Welcome to Poptropica English Islands, a six level primary English series that engages young learners like never before. The unique combination of beautiful in-class materials and fun-filled online activities, songs and games, creates a world of excitement and adventure that children won't want to leave.

For undergraduate or graduate courses that include planning, conducting, and evaluating research. A do-it-yourself, understand-it-yourself manual designed to help students understand the fundamental structure of research and the methodical process that leads to valid, reliable results. Written in uncommonly engaging and elegant prose, this text guides the reader, step-by-step, from the selection of a problem, through the process of conducting authentic research, to the preparation of a completed report, with practical suggestions based on a solid theoretical framework and sound pedagogy. Suitable as the core text in any introductory research course or even for self-instruction, this text will show students two things: 1) that quality research demands planning and design; and, 2) how their own research projects can be executed effectively and professionally.

Helps teachers identify children with auditory difficulties in the age range 5-8, before referring them to an appropriate health professional.

What is a rubric? A rubric is a coherent set of criteria for student work that describes levels of performance quality. Sounds simple enough, right? Unfortunately, rubrics are commonly misunderstood and misused. The good news is that when rubrics are created and used correctly, they are strong tools that support and enhance classroom instruction and student learning. In this comprehensive guide, author Susan M. Brookhart identifies two essential components of effective rubrics: (1) criteria that relate to the learning (not the "tasks") that students are being asked to demonstrate and (2) clear descriptions of performance across a continuum of quality. She outlines the difference between various kinds of rubrics (for example, general versus task-specific, and analytic versus holistic), explains when using each type of rubric is appropriate, and highlights examples from all grade levels and assorted content areas. In addition, Brookhart addresses * Common misconceptions about rubrics; * Important differences between rubrics and other assessment tools such as checklists and rating scales, and when such alternatives can be useful; and * How to use rubrics for formative assessment and grading, including standards-based grading and report card grades. Intended for educators who are already familiar with rubrics as well as those who are not, this book is a complete resource for writing effective rubrics and for choosing wisely from among the many rubrics that are available on the Internet and from other sources. And it makes the case that rubrics, when used appropriately, can improve outcomes by helping teachers teach and helping students learn.

The 25th Anniversary ebook, now with more than 50 images. 'Touching the Void' is the tale of two mountaineer's harrowing ordeal in the Peruvian Andes. In the summer of 1985, two young, headstrong mountaineers set off to conquer an unclimbed route. They had triumphantly reached the summit, when a horrific accident mid-descent forced one friend to leave another for dead. Ambition, morality, fear and camaraderie are explored in this electronic edition of the mountaineering classic, with never before seen colour photographs taken during the trip itself.

Renewed Accountability for Access and Excellence provides a forum for contributing scholars and practitioners to advance the discussion of Tenuto's (2014) democratic professional practice in education (DPPE) by sharing additional insights, perspectives, and implications for both policy and practice. Consistent with the model itself, this collective work is intended to encourage meaningful conversations and critical thinking about inclusionary practices, equitable access, excellence, and renewed accountability for teaching and leading.

This anthology is a collection of Arthur Conan Doyle's finest Sherlock Holmes stories, featuring such classic cases as "A Scandal in Bohemia" and "The Adventure of the Speckled Band." The drug-addled, anti-social sleuth has become one of the most iconic characters in fiction and these tales will entertain readers today just as much as when they were first published in the late 19th century. A perfect introduction to the world's favorite detective.

"La frontera"...I heard it for the first time back in the late 1940s when Papa and Mama told me and Roberto, my older brother, that someday we would take a long trip north, cross la frontera, enter California, and leave our poverty behind." So begins this honest and powerful account of a family's journey to the fields of California -- to a life of constant moving, from strawberry fields to cotton fields, from tent cities to one-room shacks, from picking grapes to topping carrots and thinning lettuce. Seen through the eyes of a boy who longs for an education and the right to call one place home, this is a story of survival, faith, and hope. It is a journey that will open readers' hearts and minds.

Essential Teacher Knowledge - a unique foundation-level methodology book with over 2 hours of video footage. Essential Teacher Knowledge is the core foundation-level guide for teachers of general English, young learners and CLIL. Units on essential theory, practical teaching advice and classroom ideas are presented across two pages, in full colour. Written in accessible English, Essential Teacher Knowledge is ideal preparation for TKT and other entry-level teacher qualifications, or as a handbook for any ELT teacher. Two hours of video footage includes demonstrations of key teaching techniques, such as giving instructions and correction, so new teachers can see the theory put into practice and global "Teachers' Voices" – teachers from around the world sharing opinions and ideas about key issues for the global English teaching community. PIN-coded access to extra online material: audio to accompany the Pronunciation units (23 – 29), downloadable activities (Revise, Research, Reflect) to accompany every unit, more teachers' voices videos and other resources for teachers, including an up-to-date bibliography .

'Speakout' is a 6-level general English course for adults developed in association with the BBC; bridging the gap between the classroom and the real world helping students express themselves in English.

This revision of Bloom's taxonomy is designed to help teachers understand and implement standards-based curriculums. Cognitive psychologists, curriculum specialists, teacher educators, and researchers have developed a two-dimensional framework, focusing on knowledge and cognitive processes. In combination, these two define what students are expected to learn in school. It explores curriculums from three unique perspectives-cognitive psychologists (learning emphasis), curriculum specialists and teacher educators (C & I emphasis), and measurement and assessment experts (assessment emphasis). This revisited framework allows you to connect learning in all areas of curriculum. Educators, or others interested in educational psychology or educational methods for grades K-12.

Supporting Education: The Teaching Assistant's Handbook provides the essential information needed to complete the Certificate III in Education Support in the Community Services Training Package. This resource provides Teaching Assistants within overview of child development and how children learn, as well as an introduction to the key learning areas for primary school students.
