Since it was first published in 1989, Suzanne Romaine's book has been recognized as the most authoritative introduction to the sociolinguistics of bilingualism. The new edition has been completely revised to incorporate recent work in this fast developing field. Throughout the book, bilingualism is seen as both a societal and cognitive phenomenon. Professor Romaine explores various aspects of bilingual behavior, such as code switching and language mixing, in terms of neurolinguistic organization in the individual speaker. The author also assesses the positive and negative claims made for the effects of bilingualism on children's cognitive, social and academic development, and examines the assumptions behind various language policies and programs for bilingual children. In all this, Professor Romaine draws on her own research with Punjabi /English bilinguals in Britain, and Tok Pisin/ English bilingual children in Papua New Guinea.

Over a thousand million Christians today blindly accept that Jesus of Nazareth is the Christ. They produce "a thousand and one" prophecies from the Jewish Bible (the Old Testament) to prove their claim that Jesus was the Messiah promised to the Jews. Let us hold the thousand" prophecies in abeyance for a moment and examine the only unequivocal claim made by Jesus in the Gospels and examine whether he fulfilled his promise to the Jews. We must admit that the word CHRIST is not a name. It is a title. It is a translation of the Hebrew word Messiah, meaning "anointed." The Greek word for "anointed" is Christos from which we get the word Christ. Priests and kings were "anointed" when being consecrated to their office. The Holy Bible confers this title even on a heathen king CYRUS (Isaiah 45:1).

SAQI-NAMA (Book of the Winebringer) Allama Iqbal Translation & Introduction Paul Smith (Sir) Muhammad (often called Allama) Iqbal was born in 1877 Sialkot within the Punjab Province of British India (now in Pakistan). During his study in Europe, Iqbal began to write poetry. He prioritized it because he believed he had found an easy way to express his thoughts. Iqbal's poetry has been translated into many languages, at the time when his work was famous during the early part of the 20th century. He died in 1937. Iqbal wrote one of the more recent Saqi-namas (a form perfected by Hafiz) in masnavi form in Urdu. 'The central theme of the poem is Muslim Renaissance. Iqbal sketches changing order of the world's political system and laments that Islamic Nations are still devoid of that awakening. When the world-illuming sun rushed upon Night like a brigand, My weeping bedewed the face of the rose. My tears washed away sleep from the eye of the narcissus, My passion wakened the grass and made it grow. The Gardener taught me to sing with power, He sowed a verse and reaped a sword. In the soil he planted only the seed of my tears And wove my lament with the garden, as warp and woof. Tho' I am but a mote, the radiant sun is mine: Within my bosom are a hundred dawns.

The traditional understanding of Shiva told through stories and teachings from the Shiva Mahapurana • Explains Shiva's contradictory forms, such as destroyer or benefactor, and how his form depends on the needs of the devotee • Reveals how Shiva's teachings allow one to see through the illusions at the root of all grief and alienation in human life • Explores Shiva's relationships with Durga, Shakti, Sati, and Parvati and with his sons Ganesha and Kartikeya Shiva, the most ancient and complex deity of the Hindu pantheon, has been portrayed in many contrasting lights: destroyer and benefactor, ascetic and householder, wild demon slayer and calm yogi atop Mount Kailash. Drawing from the Hindu sacred text the Shiva Mahapurana--said to be written by Shiva himself--Vanamali selects the essential stories of Shiva, both those from his dark wild side and those from his benevolent peaceful side. Vanamali discusses Shiva's many avatars such as Shambunatha and Bhola, as well as Dakshinamurti who taught the shastras and tantras to the rishis. She explores Shiva's relationships with Durga, Shakti, Sati, and Parvati and with his sons Ganesha and Kartikeya. Examining Shiva's acceptance of outsiders, Vanamali explains why ghosts and ghouls are his attendants and why his greatest devotees are demon kings, like Ravana. She includes famous Shiva stories such as the Descent of the River Ganga and Churning the Milky Ocean as well as those that reveal the origin of the festival of lights, Diwali; his creation of the cosmic couple, or hierogamos; and how Shiva and Parvati taught the world the secrets of Kundalini Shakti. The author also draws upon Shaivite teachings to illustrate the differences between Western science and Vedic science and their explanations for the origins of consciousness. Integrating Shiva's two sides, the fierce and the peaceful, Vanamali reveals that Shiva's form depends on the needs of the devotee. Understanding his teachings allows one to see through the illusions at the root of all grief and alienation in human life, for Shiva is the wielder of maya who does not fall under its spell. While Ganesha is known as the remover of obstacles, Shiva is the remover of tears.
