"Shows what can be learned from an in-depth study of a very remarkable cultural institution."—Paul Rabinow, author of *Interpretive Social Science*  
"The finest application yet made of critical theory to contemporary music. . . . It would be hard to imagine a more important book."—Richard Taruskin, author of *Stravinsky and the Russian Traditions*  
"This work, intrinsically fascinating as is the subject matter, is eminently worth consulting as a model for researchers and students of all varieties about how to produce ethnography within institutions, but on the most lively issues of culture theory."—George Marcus, coeditor of *Writing Culture*

## Volume 1 A - C

This book, first published in 2000, examines the BBC's attempts to manipulate critical and public responses to contemporary music between 1922 and 1936.

For each developmental stage between the ages of 10 and 18, educator Arthea J. S. Reed provides lists of books organized by genre and carefully selected for teen appeal. In addition to a detailed bibliography, Reed focuses on the particular challenges for each age group, and highlights strategies for parents to persuade their children to read. This guide will help parents and teachers choose the right books for every reading level and interest.

Works from the broader domain of lexicology are also included, provided they strengthen the theoretical, methodological and empirical basis of lexicography and meta-lexicography. The almost 150 books published in the series since its founding in 1984 clearly reflect the main themes and developments of the field. The publications focus on aspects of lexicography such as micro- and macrostructure, typology, history of the discipline, and application-oriented lexicographical documentation.

Dictionaries usually give only brief treatment to etymologies and even etymological dictionaries often do not lavish on them the attention which many deserve. To help fill the gap, the author deals in depth with several etymologically problematic words in various Germanic, Jewish, Romance, and Slavic languages, all of which have hitherto either been misetymologized or not etymologized at all. Sometimes, he succeeds in cracking the nut. Sometimes, he is able only to clear away misunderstanding and set the stage for further treatment. Usually, he marshals not only linguistic but also historical and cultural information. Since this book also discusses
