From National Book Award Finalist Meg Rosoff comes a lyrical, compulsively readable coming-of-age tale that is heady, irresistible, and timeless. Everyone talks about falling in love like it's the most miraculous, life-changing thing in the world. Something happens, they say, and you know . . . I looked into his eyes and I knew. Only, everyone else knew too. Everyone else felt exactly the same way. This is the story of one family during one dreamy summer—the summer when everything changes. In an eccentric, turreted vacation house by the sea, our watchful narrator sees everything, including many things that shouldn't be seen, while brothers and sisters, parents and theatrical older cousins fill the hot days with wine and tennis and sailing and planning a wedding. Enter two brothers, the sons of a fading film actress—irresistibly charming, languidly sexy Kit and surly, silent Hugo. Suddenly there's a serpent in this paradise, and the consequences will be devastating. In a propulsive narrative carrying intrigue and a growing sense of unease, Meg Rosoff, best-selling author of the iconic How I Live Now, offers a summer tale of innocence lost that will find its place among the classics of young adult literature.

In her attempt to find the words that touch, the author gives a succession of illuminating examples to indicate what a psychoanalyst and her patient may experience in the transference relationship during the course of an analysis. On the basis of her clinical experience, the author points out that we all use relatively mature psychic mechanisms and others of a more primitive nature, the former being accessible to symbolism and the latter less so. However, she notes that some can tolerate the awareness of their heterogeneity even if on occasion it causes them pain, while others are rendered so anxious by their lack of inner cohesion that they are afraid of losing their sense of identity. These people particularly need to be touched by words capable of simultaneously evoking fantasies, thoughts, feelings and sensations if they are to be able to unfold their psychic freedom and creativity to the full.

Ponderings II–VI begins the much-anticipated English translation of Martin Heidegger's "Black Notebooks." In a series of small notebooks with black covers, Heidegger confided sundry personal observations and ideas over the course of 40 years. The five notebooks in this volume were written between 1931 and 1938 and thus chronicle Heidegger's year as Rector of the University of Freiburg during the Nazi era. Published in German as volume 94 of the Complete Works, these challenging and fascinating journal entries shed light on Heidegger's philosophical development regarding his central question of what it means to be, but also on his relation to National Socialism and the revolutionary atmosphere of the 1930s in Germany. Readers previously familiar only with excerpts taken out of context may now determine for themselves whether the controversy and censure the "Black Notebooks" have received are deserved or not. This faithful translation by Richard Rojcewicz opens the texts in a way that captures their philosophical and political content while disentangling Heidegger's notoriously difficult language.
