I had always suspected the geographical authorities did not know what they were talking about when they located the battlefield of Munda in the county of the Bastuli-Poeni, close to the modern Monda, some two leagues north of Marbella. According to my own surmise, founded on the text of the anonymous author of the *Bellum Hispaniense*, and on certain information culled from the excellent library owned by the Duke of Ossuna, I believed the site of the memorable struggle in which Caesar played double or quits, once and for all, with the champions of the Republic, should be sought in the neighbourhood of Montilla. Happening to be in Andalusia during the autumn of 1830, I made a somewhat lengthy excursion, with the object of clearing up certain doubts which still oppressed me. A paper which I shall shortly publish will, I trust, remove any hesitation that may still exist in the minds of all honest archaeologists. But before that dissertation of mine finally settles the geographical problem on the solution of which the whole of learned Europe hangs, I desire to relate a little tale. It will do no prejudice to the interesting question of the correct locality of Monda. I had hired a guide and a couple of horses at Cordova, and had started on my way with no luggage save a few shirts, and Caesar's Commentaries. As I wandered, one day, across the higher lands of the Cachena plain, worn with fatigue, parched with thirst, scorched by a burning sun, cursing Caesar and Pompey's sons alike, most heartily, my eye lighted, at some distance from the path I was following, on a little stretch of green sward dotted with reeds and rushes. That betokened the neighbourhood of some spring, and, indeed, as I drew nearer I perceived that what had looked like sward was a marsh, into which a stream, which seemed to issue from a narrow gorge between two high spurs of the Sierra di Cabra, ran and disappeared.

Bilingual English-Portuguese (Portugal) Children's Book What happens if the world unexpectedly stands still for a moment? If, just like that, you are given a bit of time by sheer luck? This is exactly what happens in one of the biggest and busiest cities of the world, as a small snail crosses the street and makes traffic stop for half a day. A book

about things that you always wanted to do but never had the time for. Reviews "charming"-Kirkus Reviews "A proposal to improve the world"-Westfälische Nachrichten "interesting not just in its story or its message, but also in how it delivers that message. The colors and backgrounds have a rich sense of texture, unlike the majority of children's books."-ForeWord Clarion Reviews "beautiful"-Geizkragen Website "A creative bedtime story, which is also suitable for stressed adults. [...] In the bustle of the city, the animals seize the moment and become aware of how beautiful life can be without stress and hustle."-Designers in Action "sets out to demonstrate what can happen when we're true to ourselves, when we seize our day, when we live in the present, when we actually feel and enjoy the weather, when we are spontaneous, when we break from routine, when we defy expectation, and how these rather small acts of joy can inspire others"-Amazon Customer Review from the U.S. "fabulous"-Ehrensensf, Spiegel Online "The story of a little snail who triggers big changes"-Münstersche Zeitung Please note: This book is a bilingual picture book with a 1:1 translation created by human translators (see translator's credits for details).

For the last quarter century, Dan Jenkins has been fixing his cold-eyed stare and wisecracking style on the real-life Billy Clyde and Kenny Lee Pucketts of the sports world. You Call It Sports, But I Say It's a Jungle Out There is a collection of his best work from Sports Illustrated, Playboy, Golf Digest, and his nationally syndicated column, and includes a stack of new pieces written especially for this book. Jenkins

spares no one in his search for the culprits who have taken the fun out of sports: NFL owners and refs, PGA Tour administrators, basketball players who can't read, tennis players who can't speak English (or say anything worth hearing when they do). He also finds things worth celebrating: the electric charge given off by Arnold Palmer at his best, the excitement of a truly great college football game, or a real heavyweight champion, like Joe Louis. Overflowing with good ol' boys, great one-liners, famous sporting events, and barroom tales, this is the best of Dan Jenkins—which is to say, it's as good as sportswriting gets anywhere.

A cyanide capsule and a bullet to the head. This is how Adolf Hitler is about to kill himself. The date is the 30th of April, the year is 1945. Hitler and his wife of less than two days, Eva Braun, are together in the Fuhrerbunker, an underground complex near the Reich Chancellery in Berlin. Berlin itself is not yet under siege, but it is apparent to all that it soon will be. For the Allies have defeated the Wehrmacht in the Belgian Ardennes and have already crossed the Rhine into Germany. While at the same time, the Red Army are advancing westwards towards the German capital, unstoppable since their decisive victory at

Stalingrad. As a result, SS generals are now refusing to obey Hitler's orders. Stuck down in his bunker and feeling powerless, Hitler has begun to suffer a mental breakdown. The war is lost and he knows it now. Germany surrendered, unconditionally, a week after Hitler's death, on the 7th of May, 1945. The following day was declared Victory in Europe Day. The Second World War on the European continent was formally confirmed over. The war would continue in Asia for another three months, eventually ending on the 15th of August, 1945 - just over a week after the dropping of the Little Boy and Fat Man atomic bombs on the Japanese cities of Hiroshima and Nagasaki. Germany was in utter ruins and occupied by the armies of the Soviet Union, France, America, and Britain and her Commonwealth. Meanwhile the world had witnessed the utterly destructive power of atomic weapons. This was how the Second World War ended; it was also how the Cold War began. The Cold War would last nearly half a century, with flashpoints occurring in locations all across the globe; from Afghanistan to Vietnam, Korea to Cuba. The real Cold War battlefield, though, was in Germany. It was here where the militaries of the Soviet Union and the Warsaw Pact countries faced off against the militaries of America and her European NATO allies. It was here where the bulk of the nuclear missiles were located, where the troops were based. Germany - then Germanies - was the true frontier of the Cold

War. Following the collapse of the Berlin Wall in 1989, and the dissolution of the Soviet Union shortly after in 1991, the militaries that had based themselves in Germany for the past 50 years started to slowly return to their respective home countries. The military bases, and all the infrastructure that went along with sustaining them, were stripped bare and left behind. The purpose of this book is to document these Cold War sites as they are today, in 2016. They will not be around for much longer; most face imminent demolition, and the ones that don't are decaying and succumbing to nature. The hope is that by documenting how these bases currently are, as well as providing a short history on each of the sites, an audience unable to visit them themselves will learn something new about the Cold War. It was a military stand-off on a scale of which the world has never seen before. We have history books that communicate that scale; that communicate the dangers faced; the close calls and near misses; the fallibility of all those involved. Perhaps this book, and the pictures it contains, can help to communicate some of these things too, but in a different way.
