We're all spiritual beings with a spiritual support system on the Other Side that oversees and helps guide our lives from the moment we're born to the moment we leave our physical bodies and return to Spirit. Not knowing this fact is a severe handicap, as the Universe is designed to care for and nurture all its creatures and help make our life's journey easier and more successful. When we learn how to connect with our angelic guides, our lives naturally fall into a pattern of ease and flow during which we grow our souls, fulfill our life's purpose, and make our time on Earth endlessly entertaining.

This fascinating and inspirational book by Sonia Choquette provides all the information you need to help you connect with your spirit guides so that you can enjoy all the love, abundance, and joy you're entitled to.

This stunning hardcover journal is a bold, interactive guide to discovering and creating the truest, most beautiful lives, families, and world we can imagine, based on the #1 New York Times bestseller Untamed. "We must stop asking people for directions to places they've never been. Every life is an unprecedented experiment. We are all pioneers. I created Get Untamed: The Journal as an interactive experience in charting our own way--so we can let burn that which is not true and beautiful enough and get started building what is." --Glennon Doyle With Untamed, Glennon Doyle--writer, activist, and "patron saint of female empowerment" (People)--ignited a movement. Untamed has been described as "a wake-up call" (Tracee Ellis Ross), "an anthem for women today" (Kristen Bell), and a book that "will shake your brain and make your soul scream" (Adele). Glennon now offers a new way of journaling, one that reveals how we can stop striving to meet others' expectations--because when we finally learn that satisfying the world is impossible, we quit pleasing and start living. Whether or not you have read Untamed, this journal leads you to rediscover, and begin to trust, your own inner-voice. Full of thought-provoking exercises, beloved quotations from Untamed, compelling illustrations, playful and meditative coloring pages, and an original introduction, in Get Untamed: The Journal, Glennon guides us through the process of examining the aspects of our lives that can make us feel caged. This revolutionary method for uprooting culturally-constructed ideas shows us how to discover for ourselves what we want to keep and what we'll let burn so that we can build lives by design instead of default. A one-of-a-kind journal experience, Get Untamed proves Glennon's philosophy that "imagination is not where we go to escape reality, but where we go to remember it."

A photographic survey of the surface of Mars features more than 150 full-color prints and four large-width gatefold images taken by mobile robots, and discusses what these landmark missions have revealed.

"Nearly all of us either have had or have heard of an experience in which a soul already departed reaches back to us who have been left behind.... Sometimes, it's no more than a whisper, a familiar smell in the air, or just the feeling of presence as vivid as when the loved one was still alive. These moments are just that...moments, a glimpse behind the veil; not a letter from heaven, but a postcard." (Dan Gordon, Postcards from Heaven) A postcard from heaven is not a revelation from on high -- rather, it's "a whisper, a familiar smell in the air, or just the feeling of presence" of someone who's passed away. It is just enough of a message to imply that what we call life is not ended by what we call death. Dan Gordon has been receiving these postcards all his life -- from his father, his older brother, and his son Zaki, who was killed in a car accident when he was only twenty-two. Postcards from Heaven is the beautiful, inspirational memoir of four generations of a remarkable family and how they remain interconnected, a part of one another's stories, even after passing to the other side. Here is the span of his father's long life, moving and funny, from the Russian Revolution to his improbable Depression-era courtship of a woman named Goddess -- Gordon's mother -- to his spiritual later years in Israel; his incorrigible older brother's mischievous magic, able to find humor even in cancer treatment; and his brilliant son, a natural storyteller who looked destined to follow his father into the movie business. These are the stories of their lives on earth as well as after death. Full of humor, compassion, and love, Postcards from Heaven comforts and assures us that those we loved can reach back to those of us still on earth -- and, if only we are attentive enough to listen, we can hear them say, Got here safe. It's really beautiful. Much love, till we meet again.

Equal parts mail art, data visualization, and affectionate correspondence, Dear Data celebrates "the infinitesimal, incomplete, imperfect, yet exquisitely human details of life," in the words of Maria Popova (Brain Pickings), who introduces this charming and graphically powerful book. For one year, Giorgia Lupi, an Italian living in New York, and Stefanie Posavec, an American in London, mapped the particulars of their daily lives as a series of hand-drawn postcards they exchanged via mail weekly—small portraits as full of emotion as they are data, both mundane and magical. Dear Data reproduces in pinpoint detail the full year's set of cards, front and back, providing a remarkable portrait of two artists connected by their attention to the details of their lives—including complaints, distractions, phone addictions, physical contact, and desires. These details illuminate the lives of two remarkable young women and also inspire us to map our own lives, including specific suggestions on what data to draw and how. A captivating and unique book for designers, artists, correspondents, friends, and lovers everywhere.

In her latest book, *The Universe Has Your Back*, New York Times best-selling author Gabrielle Bernstein teaches readers how to transform their fear into faith in order to live a divinely guided life. Each story and lesson in the book guides readers to release the blocks to what they most long for: happiness, security and clear direction. The lessons help readers relinquish the need to control so they can relax into a sense of certainty and freedom. Readers will learn to stop chasing life and truly live. Making the shift from fear to faith will give readers a sense of power in a world that all too often makes them feel utterly powerless. When the tragedies of the world seem overwhelming, this book will help guide them back to their true power. Gabrielle says, "My commitment with this book is to wake up as many people as possible to their connection to faith and joy. In that connection, we can be guided to our true purpose: to be love and spread love. These words can no longer be cute buzz phrases that we merely post on social media. Rather, these words must be our mission. The happiness, safety, and security we long for lies in our commitment to love." When readers follow this path, they 'll begin to feel a swell of energy move through them. They will find strength when they are down, synchronicity and support when they 're lost, safety in the face of uncertainty, and joy when they are otherwise in pain. Follow the secrets revealed in this book to unleash the presence of your power and know always that *The Universe Has Your Back*.
