Accurate scientific information accompanies all of the fun of heading out to the backyard on a summer night to experience the bugs! In this colorful picture book, Himmelman introduces the sounds of "noisy bugs" and invites children to sing along with them. Each double-page spread focuses on one insect, with a line of text, such as "A Dog-Day Cicada buzzes LOUDLY high in a tree. / ZZZZZZZZ," and a meticulously drawn, large-scale image of the animal, with color, texture, and shading apparently added digitally. The big, bold images make the illustrations inviting to children, while the accurate depictions of individual insects reward closer study. Among those featured are the tiger moth (SQUEAKA-

SQUEAKA-SQUEAK), the mosquito (mmmmmm), and the bush katydid (tick-tick-tick zeezeezee). In contrast, the butterfly flies by in silence. An appended section provides the sound waves (on paper and, through a link, in audio files) recorded for each example; a paragraph of information about each bug and its sound; and good children's activities for related of insect sounds. A perfect book for: parents and teachers needing homeschool materials for kindergarten (or any grade!) anyone looking for singalong books for kids and toddlers! anyone looking for children's books to help instill an appreciation of our planet!
