In London, Harry and Emma's son, Sebastian, is quickly making a name for himself at Farthing's Bank in London, and has proposed to the beautiful young American, Samantha. young woman who thumbs a lift gets more than she bargained for in *A Wasted Hour*. These wonderfully engaging and always refreshingly original tales prove not only why Archer has been compared by the critics to Dahl and Maugham, but why he was described by *The Times* as probably the greatest storyteller of our age.

A young-adult thriller ricocheting between the bigotry of the past and present as teens unravel their parents' secrets. Perfect for fans of *One of Us is Lying*. Four teens have dug up the time capsule that their parents buried in 1986 and never bothered to recover. But in addition to the expected ephemera of mixtapes, Walkmans, photographs, letters, toys, and assorted junk, Elayah, Liam, Marcie, and Jorja discover something sinister: a hunting knife stained with blood and wrapped with a note. "I'm sorry. I didn't mean to kill anyone." As the action dramatically alternates between the present day and 1986, the mystery unfolds and the sins of the past echo into today. The teens haven't just unearthed a time capsule: they've also dug up pain and secrets that someone—maybe one of their own parents—is willing to kill for.

*The Big Miss* is Hank Haney's candid and surprisingly insightful account of his tumultuous six-year journey with Tiger Woods, during which the supremely gifted golfer collected six major championships and rewrote golf history. Hank was one of the very few people allowed behind the curtain. He was with Tiger 110 days a year, spoke to him over 200 days a year, and stayed at his home up to 30 days a year, observing him in nearly every circumstance: at tournaments, on the practice range, over meals, with his wife, Elin, and relaxing with friends. The relationship between the two men began in March 2004 when Hank received a call from Tiger in which the golf champion asked him to be his coach. It was a call that would change both men's lives. Tiger—only 28 at the time—was by then already an icon, judged by the sporting press as not only one of the best golfers ever, but possibly the best athlete ever. Already he was among the world's highest paid celebrities. There was an air of mystery surrounding him, an aura of invincibility. Unique among athletes, Tiger seemed to be able to shrug off any level of pressure and find a way to win. But Tiger was always looking to improve, and he wanted Hank's help. What Hank soon came to appreciate was that Tiger was one of the most complicated individuals he'd ever met, let alone coached. Although Hank had worked with hundreds of elite golfers and was not easily impressed, there were days watching Tiger on the range when Hank couldn't believe what he was witnessing. On those days, it was impossible to imagine another human playing golf so perfectly. And yet Tiger is human—and Hank's expert eye was adept at spotting where Tiger's perfection ended and an opportunity for improvement existed. Always haunting Tiger was his fear of "the big miss"—the wildly inaccurate golf shot that can ruin an otherwise solid round—and it was because that type of blunder was sometimes part of Tiger's game that Hank carefully redesigned his swing mechanics. Hank's most formidable coaching challenge, though, would be solving the riddle of Tiger's personality. Wary of the emotional distractions that might diminish his game and put him further from his goals, Tiger had developed a variety of tactics to keep people from getting too close, and not even Hank—or Tiger's family and friends, for that matter—was spared "the treatment." Toward the end of Tiger and Hank's time together, the champion's laser-like focus began to blur and he became less willing to put in punishing hours practicing—a disappointment to Hank, who saw in Tiger's behavior signs that his pupil had developed a conflicted relationship with the game.

Hints that Tiger hungered to reinvent himself were present in his bizarre infatuation with elite military training, and—in a development Hank didn't see coming—in the scandal that would make headlines in late 2009. It all added up to a big miss that Hank, try as he might, couldn't save Tiger from. There's never been a book about Tiger Woods that is as intimate and revealing—or one so wise about what it takes to coach a superstar athlete.

*Cat o'Nine Tales* is the fifth collection of irresistible short stories from the master storyteller. Ingeniously plotted, with richly drawn characters and Jeffrey Archer's trademark of deliciously unexpected conclusions, this new collection has the added bonus of thirteen charming illustrations by the internationally acclaimed artist Ronald Searle. Some of these twelve stories were inspired by the two years Jeffrey Archer spent in prison, including the story of a company chairman who tries to poison his wife while on a trip to St. Petersburg--with unexpected consequences. "The Red King" is a tale about a con man who discovers that an English lord requires one more chess piece to complete a set that would be worth a fortune. In another tale of deception, "The Commissioner," a Bombay con artist ends up in the morgue after he uses the police chief as bait in his latest scam. "The Perfect Murder" reveals how a convict manages to remove an old enemy while he's locked up in jail, and then set up two prison officers as his alibi. In "Charity Begins at Home," an accountant realizes he has achieved nothing in his life, and sets out to make a fortune before he retires. And then there is Archer's favorite, "In the Eye of the Beholder," in which a handsome star athlete falls in love with a three-hundred-pound woman . . . who happens to be the ninth-richest woman in Italy. Jeffrey Archer is the only author to have topped international bestseller lists with his fiction, nonfiction, and short stories. *Cat o'Nine Tales* is Archer at his best: witty, poignant, sad, surprising, and unforgettable.

Generous, honest and uplifting' Diana Henry There are lots of ways to start a story, but this one begins with a chicken... When the world becomes overwhelming, Ella Risbridger focuses on the little things that bring her joy, like enjoying a glass of wine when cooking, FaceTiming with a friend whilst making bagels, and sharing recipes that are good for the soul. One night she found herself lying on her kitchen floor, wondering if she would ever get up – and it was the thought of a chicken, of roasting it, and of eating it, that got her to her feet and made her want to be alive. *Midnight Chicken* is a cookbook. Or, at least, you'll flick through these pages and find recipes so inviting that you will head straight for the kitchen: roast garlic and tomato soup, uplifting chilli-lemon spaghetti, charred leek lasagne, squash skillet pie, spicy fish finger sandwiches and burnt-butter brownies. It's the kind of cooking you can do a little bit drunk, that is probably better if you've got a bottle of wine open and a hunk of bread to mop up the sauce. But if you settle down and read it with a cup of tea (or a glass of that wine), you'll also discover that it's an annotated list of things worth living for – a manifesto of moments worth living for. This is a cookbook to make you fall in love with the world again. Featuring an entire chapter on storecupboard recipes. Giles must decide if he should withdraw from politics and try to rescue Karin, the woman he loves, from behind the Iron Curtain. But is Karin truly in love with him, or is she a spy? Lady Virginia is facing bankruptcy, and can see no way out of her financial problems, until she is introduced to the hapless Cyrus T. Grant III from Baton Rouge, Louisiana, who's in England to see his horse run at Royal Ascot. Sebastian Clifton is now the Chief Executive of Farthings Bank and a workaholic, whose personal life is thrown into disarray when he falls for Priya, a beautiful Indian girl. Cometh the Hour is the penultimate book in the Clifton Chronicles and, like the five previous novels - which were all New York Times bestsellers - showcases Jeffrey Archer's extraordinary storytelling with his trademark twists.

International bestseller and master storyteller Jeffrey Archer is at the very top of his game in a story of fate and fortune, redemption and revenge. If Danny Cartwright had proposed to Beth Wilson the day before, or the day after, he would not have been arrested and charged with the murder of his best friend. But when the four prosecution witnesses are a barrister, a popular actor, an aristocrat, and the youngest partner in an established firm's history, who is going to believe your side of the story? Danny is sentenced to twenty-two years and sent to Belmarsh prison, the highest-security jail in the land, from where no inmate has ever escaped. However, Spencer Craig, Lawrence Davenport, Gerald Payne, and Toby Mortimer all underestimate Danny's determination to seek revenge, and Beth's relentless quest to pursue justice, which ends up with all four fighting for their lives. Thus begins Jeffrey Archer's most powerful novel since Kane and Abel, with a cast of characters that will remain with you long after you've turned the last page. And if that is not enough, prepare for an ending that will shock even the most ardent of Archer's

set of stories from the bestselling author.

Attention is a central concept in psychology. The term 'attention' itself has persisted, even though it implies a static, insulated capacity that we use when it is necessary to focus upon some relevant or stimulating event. Riess Jones presents a different way of thinking about attention; one that describes it as a continuous activity that is based on energy fluctuating in time. A majority of attention research fails to examine influence of event time structure (i.e., a speech utterance) on listeners' moment-to-moment attending. General research ignores listeners endowed with innate, as well as acquired, temporal biases. Here, attending is portrayed as a dynamic interaction of an individual within his or her surroundings. Importantly, this interaction involves synchronicity between an attender and external events. This emphasis on time and synchronicity distinguishes the author's theory, called Dynamic Attending Theory (DAT), from other approaches to attending which characterize attention metaphorically as a filter, resource pool, spotlight, and so on. Recent research from neuroscience has lent support to Riess Jones' theory, and the goal of this book is to bring this new research as well as her own to the wide audience of psychologists interested in attention more broadly.

Jeffrey Archer's mesmerizing saga of the Clifton and Barrington families continues... 1945, London. The vote in the House of Lords as to who should inherit the Barrington family fortune has ended in a tie. The Lord Chancellor's deciding vote will cast a long shadow on the lives of Harry Clifton and Giles Barrington. Harry returns to America to promote his latest novel, while his beloved Emma goes in search of the little girl who was found abandoned in her father's office on the night he was killed. When the general election is called, Giles Barrington has to defend his seat in the House of Commons and is horrified to discover who the Conservatives select to stand against him. But it is Sebastian Clifton, Harry and Emma's son, who ultimately influences his uncle's fate. In 1957, Sebastian wins a scholarship to Cambridge, and a new generation of the Clifton family marches onto the page. But after Sebastian is expelled from school, he unwittingly becomes caught up in an international art fraud involving a Rodin statue that is worth far more than the sum it raises at auction. Does he become a millionaire? Does he go to Cambridge? Is his life in danger? Best Kept Secret, the third volume in Jeffrey Archer's bestselling series, will answer all these questions but, once again, pose so many more.

On the heels of the international bestseller Only Time Will Tell, Jeffrey Archer picks up the sweeping story of the Clifton Chronicles.... Only days before Britain declares war on Germany, Harry Clifton, hoping to escape the consequences of long-buried family secrets, and forced to accept that his desire to marry Emma Barrington will never be fulfilled, has joined the Merchant Navy. But his ship is sunk in the Atlantic by a German U-boat, drowning almost the entire crew. An American cruise liner, the SS Kansas Star, rescues a handful of sailors, among them Harry and the third officer, an American named Tom Bradshaw. When Bradshaw dies in the night, Harry seizes on the chance to escape his tangled past and assumes his identity. But on landing in America, he quickly learns the mistake he has made, when he discovers what is awaiting Bradshaw in New York. Without any way of proving his true identity, Harry Clifton is now chained to a past that could be far worse than the one he had hoped to escape.

in different directions. Nat leaves college at the University of Connecticut to serve in Vietnam, then finishes school, earns his MBA, and becomes a successful currency dealer. Fletcher, meanwhile, graduates from Yale University with a bachelor's and a law degree, going on to distinguish himself as a criminal defense lawyer. At various times in their lives, both men are confronted with challenges and obstacles, tragedy and betrayal, loss and hardship, before they both decide to run for governor, unaware they are brothers.... In the tradition of Jeffrey Archer's most popular books, *Sons of Fortune* is as much a chronicle of a nation in transition as it is the story of the making of these two men -and how they eventually discover the truth-and its tragic consequences.

From the internationally bestselling author Jeffrey Archer comes *Only Time Will Tell*, the first in the ambitious Clifton Chronicles series that tells the story of one family across generations, across oceans, from heartbreak to triumph. The epic tale of Harry Clifton's life begins in 1920, with the words "I was told that my father was killed in the war." A dock worker in Bristol, Harry never knew his father, but he learns about life on the docks from his uncle, who expects Harry to join him at the shipyard once he's left school. But then an unexpected gift wins him a scholarship to an exclusive boys' school, and his life will never be the same again. As he enters into adulthood, Harry finally learns how his father really died, but the awful truth only leads him to question, was he even his father? Is he the son of Arthur Clifton, a stevedore who spent his whole life on the docks, or the firstborn son of a scion of West Country society, whose family owns a shipping line? This introductory novel in Archer's engrossing series *The Clifton Chronicles* includes a cast of colorful characters and takes us from the ravages of the Great War to the outbreak of the Second World War, when Harry must decide whether to take up a place at Oxford or join the navy and go to war with Hitler's Germany. From the docks of working-class England to the bustling streets of 1940 New York City, *Only Time Will Tell* takes readers on a journey through to future volumes, which will bring to life one hundred years of recent history to reveal a family story that neither the reader nor Harry Clifton himself could ever have imagined.

From the Booker Prize-winning author of *The Remains of the Day* and *When We Were Orphans*, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. *Never Let Me Go* breaks through the boundaries of the literary novel. It is a gripping mystery, a beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.
