The classic political satire about an imaginary ideal world by one of the Renaissance's most fascinating figures. Named after a word that translates literally to "nowhere," Utopia is an island dreamed up by Thomas More, a devout Catholic, English statesman, and Renaissance humanist who would be canonized as a saint centuries after he was executed for choosing God over king. More's novel introduces us to Utopia's society and its customs. It is a place of no private property and no lawyers; of six-hour workdays and simple ways; and, intriguingly, of a combination of values that blend the traditional with the highly controversial, from euthanasia to married priests to slavery. Remarkably thought-provoking, it is a novel that asks us to question what makes a perfect world—and whether such a thing is even possible.

collection brings together for the first time Ajahn Chah's most powerful teachings, including those on meditation, liberation from suffering, calming the mind, enlightenment and the 'living dhamma'. Most of these talks have previously only been available in limited, private editions and the publication of Food for the Heart therefore represents a momentous occasion: the hugely increased accessibility of his words and wisdom. Western teachers such as Ram Dass and Jack Kornfield have extolled Chah's teachings for years and now readers can experience them directly in this book.

Based on the James Beard Award–winning blog The One-Block Diet, this all-in-one home gardening, do-it-yourself guide and cookbook shows you how to transform a backyard or garden into a self-sufficient locavore's paradise. When Margo True and her fellow staffers at Northern California–based Sunset magazine walked around the grounds of their Menlo Park office, they saw more than just a lawn and some gardens. Instead, they saw a fresh, bountiful food source, the makings for intrepid edible projects, and a series of seasonal feasts—all just waiting to happen. The One-Block Feast is the story of how True and her team took an inspired idea and transformed it into an ambitious commitment: to create four feasts over the course of a year, using only what could be grown or raised in their backyard-sized plot. She candidly shares the group's many successes and often humorous setbacks as they try their hands at
