

I Can Make You Hate Charlie Brooker

A darkly comic and heartbreakingly honest YA novel about finding the courage to help a friend who can't stop hurting herself. Zoe and Hank (short for Hannah) have been inseparable since they met in elementary school. The leader of the pack, Zoe is effortlessly popular while Hank hides comfortably in her shadow. But when Zoe's parents unexpectedly divorce, Zoe's perfect facade starts cracking little by little. Sinking under the weight of her broken family, Zoe develops an eating disorder. Now she must rely on Hank for help. Hank struggles to help Zoe; after all, she is used to agreeing, not leading. How can she help her best friend get better before it's too late? Written partially in letters from Zoe and mostly in narrative from Hank's perspective, Abby Sher's *Miss You Love You Hate You Bye* is a poignant and eye-opening novel about friendship, mental health, and learning to put yourself first.

Nicholas Hunt is the man I hate. For good reason. His opinion of me is tainted by prejudice even before my arrival at his grandmother's estate, and my first impression of him is just as abysmal. His arrogance and icy demeanor make it clear that he's the type of man who's best handled at a distance. Fortunately, space shouldn't be an issue inside this Gilded Age mansion and its lush gardens. If I stick with the servants and he keeps to his sailboat and vintage Porsche, we should hardly cross paths at all. Unfortunately, at Rosethorn, I find that all roads eventually lead to Nicholas Hunt. Sparks fly as we spar at the dinner table. Fighting words are flung in the shadows of the palatial halls. We hang suspended in our hatred of one another, painfully oblivious to the heat and tension that build with every moment we're left alone. We're liable to kill one another, I think...right up until my eyes land on his lips and a new feeling grips hold of me: lust. What's worse? He knows it. They say you should keep your enemies close, but when Nicholas tightens his grip on my waist and draws me near, I'm not sure if it's out of loathing or love. One thing's for sure-I intend to find out.

Would you like to eat whatever you want and still lose weight? Who wouldn't? Keep dreaming, imbecile. In the meantime, if you'd like to read something that alternates between laugh-out-loud-funny and apocalyptically angry, keep holding this book. Steal it if necessary. In his latest collection of rants, raves, hastily spluttered articles and scarcely literate scrawl, Charlie Brooker proves that there is almost nothing in this universe, big or small, that can't reduce a human being to a state of pure blind hatred. It won't help you lose weight, feel smarter, sleep more soundly, or feel happier about yourself. It WILL provide you with literally hours of distraction and merriment. It can also be used to stun an intruder, if you hit him with it correctly (hint: strike hard, using the spine, on the bridge of the nose). ONLY A PRICK WOULDN'T BUY THIS BOOK. DON'T BE THAT PRICK.

A passionate and enthralling college romance. Two damaged souls on a path to obliteration. When they collide, will they heal each other, or are they damaged beyond repair? What's worse than losing someone you love? Blaming yourself for their death. Two years after a devastating accident, Calla is still full of guilt. But beyond the blame, other demons are prowling. Post-traumatic stress disorder. Poor grades. Insomnia. Estrangement. Calla is hopeful for a fresh start. A new beginning. She's in for an inscrutable surprise when her path collides with Ace's. Ace is an asshole-there's no denying that. He's rude, arrogant, and impulsive. A magnetic force comes out to play, hurling Calla into Ace at full speed without brakes to decelerate. And there's no fighting fate, no matter how cruel or unfair it seems. Soon, Calla is

addicted. Addicted to Ace-addicted to the elation he makes her feel. And she realizes that perhaps, they aren't so different after all. However, secrets are deeply entrenched and woven through their souls. When they finally unveil, will Calla be able to look past them, or will everything shatter beneath her?

From New Yorker and Onion writer and comedian Blythe Roberson, *How to Date Men When You Hate Men* is a comedy philosophy book aimed at interrogating what it means to date men within the trappings of modern society. Blythe Roberson's sharp observational humor is met by her open-hearted willingness to revel in the ugliest warts and shimmering highs of choosing to live our lives amongst other humans. She collects her crushes like ill cared-for pets, skewers her own suspect decisions, and assures readers that any date you can mess up, she can top tenfold. And really, was that date even a date in the first place? With sections like *Real Interviews With Men About Whether Or Not It Was A Date*; *Good Flirts That Work*; *Bad Flirts That Do Not Work*; and *Definitive Proof That Tom Hanks Is The Villain Of You've Got Mail*, *How to Date Men When You Hate Men* is a one stop shop for dating advice when you love men but don't like them. "With biting wit, Roberson explores the dynamics of heterosexual dating in the age of #MeToo" — *The New York Times*

Let's be honest: most people are unhappy with at least some aspect of their physical appearance. Just think of all the money we spend each year trying to improve our looks! But if worrying about your appearance is getting in the way of living, maybe it's time to start thinking about

Get Free I Can Make You Hate Charlie Brooker

body image in a completely new way. Based in proven-effective acceptance and commitment therapy (ACT), *Living with Your Body and Other Things You Hate* offers a unique approach to addressing your struggle with body image. In this book, you will not be told that your self-perceptions are wrong, that your thoughts are irrational, or that your feelings are misguided. Instead, you will learn to live with the reality that these often painful thoughts and beliefs about yourself will arise from time to time, and that what is really important is accepting these distressing thoughts without allowing them to dominate your life. You know what it's like to constantly be checking the mirror, to avoid certain social situations where your body may be exposed, or to gaze longingly at a fashion model in a magazine and think, "Why can't I be her?" But what you may not know is that people who struggle with negative body image are at an increased risk for depression, anxiety, eating disorders, and low self-esteem. Body image problems can even lead to major financial issues. By focusing on your appearance and little else, you are hurting yourself in more ways than one. If you are ready to find a purpose in life that is more important than the pain you feel about your appearance, this book provides a truthful, powerful resource.

They call me "The Devil." Deranged and violent. Gorgeous, but frightening. Men Series. A steamy, 18+ standalone novel. Nate Sullivan Keep this chick alive. Don't let her know I'm her bodyguard. What should be an easy task, something I'm trained for, and well practiced in, is a living nightmare. Presley is moody, thinks she's funny when she's not, impossible to track down, and highly unpredictable. As her Charge Man, I'm responsible for keeping her heart beating. The thing is, the closer I get to her, the more my own heart starts beating... for her. Charge Men don't ever fall in love. Especially with their infuriating Principals. It's forbidden. Presley Cohen I went into a protection program after my father tanked the world's economy. He is quite literally the most hated man in the world. Because of that, I'm a target. Gold Hawke, Colorado, isn't a place anyone dreams of visiting, let alone, living. It's a far cry from the glamorous, billionaire lifestyle I'm accustomed to, but at least I'm breathing. I created a redo bucket list. It's filled with things I would never be able to do in my former life in the spotlight. My new frenemy, Nate Sullivan, is infuriated by my list, but who doesn't want to join a roller derby team? Or strip at a strip club? Or ride a bull? Or make that exasperatingly attractive good guy fall in love with you? I have nothing left to lose.

I hate Jason Carsleigh. Gorgeous, sexy, perfect Jason Carsleigh. He was the golden boy in high school - the one every girl dreamed about. Except me. I have my reasons. He owes me big, so I'm calling in a favor. I need Jason as my date for my ex's wedding. He just has to wear a suit, look hot, and pretend he likes me. Then I'm done with him forever. I'm not going to tell him my

secrets. I'm not going to see the not-so-golden side no one else gets to see. I'm not going to fall for him. And I'm definitely not going to rip that sexy suit off him and do every dirty thing imaginable. But every time I get close to the guy I hate, I get in trouble. One date. How bad can it be? If he kisses me right now, I'll drown. Every sip of air is shallow and burning, because in the arms of my best friend's brother, I'm the closest I've ever been to sin. His eyes flick to my lips, and I remember the first time I

tasted him, seven years ago before I left this town and vowed never to return. His hands grip my waist, and I remember the pain when he rejected me, when my entire world crashed down at his command. His jaw clenches, and my senses come alive with one stinging reminder. I'm not his to kiss, and he's not mine. I tried to stay away from Tyler Wagner, putting an entire country between us. But when his sister's wedding brings us back to the same town, to the same house, I can't avoid him, no matter how hard I try. He's always there, his dark eyes bewitching, luring me into their depths. The memory of us pulls me under like a rip current, and when he flashes that smile, I lose my breath, along with my will, unable to escape his grip and find the surface. Now, hours before our plus ones arrive for the wedding, I'm in his arms, begging him to make me hate him, knowing he never could. If he kisses me right now, I'll drown. And I'll take him down with me.

INSTANT NEW YORK TIMES BESTSELLER * One of NPR's Best Books of 2020 "A provocative, absorbing read." — People "A feast of a read... I finished A Good Neighborhood in a single sitting. Yes, it's that good." —Jodi Picoult, #1 New York Times bestselling author of Small Great Things and A Spark of Light In Oak Knoll, a verdant, tight-knit North Carolina neighborhood, professor of forestry and ecology Valerie Alston-Holt is raising her bright and talented biracial son, Xavier, who's headed to college in the fall. All is well until the Whitmans—a family with new money and a secretly troubled teenage daughter—raze the house and trees next door to build themselves a showplace. With little in common except a property line, these two families quickly find themselves at odds: first, over an historic oak tree in Valerie's yard, and soon after, the blossoming romance between their two teenagers. A Good Neighborhood asks big questions about life in America today—what does it mean to be a good neighbor? How do we live alongside each other when we don't see eye to eye?—as it explores the effects of class, race, and heartrending love in a story that's as provocative as it is powerful.

I've tried to like Adrian Savage, the mercurial frontman

for Fugitive Summer, while serving as his band's opening act on tour. We're stuck together for three months, after all. And I'm well aware I'm lucky to be here. But it's proved impossible. He's far too rude and dismissive a guy to get along with. And way too good at getting under my skin. In fact, at this point, I think it's fair to say I downright hate his guts. Global thirst trap that he is, though, I'm finding it extremely difficult not to want to jump Savage's bones, despite how much he infuriates me. I hate myself for it. But my body is going rogue on me. It doesn't matter, though. I'm determined to resist him. In fact, what I've decided is that, as long as I'm here and stuck with him, I'm not only going to give Savage the sound tongue lashing nobody else around here has the balls to deliver, I'm going to bring that bad boy to his knees.

Kara High school sweethearts. What a load of bull. He might have been my first love, but it never meant I wanted to hear lyrics containing my name, love story, and *cringe* how I lost my virginity peddled out for the masses to digest. Seven years later, and I'm still being haunted by his photo in every magazine, his music on every radio station. I thought breakups meant that you never had to see the person again. Especially when they ripped out your heart and made hamburger meat with it. But when a chance encounter ends up going viral, I'm tied to him in a way I've always dreaded. And the last person on earth I'd want to spend an hour with, much less a lifetime, makes me an offer I can't refuse. I might just be desperate enough to take it. Dean The girl in the song is real. And she's made me a rich man. I've been dedicating choruses to her for a decade, she's the muse she never wanted to be. Off of our love, I've become famous ... and a complete egomaniac. Instead, I rope her into my madness, proposing a deal only a masochist would accept.

Yan Leng, a ghost from the Modern World. She yearned for kinship, but in the blink of an eye, the family that doted on her disappeared. Along the way, affection, friendship, and love came one after another. Among them, there were a few traces of sincerity, but no one was able to find it. In order to get revenge, she had experienced a few setbacks along the way. He, who was originally her enemy, had experienced life and death with her. He, who was originally her lover, had allowed her experience the mortal world. In this road of revenge, she had experienced all the love and hate in the mortal world. What choice would she make after being loved? Would the person she was destined to be with would accompany her? Or just pass by?

The uneasy

balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. Peggy Knickerbocker, a native San Franciscan, and daughter of a drama critic and a political activist, had a long and charmed career in the world of food. She taught cooking, ran a catering business in the 1970's and co-owned, with her childhood friend, Flicka McGurrin, two colorful restaurants, one still thrives on the waterfront with McGurrin as sole owner. In 1989 she left the business to write about food. At first she wrote steadily for magazines such as *Saveur*, *Food and Wine* and *Gourmet* and then went on to write four cookbooks, the last won a James Beard Award. She'd eaten her way through every continent by the time she was done writing about food. Along the way, Knickerbocker had the greatest friends and a fascinating life, including years in Paris. She'd wrestled most of her demons to the mat, but with men, she'd faltered. After an early divorce and one or two good relationships, she repeatedly under-served herself with her choices. Late in middle age, Peggy realized that she was quite satisfied with her life. That was when the man appeared. She'd never considered a businessman, let alone one originally from the Midwest. Since Knickerbocker had come of age in San Francisco's Bohemian North Beach during 70's, she'd gone for unconventional and often unavailable men. Robert

Fisher, a widower, a man with innumerable attractions, pursued her hotly. She clung to her independence only to realize she could have it all. She discovered the man with whom she'd spend her life, and, along the way, the subject of this book. One of this generation's hottest and boldest young comedians presents a transgressive and hilarious analysis of all of our dysfunctional relationships, and attempts to point us in the vague direction of sanity. Daniel Sloss's stand-up comedy engages, enrages, offends, unsettles, educates, comforts, and gets audiences roaring with laughter--all at the same time. In his groundbreaking specials, seen on Netflix and HBO, he has brilliantly tackled everything from male toxicity and friendship to love, romance, and marriage--and claims (with the data to back it up) that his on-stage laser-like dissection of relationships has single-handedly caused more than 300 divorces and 120,000 breakups. Now, in his first book, he picks up where his specials left off, and goes after every conceivable kind of relationship--with one's country (Sloss's is Scotland); with America; with lovers, ex-lovers, ex-lovers who you hate, ex-lovers who hate you; with parents; with best friends (male and female), not-best friends; with children; with siblings; and even with the global pandemic and our own mortality. In *Everyone You Hate Is Going to Die*, every human connection gets the brutally funny (and unfailingly incisive) Sloss treatment as he illuminates

Natalia My love life would be almost comical if it weren't so depressing. Why can't romance be like it is in the novels I love? I stupidly assume things can't

get any worse, but then I get fired from my job. Good one, universe. Now I have no choice but to work for my brother and his surly business partner, Anderson. We can't seem to get on the same page about anything. He's judgmental and rude, and I can't stand him. To make matters even more trying, he's ridiculously hot. Anderson I never agreed to bring on a new marketing manager, and certainly not her. My business partner leads with his heart, and when he hires his sister, her ability to crawl under my skin is insurmountable. So, why does she make my heart race every time she's close? When things escalate, I lose all semblance of control, which just makes me angrier. I can't keep my hands off her, even though she makes me crazy. Hatred can drive a person insane, but so can love. New York Times bestselling lead singer of Slipknot and Stone Sour's hilarious trawl through the endless backwaters of human stupidity Corey Taylor has had it. Had it with the vagaries of human behavior and life in this postmodern digital blanked-out waiting room that passes for a world. Reality TV, awful music, terrible drivers, megamalls, airports, family reunions, bad fashion choices, other people's monstrous children, and badly-behaved "adult" human beings are warping life in the twenty-first century into an often-unbearable endurance test of one's patience, fortitude, and faith. Funny, profane, blasphemous, and above all right on target, *You're Making Me Hate You* is pure Corey Taylor unleashed, exposing the underbelly of human depravity in all its ragged glory.
