framework that will increase any project's likelihood of success. Packed with case studies from many industries worldwide, it will teach you how to manage your organization's projects, strategic programs, and agile initiatives more effectively and push the best ones ahead to completion. Timeless yet forward-looking, this book will help you win in the project-driven world. In the HBR Project Management Handbook you'll find: Everything you need to know about project management in practical, nontechnical language A definitive taxonomy of project types, from product launches to digital transformations to megaprojects A road map for becoming an effective project leader and

executive sponsor A new, simple, and universal project framework, the Project Canvas, that breaks down any project into essential building blocks that can be easily understood by all project stakeholders Original concepts and exclusive case studies from public- and private-sector organizations worldwide You'll learn: A common language for project managers and executives to run successful projects across your organization When to use agile, traditional, or hybrid methods in your projects The twelve principles of successful projects, including purpose, agility, and a focus on outcomes Techniques for selecting and advancing the best projects and managing a strategic and balanced project portfolio How today's projects will help address some of the most pressing global trends, including automation, sustainability, diversity, and crisis management Why project management needed to be reinvented and what the future holds HBR Handbooks provide ambitious professionals with the frameworks, advice, and tools they need to excel in their careers. With step-by-step guidance, time-honed best practices, and real-life stories, each comprehensive volume helps you to stand out from the pack—whatever your role.

Arm yourself with the advice you need to succeed on the job, from the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges Also available as an ebook set.

"You've got a great idea that will increase revenue or productivity--but how do you get approval to make it happen? By building a business case that clearly shows its value. Maybe you struggle to win support for projects because you're not sure what kind of data your stakeholders will trust, or naysayers always seem to shoot your ideas down at the last minute. Or perhaps you're intimidated by analysis and number crunching, so you just take a stab at estimating costs and benefits, with little confidence in your accuracy. To get any idea off the ground at your company you'll have to make a strong case for it. This guide gives you the tools to do that"--

A Guide to the Project Management Body of Knowledge (PMBOK® Guide) provides generalized project management guidance applicable to most projects most of the time. In order to apply this generalized guidance to construction projects, the Project Management Institute has developed the Construction Extension to the PMBOK® Guide. This Construction Extension provides construction-specific guidance for the project management practitioner for each of the PMBOK® Guide Knowledge Areas, as well as guidance in these additional areas not found in the PMBOK® Guide:

- All project resources, rather than just human resources
- Project health, safety, security, and environmental management
- Project financial management, in addition to cost
- Management of claims in construction

This edition of the Construction Extension also follows a new structure, discussing the principles in each of the Knowledge Areas rather than discussing the individual processes. This approach broadens the applicability of the Construction Extension by increasing the focus on the “what” and “why” of construction project management. This Construction Extension also includes discussion of emerging trends and developments in the construction industry that affect

the application of project management to construction projects.

No project management training? No problem! In today's workplace, employees are routinely expected to coordinate and manage projects. Yet, chances are, you aren't formally trained in managing projects—you're an unofficial project manager.

FranklinCovey experts Kory Kogon, Suzette Blakemore, and James Wood understand the importance of leadership in project completion and explain that people are crucial in the formula for success. *Project Management for the Unofficial Project Manager* offers practical, real-world insights for effective project management and guides you through the essentials of the people and project management process: Initiate Plan Execute Monitor/Control Close Unofficial project managers in any arena will benefit from the accessible, engaging real-life anecdotes, memorable "Project Management Proverbs," and quick reviews at the end of each chapter. If you're struggling to keep your projects organized, this book is for you. If you manage projects without the benefit of a team, this book is also for you. Change the way you think about project management—"project manager" may not be your official title or necessarily your dream job, but with the right strategies, you can excel.

Zeroing in on the specific skills that make great managers stand out from the pack, this comprehensive guide is both an essential primer for new managers and a valuable resource for seasoned executives. From hiring and retaining good people to motivating and developing team members, from understanding key financial statements to delegating work effectively, and from setting goals for others to managing your own career, this actionable guide walks readers through every aspect of managing in a complex business world. Filled with practical tools and tips, this essential toolkit helps managers to stay at the top of their game.

Are your employees meeting their goals? Is their work improving over time?

Understanding where your employees are succeeding—and falling short—is a pivotal part of ensuring you have the right talent to meet organizational objectives. In order to work with your people and effectively monitor their progress, you need a system in place.

The HBR Guide to Performance Management provides a new multi-step, cyclical process to help you keep track of your employees' work, identify where they need to improve, and ensure they're growing with the organization. You'll learn to: Set clear employee goals that align with company objectives Monitor progress and check in regularly Close performance gaps Understand when to use performance analytics Create opportunities for growth, tailored to the individual Overcome and avoid burnout on your team Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Don't let a fear of numbers hold you back. Today's business environment brings with it an onslaught of data. Now more than ever, managers must know how to tease insight from data--to understand where the numbers come from, make sense of them, and use them to inform tough decisions. How do you get started? Whether you're working with data experts or running your own tests, you'll find answers in the HBR Guide to Data Analytics Basics for Managers. This book describes three key steps in the data analysis process, so you can get the information you need, study the data, and communicate your findings to others. You'll learn how to: Identify the metrics you need to measure Run experiments and A/B tests Ask the right questions of your data experts Understand

statistical terms and concepts Create effective charts and visualizations Avoid common mistakes

You've been asked to manage a key project--or perhaps you've volunteered for an assignment that could advance your career. So how do you make sure the project succeeds? *Managing Projects* walks you quickly through the basics, including: Drawing up a realistic schedule and project plan Monitoring key tasks and benchmarks Communicating with stakeholders Bringing the project to a close Don't have much time? Get up to speed fast on the most essential business skills with HBR's 20-Minute Manager series. Whether you need a crash course or a brief refresher, each book in the series is a concise, practical primer that will help you brush up on a key management topic. Advice you can quickly read and apply, for ambitious professionals and aspiring executives--from the most trusted source in business. Also available as an ebook.

The Standard for Portfolio Management – Fourth Edition has been updated to best reflect the current state of portfolio management. It describe the principles that drive accepted good portfolio management practices in today's organizations. It also expands the description of portfolio management to reflect its relation to organizational project management and the organization.

Discusses how readers can make persuasive presentations that inspire action, engage the audience, and sell ideas.

Get your best work done, no matter where you do it. Video calls from your couch. Project reports in a coffee shop. Presentations at your kitchen table. Working remotely gives you more flexibility in how and where you do your job. But being part of a far-flung team can be challenging. How can you make remote work work for you? *The HBR Guide to Remote Work* provides practical tips and advice to help you stay productive, avoid distractions, and collaborate with your team, despite the distance that separates you. You'll learn to: Create a regular work-from-home routine Identify the right technology for your needs Run better virtual meetings Avoid burnout and video-call fatigue Manage remote employees Conduct difficult conversations when you can't meet in person Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Help your people reach their potential. As a manager, it's your responsibility to ensure your team is motivated and performing at a high level. But recent data reveals abysmal engagement levels among workers around the globe. How do you fix the problem--before your most talented people walk out the door? By understanding what drains your employees, you can increase their job satisfaction and push them toward achieving their goals. *The HBR Guide to Motivating People* provides practical tips and advice to help your team find meaning in their work, build on their strengths, and produce the best results for the organization. You'll learn how to: Pinpoint the root causes of lackluster performance Tailor rewards and recognition to individuals Connect routine work activities to a higher purpose Support your employees' growth and development

Prevent burnout--especially in your top performers Create a culture of engagement Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

IS YOUR WORKLOAD SLOWING YOU—AND YOUR CAREER—DOWN? Your inbox is overflowing. You're paralyzed because you have too much to do but don't know where to start. Your to-do list never seems to get any shorter. You leave work exhausted but have little to show for it. It's time to learn how to get the right work done. In the HBR Guide to Getting the Right Work Done, you'll discover how to focus your time and energy where they will yield the greatest reward. Not only will you end each day knowing you made progress—your improved productivity will also set you apart from the pack. Whether you're a new professional or an experienced one, this guide will help you: Prioritize and stay focused Work less but accomplish more Stop bad habits and develop good ones Break overwhelming projects into manageable pieces Conquer e-mail overload Write to-do lists that really work

Are you suffering from work-related stress? Feeling overwhelmed, exhausted, and short-tempered at work—and at home? Then you may have too much stress in your life. Stress is a serious problem that impacts not only your mental and physical health, but also your loved ones and your organization. So what can you do to address it? The HBR Guide to Managing Stress at Work will help you find a sustainable solution. It will help you reach the goal of getting on an even keel—and staying there. You'll learn how to:

- Harness stress so it spurs, not hinders, productivity
- Create realistic and manageable routines
- Aim for progress, not perfection
- Make the case for a flexible schedule
- Ease the physical tension of spending too much time at your computer
- Renew yourself physically, mentally, and emotionally

We all wish we could sharpen key management skills like writing more effective emails or proposals, focusing to-do lists on what really matters, giving more persuasive presentations, or dealing with a boss who makes you want to scream. But who has the time? The HBR Guides can help.

If you're new to project management or need to refresh your knowledge, *Project Management Essentials, Third Edition*, is the quickest and easiest way to learn how to manage projects successfully. The simple techniques and templates in this book provide you with the essential tools you'll need to be an effective project manager. It's as simple as that. Read the book and discover: How to plan well - to decide on the right things to do; The key skills and knowledge you'll need to be effective; How to create an effective charter to start projects off right; Guidelines for building a usable project plan; Tips for breaking project work into manageable pieces; Techniques for estimating project cost and schedule; How to build a team; Strategies to deal with conflict, change, and risk; How to report on the progress of the project and keep everyone concerned happy. Project

Management Essentials is written in short, clear chapters to make project management more easily understood. The authors, all valued senior faculty of PM College, use both their business experience and their academic backgrounds to make these chapters come alive. This updated edition complies with the latest project management standard, the PMBOK Guide 5th Edition.

The one primer you need to develop your leadership skills. Put aside all the overhyped new frameworks, the listicles, the "10 best things you need to succeed as a leader today." The critical leadership practices--the ones that will allow a leader to make the biggest impact over time--are well established. They're about how you create a vision and inspire others to follow it. How you make difficult strategic choices. How you lead innovation. How you get results. These fundamental skills are even more important today as organizations and teams become increasingly networked, virtual, agile, fast-moving, and socially conscious. In this comprehensive handbook, strategy and change experts Ron Ashkenas and Brook Manville distill proven ideas and frameworks about leadership from Harvard Business Review, interviews with senior executives, and their own experience in the field--all to help rising leaders stand out and have a big impact. In the HBR Leader's Handbook you'll find: Concise explanations of proven leadership frameworks from Harvard Business Review contributors such as Clayton M. Christensen and Michael E. Porter In-depth case studies of senior leaders such as Jim Wolfensohn at the World Bank, Paula Kerger at PBS, Darren Walker at the Ford Foundation, and Jim Smith at Thomson Reuters Step-by-step guidance to help you understand and start implementing six core leadership practices: building a unifying vision, developing a strategy, getting great people on board, focusing on results, innovating for the future, and leading yourself Bring strategy into your daily work. It's your responsibility as a manager to ensure that your work--and the work of your team--aligns with the overarching objectives of your organization. But when you're faced with competing projects and limited time, it's difficult to keep strategy front of mind. How do you keep your eye on the long term amid a sea of short-term demands? The HBR Guide to Thinking Strategically provides practical advice and tips to help you see the big-picture perspective in every aspect of your daily work, from making decisions to setting team priorities to attacking your own to-do list. You'll learn how to: Understand your organization's strategy Align your team around key objectives Focus on the priorities that matter most Spot trends in your company and in your industry Consider future outcomes when making decisions Manage trade-offs Embrace a leadership mindset

No More Headaches, Hypertension, or Heartburn If your work involves projects, then this book is for you. It will show every company owner and project manager—at businesses large and small—how to run projects differently. You'll benefit if you've ever:

- been over budget on a project
- exceeded a timeline on a project
- worked on a project that completely stalled as you neared the finish line
- lost money on a sure-thing project and had no idea why
- noticed that scope and feature creep held you back
- watched a project take three times as long as planned
- felt too embarrassed to perform a review of your successes and failures
- wondered whether your project

actually made any money By the time you finish the book, you'll be ready to implement Project Management for Profit in your own company—and be prepared to keep your projects on track and on budget.

The Harvard Business Review Project Management Collection is for anyone serious about project management. Project Management for Profit shows every company owner and project manager—at businesses large and small—how to run projects differently. Reinventing Project Management, based on an unprecedented study of more than 600 projects in a variety of businesses and organizations around the globe, provides a new and highly adaptive model for planning and managing projects to achieve superior business results. Also included in this collection are Managing Projects Large and Small, which will walk you through every step of project oversight from start to finish, and the HBR Guide to Project Management, which will help you: build a strong, focused team, break major objectives into manageable tasks, create a schedule that keeps all the moving parts under control, monitor progress toward your goals, manage stakeholders' expectations, and wrap up your project and gauge its success.

Based on a popular class taught by a Harvard Business School professor. If you're not a numbers person, then finance can be intimidating and easy to ignore. But if you want to advance in your career, you'll need to make smart financial decisions and develop the confidence to clearly communicate those decisions to others. In How Finance Works, Mihir Desai--a professor at Harvard Business School and author of The Wisdom of Finance--guides you into the complex but endlessly fascinating world of finance, demystifying it in the process. Through entertaining case studies, interactive exercises, full-color visuals, and a conversational style that belies the topic, Professor Desai tackles a broad range of topics that will give you the knowledge and skills you need to finally understand how finance works. These include: How different financial levers can affect a company's performance The different ways in which companies fund their operations and investments Why finance is more concerned with cash flow than profits How value is created, measured, and maximized The importance of capital markets in helping companies grow Whether you're a student or a manager, an aspiring CFO or an entrepreneur, How Finance Works is the colorful and interactive guide you need to help you start thinking more deeply about the numbers.

This big initiative could make or break this fiscal year--or your career. Managing a successful strategic initiative may be the key to transforming your company--and propelling your career forward. Yet running a cross-functional team on a high-profile project can present a multitude of challenges and risks, causing even the most experienced manager to struggle. The HBR Guide to Managing Strategic Initiatives provides practical tips and advice to help you manage all the stages of an initiative's life cycle, from buy-in to launch to scaling up. You'll learn how to: Win--and keep--support for your new initiative Move rapidly from approval to implementation Assemble transformative, high-performing initiative teams Maintain the confidence of sponsors and stakeholders Stay on schedule and within budget Avoid initiative overload by killing projects that aren't meeting business needs Keep multiple initiatives in strategic alignment Arm yourself with the advice you need to succeed on the job, from a source you trust. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Break down the barriers to effective collaboration. For cross-functional projects to work, you need to bring together diverse ideas and resources from across your organization. But office politics, conflicting objectives, and lack of clear authority can get in the way. The HBR Guide to Collaborative Teams provides practical tips and advice to help you collaborate more effectively. Whether you're leading your own direct reports or building a talented group from disparate parts of your organization, you'll discover how to align others' goals and skills so you can solve problems as a team and deliver great results. You'll learn to: Develop a shared purpose Bust departmental silos Lead employees who don't report to you Overcome conflict and turf wars Prevent collaborative overload and fatigue Use the right tools for virtual information sharing Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Great teams don't just happen. How often have you sat in team meetings complaining to yourself, "Why does it take forever for this group to make a simple decision? What are we even trying to achieve?" As a team leader, you have the power to improve things. It's up to you to get people to work well together and produce results. Written by team expert Mary Shapiro, the HBR Guide to Leading Teams will help you avoid the pitfalls you've experienced in the past by focusing on the often-neglected people side of teams. With practical exercises, guidelines for structured team conversations, and step-by-step advice, this guide will help you: Pick the right team members Set clear, smart goals Foster camaraderie and cooperation Hold people accountable Address and correct bad behavior Keep your team focused and motivated

Master the most critical professional skills with this five-volume set that covers topics from personal effectiveness to leading others. This specially priced collection includes books from the HBR Guide series on the topics of Getting the Right Work Done, Better Business Writing, Persuasive Presentations, Making Every Meeting Matter, and Project Management. You'll learn how to: Prioritize and stay focused Overcome procrastination Conquer email overload Push past writer's block Create powerful visuals Establish credibility with tough audiences Moderate lively conversations and regain control of wayward meetings Build a strong project team Create a realistic schedule--and stay on track Manage stakeholders' expectations Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

DON'T LET YOUR FEAR OF FINANCE GET IN THE WAY OF YOUR SUCCESS Can you prepare a breakeven analysis? Do you know the difference between an income statement and a balance sheet? Or understand why a business that's profitable can still go belly-up? Has your grasp of your company's numbers helped—or hurt—your career? Whether you're new to finance or you just need a refresher, this go-to guide will give you the tools and confidence you need to master the fundamentals, as all good managers must. The HBR Guide to Finance Basics for Managers will help you: Learn the language of finance Compare your firm's financials with rivals' Shift your team's focus from revenues to profits Assess your vulnerability to industry downturns Use financial data to defend budget requests Invest smartly through cost/benefit analysis This is the eBook of the printed book and may not include any media, website access

codes, or print supplements that may come packaged with the bound book. Succeed as a project manager, even if you've never run a project before! This book is the fastest way to master every project management task, from upfront budgeting and scheduling through execution, managing teams through closing projects, and learning from experience. Updated with more insights from the front lines, including agile approaches, dealing with security and privacy priorities, and leading remote/virtual teams, along with the latest on Microsoft Project and PMI standards and certifications and a special bonus chapter on preparing for the PMP certification. This book will show you exactly how to get the job done, one incredibly clear and easy step at a time. Project management has never, ever been this simple! Who knew how simple project management could be? This is today's best beginner's guide to modern project management... simple, practical instructions for succeeding with every task you'll need to perform! Here's a small sample of what you'll learn:

- Master the key skills and qualities every project manager needs
- Lead projects, don't just "manage" them
- Avoid 15 most common mistakes new project managers make
- Learn from troubled, successful, and "recovered" projects
- Set the stage for success by effectively defining your project
- Build a usable project plan and an accurate work breakdown structure (WBS)
- Create budgets and schedules that help you manage risk
- Use powerful control and reporting techniques, including earned value management
- Smoothly manage project changes, issues, risks, deliverables, and quality
- Manage project communications and stakeholder expectations
- Organize and lead high-performance project teams
- Manage cross-functional, cross-cultural, and virtual projects
- Work successfully with vendors and Project Management Offices
- Make the most of Microsoft Project and new web-based alternatives
- Get started with agile and "critical chain" project management
- Gain key insights that will accelerate your learning curve
- Know how to respond to real-life situations, not just what they teach you in school

How to manage any project on just one piece of paper The New One-Page Project Manager demonstrates how to efficiently and effectively communicate essential elements of a project's status. The hands of a pocket watch reveal the time of day without following every spring, cog, and movement behind the face. Similarly, an OPPM template reduces any project—no matter how large or complicated—to a simple one-page document, perfect for communicating to upper management and other project stakeholders. Now in its Second Edition, this practical guide, currently saving time and effort in thousands of organizations worldwide, has itself been simplified, then refined and extended to include the innovative AgileOPPM™. This Second Edition will include new material and updates including an introduction of the ground-breaking AgileOPPM™ and an overview of MyOPPM™ template builder, available on-line Includes references throughout the book to the affiliated sections in the Project Management Body of Knowledge (PMBOK®) Shows templates for the Project Management Office (PMO) This new and updated Second Edition will help you master the one-page approach to both traditional project management and Agile project management. (PMBOK is a registered marks of the Project Management Institute, Inc.) MEET YOUR GOALS—ON TIME AND ON BUDGET. How do you rein in the scope of your project when you've got a group of demanding stakeholders breathing down your neck? And map out a schedule everyone can stick to? And motivate team members who have competing demands on their time and attention? Whether you're managing

your first project or just tired of improvising, this guide will give you the tools and confidence you need to define smart goals, meet them, and capture lessons learned so future projects go even more smoothly. The HBR Guide to Project Management will help you:

- Build a strong, focused team
- Break major objectives into manageable tasks
- Create a schedule that keeps all the moving parts under control
- Monitor progress toward your goals
- Manage stakeholders' expectations
- Wrap up your project and gauge its success

Managing the human side of work Research by Daniel Goleman, a psychologist and coauthor of *Primal Leadership*, has shown that emotional intelligence is a more powerful determinant of good leadership than technical competence, IQ, or vision. Influencing those around us and supporting our own well-being requires us to be self-aware, know when and how to regulate our emotional reactions, and understand the emotional responses of those around us. No wonder emotional intelligence has become one of the crucial criteria in hiring and promotion. But luckily it's not just an innate trait: Emotional intelligence is composed of skills that all of us can learn and improve on. In this guide, you'll learn how to:

- Determine your emotional intelligence strengths and weaknesses
- Understand and manage your emotional reactions
- Deal with difficult people
- Make smarter decisions
- Bounce back from tough times
- Help your team develop emotional intelligence

Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Every organization has its share of political drama: Personalities clash. Agendas compete. Turf wars erupt. But you need to work productively with your colleagues—even the challenging ones—for the good of your organization and your career. How can you do that without compromising your integrity? By acknowledging that power dynamics and unwritten rules exist—and constructively navigating them. Whether you're a new professional or an experienced one, this guide will teach you how to:

- (1) Build relationships with difficult people,
- (2) gain allies and increase your sphere of influence,
- (3) wrangle resources,
- (4) move up without alienating your colleagues,
- (5) avoid power games and petty rivalries, and
- (6) claim credit when it's due.

DON'T LET YOUR WRITING HOLD YOU BACK. When you're fumbling for words and pressed for time, you might be tempted to dismiss good business writing as a luxury. But it's a skill you must cultivate to succeed: You'll lose time, money, and influence if your e-mails, proposals, and other important documents fail to win people over. The HBR Guide to Better Business Writing, by writing expert Bryan A. Garner, gives you the tools you need to express your ideas clearly and persuasively so clients, colleagues, stakeholders, and partners will get behind them. This book will help you:

- Push past writer's block
- Grab—and keep—readers' attention
- Earn credibility with tough audiences
- Trim the fat from your writing
- Strike the right tone
- Brush up on grammar, punctuation, and usage
