„Der König ist tot – es lebe der König!“ Schmerzhaft zuckt dieser historische Ruf durch das Bewusstsein der Thronerbin des kleinen fiktiven europäischen Königreiches Sasson, als sie erfährt, dass ihre Eltern bei einem Terroranschlag ums Leben gekommen sind. Nun ist es an ihr ist, eine ganze Nation aus dem Chaos von Notstandsgesetzen, zerbombten Häusern, Korruption und Vetternwirtschaft herauszuführen. Doch mit unermüdlichem Fleiß, Aufopferungsbereitschaft und viel Mut stellt sie sich gemeinsam mit ihrem frisch zusammengetrommelten Team von Beratern, Bodyguards und einer kleinen Hand voll Freunden der Aufgabe, Sasson wieder auf sichere Füße zu stellen. Der Tradition ihres Landes folgend verpflichtet sie sich, mit all ihrer Kraft und jedem Mittel, das ihr zur Verfügung steht, für das Wohl ihres Staates zu kämpfen. Für ihr Land ist sie bereit zu leben und zu sterben. Und zu sterben wird von ihr schneller verlangt als es ihr recht ist.... Denn Thronerbin im 21. Jahrhundert zu sein bedeutet nicht, auf Bällen zu tanzen, sondern reale Probleme zu lösen in einer manchmal viel zu harten Welt.

The former VA secretary describes his fight to save veteran health care from partisan politics and how his efforts were ultimately derailed by a small group of unelected officials appointed by the Trump White House. Known in health care circles for his ability to turn around

ailing hospitals, Dr. David Shulkin was originally brought into government by President Obama to save the beleaguered Department of Veterans Affairs. When President Trump appointed him as secretary of the VA, Shulkin was as shocked as anyone. Yet this surprise was trivial compared to what Shulkin encountered as secretary: a team of political appointees devoted to stopping anyone -- including the secretary himself -- who stood in the way of privatizing the agency and implementing their political agenda. In this uninhibited memoir, Shulkin opens up about why the government has long struggled to provide good medical care to military veterans and the plan he had to solve these problems. This is a book about the commitment we make to the men and women who risk their lives fighting for our country, how the VA was finally beginning to live up to it, and why the new administration may now be taking us in the wrong direction.

What I am about to tell you is absolutely true. Whether you believe me or not, is completely up to you. I have had a remarkable experience and only wish to share it with you just in case a similar experience happens to you someday, which is very well possible. So sit back, relax, and get ready for a tale unlike any other you have heard. And most important, listen to your mind, it will explain this tale better than I ever could. For the mind holds the key to the story. Without your mind's ears, this story will never make sense. I invite you to the Life of Death, because Death truly does have life and walks with and lives through us every day

The first book was, "The Fancy" about Suga. This is the second book in our Cora's daughters - The Fancy Series. "Flight of Fancy" About Suga's older sister, Asiza. As in the case of all siblings, each child is different - and Asiza is most certainly one of Cora's daughters who has a problem - even though all six of her girls were raised to be a Fancy... Asiza's not interested. She has looks, as beautiful as they come, hazel green eyes to mesmerize. An appearance as delicate, as desirable, and as sweet as they come, however she is nothing of the sort. The man that purchased her - hadn't a clue of what he was getting himself into - nor his friends for that matter. If they only knew, they were about to enjoy the last of many good time - private parties with his new - Fancy. Crashing their party, sends this fancy on the run!

Those giving chase after her would learn the hard way, Asiza was different - a search party with the dogs, simply would not do. Desperate, the town hires a bounty hunter - Broc Wolf. They give him specific instructions. Bring her back DEAD - not alive. Bring back her head. Something told Broc Wolf not to accept the job, in fact before he even sets off, he doubts his ability to fulfill their request. After all, he'd never raised his hand in violence to a woman before in his life. Yet, of all the warnings they gave, not one of them cautioned him to guard his heart - once his eyes beheld the fancy - Asiza - he knew immediately, all bets were off.

powers, wavelengths, operation modes, repetition rates etc. facilitate the processing of a large spectrum of materials at exceptional precision and quality. Hence, manifold methods were established in the past and novel methods are continuously under development.

Biomimetics, the translation from nature-inspired principles to technical applications, is strongly multidisciplinary. This field offers intrinsically a wide scope of applications for laser based methods regarding structuring and modification of materials. This book is dedicated to laser fabrication methods in biomimetics. It introduces both, a laser technology as well as an application focused approach. The book covers the most important laser lithographic methods and various biomimetics application scenarios ranging from coatings and biotechnology to construction, medical applications and photonics.
