Reflecting thorough scholarship and decades of ministry experience, Robin Hadaway's *A Survey of World Missions* examines the biblical, theological, and historical foundations of missions, as well as issues of culture and worldview, contextualization, philosophy, and mission strategy. The book is designed to assist pastors, students, missionaries, and theologians in developing sound theory and praxis for both the international and North American mission field. Through his use of field illustrations and key questions, Hadaway achieves a conversational tone, making this textbook ideal for use in both academic and lay settings.

This revised version includes a new essay on the contemporary history of integral mission, a history that began with the Latin American Theological Fellowship, progressed within the Lausanne Movement, is bearing fruit globally through the Micah Network, and challenges evangelicals to address the major issues of our day. By almost any measure, a bold and confident use of the Bible is a hallmark of Christianity. Underlying such use are a number of assumptions about the origin, nature and form of the biblical literature, concerning its authority, diversity

and message. However, a lack of confidence in the clarity or perspicuity of Scripture is apparent in Western Christianity. Despite recent, sophisticated analyses, the doctrine is ignored or derided by many. While there is a contemporary feel to these responses, the debate itself is not new. In this excellent study, Mark Thompson surveys past and present objections to the clarity of Scripture; expounds the living God as the Guarantor of his accessible, written Word; engages with the hermeneutical challenges; and restates the doctrine for today.

The human body is an amazing gift, yet today, many people downplay its importance and fail to understand what Christianity teaches about our bodies and their God-given purposes. We misunderstand how the body was designed, its role in relating to others, and lack awareness of the dangers of objectifying the body, divorcing it from its intended purpose. In *For the Body*, author Timothy Tennent looks at what it means to be created in the image of God and how our bodies serve as icons that illuminate God's purposes. Tennant examines topics like marriage, family, singleness, and friendship, and he looks at how the human body has been objectified in art and media today. He also offers a framework for discipling people today in a Christian theology of the body. Tennent explores the contours of a robust Christian vision of the body and human sexuality and the

variety of different ways we are called into relationships with others. This book is a call to a deeper understanding of our body and an invitation to recapture the wonder of this amazing gift. It is a theological vision that informs our self-understanding, how we treat others, and how we engage today's controversial and difficult discussions on human sexuality with grace, wisdom, and confidence. It's no secret that the center of Christianity has shifted from the West to the global South and East. While the truths of the Christian faith are universal, new contexts bring new questions, new understandings, and new expressions. What does this mean for theology? Is the Christian faith not only culturally translatable, but also theologically translatable? Timothy Tennent answers this question with a resounding yes. Theological reflection is alive and well in the majority world church, and these new perspectives need to be heard, considered, and brought into conversation with Western theologians. Global theology can make us aware of our own blind spots and biases. Because of its largely conservative stance, global theology has much to offer toward the revitalization of Western Christianity. Tennent examines traditional theological categories in conversation with theologians from across the globe, making this volume valuable for students, pastors, missionaries, and theologians alike.

church. Today, in the face of a rapidly changing world and a growing global church, the task of mission must continue to innovate in unexpected ways. The *State of Missiology Today* explores the developments and transformations in the study and practice of mission. Looking both backwards—especially over the first half-century of Fuller Theological Seminary's School of Intercultural Studies—and forwards, the contributors to this volume chart the current shape of mission studies and its prospects in the twenty-first century. This *Missiological Engagements* volume features contributions by J. Kwabena Asamoah-Gyadu, John Azumah, Pascal Bazzell, Stephen Bevans, Jayakumar Christian, Pablo A. Deiros, Sarita D. Gallagher, Anne-Marie Kool, Moonjang Lee, Wonsuk Ma, Gary L. McIntosh, Mary Motte, FMM Terry Muck, Shawn B. Redford, Scott W. Sunquist, Paul Borthwick unpacks the Bible's most famous verse to unveil God's intentional, sacrificial mission for the world. He examines every word in John 3:16 to reveal the underlying motivation for mission, the global scope of God's call, and how we are invited to enter into partnership with God. God still loves the world, and we can too.

World mission needs a fully biblical ethos. This is the contention of the editors and contributors to *World Mission*, a series of essays aimed at reforming popular approaches to missions. In the first set of essays, contributors develop a biblical

theology of world mission from both the Old and New Testaments, arguing that the theology of each must stand in the foreground of missions, not recede into the background. In the second, they unfold the Great Commission in sequence, detailing how it determines the biblical strategy of all mission enterprises. Finally, they treat current issues in world mission from the perspective of the sufficiency of Scripture. Altogether, this book aims to reform missions to be thoroughly--not just foundationally--biblical, a needed correction even among the sincerest missionaries.

2014 Best Texts of Missiology, from Byron Berger, Hearts and Minds Bookstore Mission--a driving force in the long Christian story--today is often cast as the embarrassing relative of tall-steeple religiosity. In our wider culture it's now tucked in the endnotes of book-club histories or forms the ghostlike ellipses in the six o'clock news. But in *Introducing Christian Mission Today*, Michael Goheen brings the vibrant history, motivation and challenges of Christian mission to the fore. Through the centuries Christian mission has always been recalibrating, retooling and reevangelizing. It has repeatedly taken surprising turns as it is carried along by the Spirit of God. Goheen's introduction to mission's biblical, theological and historical dimensions engages the present and anticipates the future. As he unfolds the major issues of the global and urban, the pluralistic and

This full-scale text incorporates the keen missional insights of Lesslie Newbigin, David Bosch and other formative thinkers. It will be a valued resource not only for those in crosscultural contexts but also for those engaged in reevangelizing the West.

A primary resource introducing missions for the passionate follower of Christ. Social justice and mission are hot topics today: there's a wonderful resurgence of motivated Christians passionate about spreading the gospel and caring for the needs of others. But in our zeal to get sharing and serving, many are unclear on gospel and mission. Yes, we are called to spend ourselves for the sake of others, but what is the church's unique priority as it engages the world? DeYoung and Gilbert write to help Christians "articulate and live out their views on the mission of the church in ways that are theologically faithful, exegetically careful, and personally sustainable." Looking at the Bible's teaching on evangelism, social justice, and shalom, they explore the what, why, and how of the church's mission. From defining "mission", to examining key passages on social justice and their application, to setting our efforts in the context of God's rule, DeYoung and Gilbert bring a wise, studied perspective to the missional conversation. Readers in all spheres of ministry will grow in their understanding of the mission

The 2014 Christianity Today Book Award of Merit Winner (Missions/Global Affairs) 2014 Outreach Magazine Resource of the Year ("Also Recommended," Global Outreach) The world has changed. A century ago, Christianity was still primarily centered in North America and Europe. By the dawn of the twenty-first century, Christianity had become a truly global faith, with Christians in Asia, Africa and Latin America outpacing those in the rest of the world. There are now more Christians in China than in all of Europe, more Pentecostals in Brazil than in the United States, and more Anglicans in Kenya than in Great Britain, Canada and the United States combined. Countries that were once destinations for western missionaries are now sending their own missionaries to North America. Given these changes, some think the day of the Western missionary is over. Some are wary that American mission efforts may perpetuate an imperialistic colonialism. Some say that global outreach is best left to indigenous leaders. Others simply feel that resources should be focused on the home front. Is there an ongoing role for the North American church in global mission? Missions specialist Paul Borthwick brings an urgent report on how the Western church can best continue in global mission. He provides a current analysis of the state of the

world and how Majority World leaders perceive North American Christians' place. Borthwick offers concrete advice for how Western Christians can be involved without being paternalistic or creating dependency. Using their human and material resources with wise and strategic stewardship, North Americans can join forces with the Majority World in new, interdependent ways to answer God's call to global involvement. In this critical age, the global body of Christ needs one another more than ever. Discover how the Western church can contribute to a new era of mission marked by mutuality, reciprocity and humility.

way to understand changing trends within mission studies.

Missiology permeated with theological reflection. This volume is the culmination of Van Engen's teachings, but takes us to an even deeper level. Since mission is first and foremost God's mission, theological reflection must be permeated by missiological understanding and our missiology must be permeated with theological reflection. Mission theology is an activity of the Church of Jesus Christ seeking to understand more deeply why, how, when, where, and wherefore the followers of Jesus may participate in God's mission, in God's world.

Women have advanced God's mission throughout history, but often face particular obstacles in ministry. Mission researcher Mary Lederleitner interviewed respected women in mission leadership from across the globe to gather their insights, expertise, and best practices. These real-life stories will shed light on dynamics that inhibit women, giving both women and men resources for partnering together in effective ministry and mission.

This book comes out of years of reflection, failures, and some successes in the task of reaching out to others with the gospel. Many Christians think of the task of mission as an entirely verbal activity, when perhaps the best kept secret of New Testament teaching about mission is that it involves a whole range of activities that explicitly promote Christ to the world and draw others to him, and only a few

of them involve speaking. Without diminishing or downplaying the importance of speaking the gospel, John Dickson shows that, on the other hand, downplaying the range of activities that promote Christ to the world has its own set of problems. It can make those who are not confident about speaking—of anything, let alone Jesus—feel inadequate and self-conscious in the task of reaching out to others. Equally, it can make those who do have a flair for speaking feel as though they are fulfilling Christ’s mission just by talking. But the reality is that the Lord wants our whole life, not just our lips, in the task of bringing the gospel to the world. Every facet of our lives can be used by God to promote the news of his power and mercy. In this practical guide to the biblical art of sharing your faith, John Dickson offers refreshing insight into the ways that all Christians can and should be involved in spreading the good news of Jesus. While not all Christians are called and gifted to become evangelists, we are all called to promote the gospel through a wide range of activities—prayer, financial partnership, good deeds, godly lives, public worship, daily conversation, etc.—with and without our lips. As readers engage with this book, grapple with its arguments and hear the stories of people coming to faith, they will be inspired to see the whole of life as significant for bringing the gospel to the world, and they will be liberated out of guilt and self-consciousness in evangelism into becoming perfectly natural

From the missions strategist behind "The 10/40 Window" In 1990, Luis Bush helped change modern missions by introducing the concept of the 10/40 window, a geographic region where large, dense populations of people suffered severe poverty and limited access to the gospel—essentially shining a light on the world's greatest need. Now, after decades spent serving in global missions mobilization, Luis has a unique perspective on what God is doing around the world. Though statistics and maps can be a great place to start, The Yes Effect reveals that true transformation begins when we restart our hearts—getting in sync with God's tenderness toward the oppressed and regaining compassion for the lost. In The Yes Effect, Dr. Bush shares his own story as well as inspiring stories of individuals and organizations around the world whose acts of love and justice are bringing hope and transformation in places of misery and immobility. From the orphans weeping in Bihar, India, to garbage collectors in Cairo, Egypt—from the single mom trying to find a way to feed her family as a Syrian refugee, to the church cowering under government control—God is at work in surprising places. And this transformation is sparked when ordinary people say yes to God, igniting an ongoing global chain reaction that sees glimpses God's

kingdom springing up all over the world. Ultimately, The Yes Effect will give you an encouraging window into worldwide efforts to spread the gospel, and it will inspire you to give God your “yes”—and like so many others before you, become part of God’s global story of transformation.

Lesslie Newbigin, one of the twentieth century's most important church leaders, offered insights on the church in a pluralistic world that are arguably more relevant now than when first written. This volume presents his ecclesiology to a new generation. Michael Goheen clearly articulates Newbigin's missionary understanding of the church and places it in the context of Newbigin's core theological convictions. Suitable for students as well as church leaders, this book offers readers a better understanding of the mission of the church in the world today. Foreword by N. T. Wright.

Mission is not the ultimate goal of the church. Worship is. Missions exist because worship doesn't. Worship is ultimate.' John Piper's contemporary classic draws on key biblical texts to demonstrate that worship is the ultimate goal of the church and that proper worship fuels missionary outreach. Piper offers a biblical defence of God's supremacy in all things, providing a sound theological foundation for missions. He examines whether Jesus is the only way to salvation and issues a passionate plea for God-centredness in the missionary enterprise, seeking to define the scope of the task and the means for reaching 'all nations'. *Let the Nations Be Glad!* is a trusted resource for missionaries, pastors, church leaders, youth workers, seminary students, and all who want to connect their labours to God's global purposes. This third edition has been revised and expanded throughout and includes new material on the 'prosperity gospel'.

The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. “The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church’s journey in years to come.” – Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for “the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned,” the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, “to recognize the traces of God’s Spirit in events great and small.” Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. *A History of Christian Missions* traces the expansion of Christianity from its origins in the Middle East to Rome, the rest of Europe and the colonial world, and assesses its position as a major religious force worldwide. Buddhism, Islam and Christianity, however, are the three chief exceptions to this, and Christianity in particular has

found a home in almost every country in the world. Professor Stephen Neill's comprehensive and authoritative survey examines centuries of missionary activity, beginning with Christ and working through the Crusades and the colonization of Asia and Africa up to the present day, concluding with a shrewd look ahead to what the future may hold for the Christian Church. How can Christians witness to the complexity of our world? Gregg Okesson shows that local congregations are the primary means of public witness in and for the world. As Christians move back and forth between their churches and their neighborhoods, workplaces, and other public spaces, they weave a thick gospel witness. This introduction to public missiology explains how local congregations can thicken their witness in the public realms where they live, work, and play. Real-life examples from around the world help readers envision approaches to public witness and social change.

Invitation to Biblical Theology provides a thorough overview of biblical theology that is accessible for those new to the topic but substantial enough for advanced study. Defining biblical theology as the study of the whole Bible on its own terms, Jeremy Kimble and Ched Spellman begin with a brief history of the discipline followed by a survey of contemporary approaches. They then lay out their own approach, built on the framework of the canon, the covenants, and Christ. Taking God's plan of redemption in Christ as the uniting theme of Scripture, Kimble and Spellman survey the grand storyline of the Bible from Genesis to Revelation, showing how each division of the
