A publishing luminary analyzes the crisis of the media and considers the alternatives.

The Pulitzer Prize–winning author of *The Stone Diaries* gives us a love story for the ages: the tale of two polar opposites on a rocky road to romance. He's a thrice-divorced late-night talk-show host. She's an unmarried folklorist obsessed with mermaids. He lives for the present. She lives in the past. Both are leery of commitment. Neither has ever known lasting love. But when Tom Avery and Fay McLeod meet, it's love—or at least lust—at first sight. And then fate starts to throw them curveballs. Shifting between Tom and Fay's stories—from their complicated histories through their present-day angst—*The Republic of Love* features delightful secondary characters in the lovers' friends and families, including Fay's seemingly happily married parents and her beloved godmother, Onion. As Tom and Fay forge bravely ahead into a romantic minefield, they make startling discoveries about each other and themselves. With her trademark wit and irony, and a deep compassion for her hero and heroine, Carol Shields gives us a celebration of love in all its guises.

Dreams and Stones is a small masterpiece, one of the most extraordinary works of literature to come out of Central and Eastern Europe since the fall of communism. In sculpted, poetic prose reminiscent of Bruno Schulz, it tells the story of the emergence of a great city. In Tulli's hands myth, metaphor, history, and narrative are

combined to magical effect. *Dreams and Stones* is about the growth of a city, and also about all cities; at the same time it is not about cities at all, but about how worlds are created, transformed, and lost through words alone. A stunning debut by one of Europe's finest new writers. "A witty and lively novel set somewhere between the worlds of Roddy Doyle and Irvine Welsh." —William Dalrymple, *The Guardian* Reminiscent of early Roddy Doyle, *Tony Hogan Bought Me an Ice-Cream Float Before He Stole My Ma* begins with our singular heroine's less than idyllic birth and quickly moves to a spectacular fight that lands Janie and her mother in a local women's shelter. From there it's on to a dodgy council flat and a succession of unsuitable men, including the hard-drinking, drug-dealing, ice-cream-buying Tony Hogan. Kerry Hudson's arrestingly original debut will enthrall readers with Janie's tragicomic and moving story about coming of age in a non-traditional family amid the absurdities of the 1980s and Thatcherite Britain.

This book of exquisite duotone photographs looks at the Bori, a West African shamanist cult centered on possession by the spirits of ancestors. Its followers, priests (also known as Bori), and assistants are clairvoyants or faith healers. They perform ecstatic ritual dances to conjure up djinns--spirits--to protect society and its individual members from evil. Faith healers (Boka) employ traditional plants to heal the sick. Caroline Alida's black-and-white portraits of the Bori and the objects used in their ritual practices were taken in dim natural light, imbuing the photos with a contemplative

One of the most ambitious and wildly inventive novels to have come out of Russia in years, this short novel embraces the Brehznev years, the USSR's disintegration, and capitalist shock therapy in the post-Soviet bloc. The eponymous hero, part of a brood of bored science students, helps concoct a strategy game set in different eras where each "ruler" of his territory competes in Orwellian permanent war. But the KGB uncovers highly plausible and suspicious military plans and a long penance for each "combatant" ensues. All too late, Istemi is the first to realize the mysterious and disturbingly prophetic nature of a seemingly innocent invention. He is powerless as events long foretold for each unfold, including a hellish tour of duty in Afghanistan, incarceration in an asylum, and mindless bureaucratic drudgery—but what fate awaits Istemi as communist absurdist reality turns into postcapitalism nightmare?

There is ample evidence as to how the modern masters, in their shared pursuit of formal inventions and constructional inventions, variously referred to past examples they had freely chosen as guides that could inspire and support them in their strenuous pursuit of new things. The buildings shaped like soft clouds and gelatinous bowels, or the spiked bravura pieces designed by today's fashionable architects have no relation with either construction or history. Louis Kahn, instead, kept form, structure and history

paradigmatically together. The book systematically reviews the intense structural experimentation that, in terms not just of building engineering but of spatial and representational potential, marked Kahn's work since the beginning and would eventually lead him, after a long apprenticeship, to an almost constant adoption of 'hollow' structural forms. By reviewing this long and intense journey of research, the book underlines how Louis Kahn, in each work and based on a constant dialogue between structural innovation, building tradition and figural evocation, succeeded in awakening our interest in a new 'fascinating' structure and at the same time our emotion for a deeply meaningful, universal and timeless form.

Il contratto di lavoro a tutele crescenti introdotto con il D.Lgs. n. 23/2015 si applica a tutte le assunzioni effettuate dal 7 marzo 2015. Il nuovo quadro normativo, riducendo sensibilmente i casi in cui la decisione del giudice può ancora sancire - a fronte di un licenziamento - la reintegra del lavoratore e prevedendo in luogo della stessa ben precise compensazioni di carattere economico, rappresenta sicuramente un cambiamento importante. La guida del Sole 24 Ore - anche riservando un'attenzione particolare ai regimi fiscali e contributivi di tutte le indennità e somme dovute a seguito di un licenziamento - è lo strumento professionale di immediata ed efficace consultazione per affrontare e gestire correttamente tutte le problematiche derivanti dall'applicazione delle nuove regole e di quelle che disciplinano il "vecchio" licenziamento (ovviamente ancora in vigore e con il proprio significativo carico di complessità).

One morning in 1949, Fan Fanych, alias Etcetera, is summoned from his Moscow apartment to KGB headquarters, where he is informed that he will be charged with a crime more heinous than any mere man could ever devise. Comrade Etcetera will be tried for "the vicious rape and murder of an aged kangaroo in the Moscow Zoo on a night between July 14, 1789, and January 9, 1905." Every moment in the nightmarish and hilarious account that follows

lives up to the absurdity of this accusation. A seductive KGB agent attempts to convince Fan Fanych that he is a kangaroo; he finds himself in the dock at a spectacular show trial; is sent to a camp full of dedicated old Bolsheviks pathetically attempting to maintain their beliefs in the face of every new atrocity; encounters Hitler in Berlin and Churchill, Roosevelt, and Stalin at Yalta, where he is privileged to witness the famous conference as it was really conducted. Kangaroo is a savage, cleansing satire in which Yuz Aleshkovsky confronts the hypocrisy, the cruelty, and the tragic failure of the Soviet regime. His phantasmagoria is faithful to reality, for--as Dostoevsky knew--it is impossible for "realism" to portray a society whose corruption is literally fantastic.
