Predicated on the notion that mathematics has been a growing source of aesthetic inspiration in culture, this volume celebrates where the two intermesh. It is a meditation on the performances and cultural events, all mathematics-related, performed in Bologna in 2004, is dedicated to all those who are curious about mathematics, but also more generally about theatre, cinema, literature, arts and science. Thanks to the DVD, one can readers can relive various events through the voices and the images of the participants.

Popular nineteenth-century writer Elizabeth Gaskell packed her fiction with the kind of riveting social details that keep contemporary readers and fans of historical drama glued to the page. This collection of short stories offers a comprehensive introduction to her body of work, which rivaled Dickens' in terms of popularity at the height of her career. Using the literary work of Filippo Tommaso Marinetti, the founder of the Italian Futurist movement and an early associate of Mussolini, the author explores the point of contact between a "progressive" aesthetic practice and a "reactionary" political ideology.

Fiesty Nina, a poor peasant girl, has attracted the attentions of Crispino and Coronato. Her brother Moracchio holds the authority to select the man she shall marry. He favors the innkeeper Coronato due to his stable income and secure lifestyle, rather than the poor shoemaker Crispino, who has won the true affection of the sharp-tongued damsel. Other lovers emerge as the play progresses: Baron del Cedro is in love with the elegant daughter of the wealthy widow Senora Geltrude, whose favor is an advantage to all who obtain it. Count Rocca Marina, a wealthy aristocrat, shares his power and pride with two other noblemen, both of whom are in love

Carlo Goldoni's classic comedy 'Il vero amico', translated as 'The True Friend', is presented here in English and Italian. MAFIA. CAMORRA. 'NDRANGHETA. The Sicilian mafia, known as Cosa Nostra, is far from being Italy's only dangerous criminal fraternity. The country hosts two other major mafias: the camorra from Naples; and, from the poor and isolated region of Calabria, the mysterious 'ndrangheta, which has now risen to become the most powerful mob group

active today. Since they emerged, the mafias have all corrupted Italy's institutions, drastically curtailed the life-chances of its citizens, evaded justice, and set up their own self-interested meddling as an alternative to the courts. Yet each of these brotherhoods has its own methods, its own dark rituals, its own style of ferocity. Each is uniquely adapted to corrupt and exploit its own specific environment, as it collaborates with, learns from, and goes to war with the other mafias. Today, the shadow of organized crime hangs over a country racked by debt, political paralysis, and widespread corruption. The 'ndrangheta controls much of Europe's wholesale cocaine trade and, by some estimates, 3 percent of Italy's total GDP. *Blood Brotherhoods* traces the origins of this national malaise back to Italy's roots as a united country in the nineteenth century, and shows how political violence incubated underworld sects among the lemon groves of Palermo, the fetid slums of Naples, and the harsh mountain villages of Calabria. *Blood Brotherhoods* is a book of breathtaking ambition, tracing for the first time the interlocking story of all three mafias from their origins to the present day. John Dickie is recognized in Italy as one of the foremost historians of organized crime. In these pages, he blends archival detective work, passionate narrative, and shrewd analysis to bring a unique criminal ecosystem—and the three terrifying criminal brotherhoods that have evolved within it—to life on the page.

integrating maps, photos, regalia, and cultural notes that offer a vibrant image of Italy. The chapters are organized around functions and activities. Cultural information has been updated to make the material more relevant. In addition, discussions on functional communications give readers early success in the language and encourage them to use it in practical situations.

This is an expanded edition of Pier Paolo Pasolini's long out-of-print *Heretical Empiricism*. It includes a new Introduction by Ben Lawton that discusses the relevance of the book on the 30th anniversary of the author's death. It also features the first approved translation of "Repudiation of the 'Trilogy of Life'," one of Pasolini's most controversial final essays. While Pasolini is best known in the U.S. as a revolutionary film director, in Italy he was even better known as poet, novelist, playwright, political gadfly, and scholar of the semiotics of film. "New Academic Publishing should be commended for making this expanded version of Pier Paolo Pasolini's *Hermetic Empiricism* once again available to the English-speaking public, especially in the light of the fact that the important essay, "Repudiation of the Trilogy of Life," has been added to its contents. Thirty years after Pasolini's violent death on 2 November 1975, the appearance of this excellent translation and edition of his major writings on Italian film, literature, and language is most welcome. No figure has emerged in Italy since the writer/director's death that has aroused such passionate opinions from all sides of the political and cultural spectrum. The translations by Ben Lawton and Louise Barnett render Pasolini's sometimes complex prose accurately with ample explanatory notes to guide the reader without a firm grasp of the original essays in Italian. This book represents an important work to have in every library devoted to cultural criticism, cinema, and literary theory." -- Peter Bondanella, Distinguished Professor of

Comparative Literature and Italian, Indiana University "One of the greatest cultural figures of postwar Europe, Pier Paolo Pasolini (1922-1975), who is already widely known as a revolutionary filmmaker, was an equally important writer and poet. Pasolini's numerous works are published in some 50 volumes, which include poetry, novels, critical and theoretical essays, verse tragedies, screenplays, political journalism, and translations. With this successful and complete translation of *Empirismo eretico* (a collection of Pasolini's interventions on language, literature, and film written between 1964 and 1971), editors Barnett and Lawton have made a wide sample of Pasolini's most significant theoretical work available to the English-speaking reader. Essays on the screenplay, on the commercial and the art cinema, and on film semiotics make the collection of special interest to American film scholars and students. This volume is further enriched by an excellent introduction, carefully edited notes, a useful biographical glossary, and a thorough index. Given the contemporary interest in studying film, together with other cultural forms, within a broad social and historical context, Pasolini's "extravagantly interdisciplinary" writings beckon as a promising source of insight. A potentially seminal text that could contribute to the further evolution of interdisciplinary humanistic studies, *Heretical Empiricism* is highly recommended for university and college libraries." -- J. Welle, University of Notre Dame, CHOICE (1989)

*Italian Modernism* was written in response to the need for an historiographic and theoretical reconsideration of the concepts of Decadentismo and the avant-garde within the Italian critical tradition. Focussing on the confrontation between these concepts and the broader notion of international modernism, the essays in this important collection seek to understand this complex

phase of literary and artistic practices as a response to the epistemes of philosophical and scientific modernity at the end of the nineteenth century and in the first three decades of the twentieth. Intellectually provocative, this collection is the first attempt in the field of Italian Studies at a comprehensive account of Italian literary modernism. Each contributor documents how previous critical categories, employed to account for the literary, artistic, and cultural experiences of the period, have provided only partial and inadequate descriptions, preventing a fuller understanding of the complexities and the interrelations among the cultural phenomena of the time.

The European Portfolio for Student Teachers of Languages is a tool for reflection and self-assessment of the didactic knowledge and skills necessary to teach languages. It builds on insights from the Common European Framework of Reference and the European Language Portfolio as well as the European Profile for Language Teacher Education. Four years after its initial publication it has been translated into twelve European and Asian languages. To meet widespread demand this ECML publication provides materials which support its implementation in teacher education. The book entitled *Using the European Portfolio for Student Teachers of Languages* presents examples, discussions and research findings of how the EPOSTL is used in initial teacher education courses, in bi-lateral teacher education programs and in teaching practice. The accompanying folder and flyer feature, amongst other things, guidelines for strategic measures for introducing

determine not only our health but our survival as a species. In the years since, Pollan's revolutionary examination has changed the way Americans think about food. Bringing wide attention to the little-known but vitally important dimensions of food and agriculture in America, Pollan launched a national conversation about what we eat and the profound consequences that even the simplest everyday food choices have on both ourselves and the natural world. Ten years later, *The Omnivore's Dilemma* continues to transform the way Americans think about the politics, perils, and pleasures of eating.

A narrative that deals with strong passions of love and self-discovery on the one hand and surrender and sacrifice on the other. It is a simple story that absorbs the reader with the depth of human feelings rendered therein. Focusing on the ups and downs in the life of characters, it also brilliantly amalgamates the local traditions and cultures.

India, 1920. Captain Wyndham and Sergeant Banerjee of the Calcutta Police Force investigate the dramatic assassination of a Maharajah's son, in the sequel to *A Rising Man*. The fabulously wealthy kingdom of Sambalpore is home to tigers, elephants, diamond mines, and the beautiful Palace of the Sun. But when the heir to the throne is assassinated in the presence of Captain Sam Wyndham and Sergeant 'Surrender-Not' Banerjee, they discover a kingdom riven with suppressed conflict. Prince Adhir was a modernizer whose attitudes—and romantic relationships—may have upset the more religious elements of his country, while his brother—now in line to the throne—appears to be a feckless playboy. As Wyndham and Banerjee desperately try to unravel the mystery behind the assassination, they become entangled in a dangerous world

where those in power live by their own rules—and those who cross their paths pay with their lives. They must find a murderer, before the murderer finds them . . .

Despite the wealth of studies of silent cinema in the English language, knowledge of the medium's first decades has remained attached to a canon in which Italian silent cinema appears deceptively familiar but largely absent. With 30 essays written by leading scholars in the field, 'Italian Silent Cinema' illuminates this understudied area of film history. Featuring over 100 illustrations, the reader brings into focus individual film companies, stars and genres and seeks to place the Italian production of dramas, comedies, serials, newsreels, and avant-garde works in dialogue with international film culture.

Drawing on a rich trove of documents, including correspondence not seen for 300 years, this study explores the emergence and growth of a remarkable global trade network operated by Armenian silk merchants from a small outpost in the Persian Empire. Based in New Julfa, Isfahan, in what is now Iran, these merchants operated a network of commercial settlements that stretched from London and Amsterdam to Manila and Acapulco. The New Julfan Armenians were the only Eurasian community that was able to operate simultaneously and successfully in all the major empires of the early modern world—both land-based Asian empires and the emerging sea-borne empires—astonishingly without the benefits of an imperial network and state that accompanied and facilitated European mercantile expansion during the same period. This book brings to light for the first time the trans-imperial cosmopolitan world of the New Julfans. Among other topics, it explores the effects of long distance trade on the organization of community life, the ethos of trust and cooperation that existed among merchants, and the importance of information networks and

communication in the operation of early modern mercantile communities.

Translated here into English for the first time is a monumental work of literary history and criticism comparable in scope and achievement to Eric Auerbach's *Mimesis*. Italian critic Francesco Orlando explores Western literature's obsession with outmoded and nonfunctional objects (ruins, obsolete machinery, broken things, trash, etc.). Combining the insights of psychoanalysis and literary-political history, Orlando traces this obsession to a turning point in history, at the end of eighteenth-century industrialization, when the functional becomes the dominant value of Western culture. Roaming through every genre and much of the history of Western literature, the author identifies distinct categories into which obsolete images can be classified and provides myriad examples. The function of literature, he concludes, is to remind us of what we have lost and what we are losing as we rush toward the future.
