Tax-Free Wealth is about tax planning concepts. It's about how to use your country's tax laws to your benefit. In this book, Tom Wheelwright will tell you how the tax laws work. And how they are designed to reduce your taxes, not to increase your taxes. Once you understand this basic principle, you no longer need to be afraid of the tax laws. They are there to help you and your business—not to hinder you. Once you understand the basic principles of tax reduction, you can begin, immediately, reducing your taxes. Eventually, you may even be able to legally eliminate your income taxes and drastically reduce your other taxes. Once you do that, you can live a life of Tax-Free Wealth.

Many Americans dream of financial freedom, but they're stuck in dead-end jobs and don't know how to get there. You don't need to be one of them. If you invested \$35,000 in the stock market today, it could take 52 years for that investment to grow to \$1 million. But if you invested that same amount into one single-family \$140,000 rental property, it would only take 19 years. With just two rental properties, you could generate \$417,000 in profit in just 10 years. Skeptical? Good, because that's the first sign of a smart investor. This book will tackle that skepticism head on... and give you confidence and a path to financial freedom. THIS BOOK WILL TEACH YOU HOW TO: - Secure your investment money - Find your ideal market--and a positive-cash-flow property - Efficiently manage your property - Handle your record keeping - Boost revenues and cut costs - File your taxes using a step-by-step process - Build your real estate portfolio

An alphabet book about real estate terms for children.

Discover the (surprising) secret to lifelong financial freedom with real estate investing. Real estate has always been a powerful tool for investing, and many people believe that a single-family home investment strategy will help them achieve their goals. However, the true path to financial freedom using real estate is found in apartment buildings. Real estate investing expert and author Michael Blank learned that once investors did their first deal, the curious "Law of the First Deal" led to the second and third deals in rapid succession. Most were able to quit their jobs within 3-5 years of getting started. Of course, when most people hear "apartment buildings" they immediately assume they need years of investing experience and money saved up to be able get into the game. This simply isn't true. Michael has compiled the results of his research into his new book, Financial Freedom with Real Estate Investing: The Blueprint to Quitting Your Job with Real Estate - Even without Experience or Cash. He's outlined the "Financial Freedom Blueprint" that guides you through your first multifamily deal, even if you have no prior experience or your own cash.

OWN YOUR OWN CORPORATION reveals the legal secrets and strategies that the rich have used for generations to run their businesses and protect their assets. Written in a clear and easily understandable style, and now completely revised and updated to reflect important changes in rules and regulations, **OWN YOUR OWN CORPORATION** provides the necessary knowledge to save thousands of dollars in taxes and protect your family assets from the attacks of creditors. **OWN YOUR OWN CORPORATION** illustrates how to: Select the best entity for your own personal strategy Maximize the incredible benefits of corporations for asset protection and tax savings Raise money for your new venture Use employment agreements for your benefit Easily prepare and maintain corporate records

Whether you're looking to make a career out of flipping homes or see it as a part-time venture, you can make fast money legitimately. Before you get started, you need to know the right way to flip, regardless of local market conditions and current economic trends. There's more to flipping than redoing a kitchen or staging a property. Every deal is different, and each investor must have a clear business strategy. Expert investors William Bronchick and Robert Dahlstrom have learned how to be successful in all types of markets—and now they share their secrets with you. From the bestselling

authors of *Flipping Properties*, which brought the term "flipping" to American households, *The Business of Flipping Homes* is an A-to-Z guide for both new and seasoned investors. The book explains what flipping is and isn't, goes beyond the investment of a basic single-family home, and demonstrates how to find, renovate, and sell properties using proven methods. With more than 40 years combined experience in buying and selling investment properties, Bronchick and Dahlstrom explain how to avoid many of the pitfalls and issues that could drain your funds and come back to haunt you. They give systematic approaches on long-term planning, including how to find and work with partners, structure a business, and utilize your specific talents, resources, and aspirations in realistic ways. You'll learn how to figure out timelines, work with real-estate agents, understand the paperwork, analyze the numbers, utilize technology, and, most important, find the money.

If you're interested in real estate investing, you may have noticed the lack of coverage it gets in mainstream financial media, while stocks, bonds, and mutual funds are consistently touted as the safest and most profitable ways to invest. According to real estate guru Ken McElroy, that's because financial publications, tv and radio programs make the bulk of their money from advertising paid for by the very companies who provide such mainstream financial services. On the other hand, real estate investment is something you can do on your own--without a large amount of money up front. Picking up where he left off in the bestselling *ABC's of Real Estate Investing*, McElroy reveals the next essential lessons and information that no serious investor can afford to miss. Building on the foundation of *real estate investment 101*, McElroy tells readers: How to think--and operate--like a real estate mogul How to identify and close expert deals Why multifamily housing is the best real estate investment out there How to surround yourself with a team that will help maximize your money How to avoid paying thousands in taxes by structuring property sales wisely Important projections about the future of real estate investment

Mark Ferguson, a successful rental property owner, fix and flipper and real estate agent, has learned the best way to find rentals, get great deals, manage properties, finance properties, find great markets and build wealth with rentals. In this book Mark shares with you the information you need to be a successful rental property investor.

The idea behind *The Sleeping Giant*, Ken's fourth book, is to help inspire people to believe that they can be part of solving the world's economic problems by creating businesses - which in turn create financial freedom, job growth and reduce reliance on other sources. Entrepreneurship and self-empowerment are becoming the new American dream. *The Sleeping Giant* is awakening! A generation of self-employed entrepreneurs are ditching the corporate ladder and creating their own destiny. They're the new Business Class - an army of self-employed entrepreneurs millions strong living out their passions and changing the world by creating jobs and prosperity. This book brings together 20 entrepreneurs, each

sharing their powerful and inspiring stories of how they found success through self-empowerment. Each one started with an idea - and most had no experience and no money. Yet their stories are of lives of freedom, passion and fulfillment. This book does not propagate investment in real estate and adding enormous value on your property. Instead, it shows you how to buy one or more homes using very little of your own money, alongside getting value for your money. It tells you how to take care of your home with the correct maintenance. It teaches you how to be well-informed about property related matters for your property to have a long and healthy sustainability. The book contains wide information on different kinds of property and property frauds, facts related to property sale and purchase, REITs, property taxations, home loans and so on. The bottom line is, no matter what you do in real estate, the most important thing is to understand the financial values and the market you want to invest in. You can't get a great deal if you do not know what a great deal is. So, let this be your first step to a successful future in the real estate investing world.

This book will teach you how to:

- Achieve wealth and cash flow through real estate
- Find property with real potential
- Show you how to unlock the myths that are holding you back
- Negotiating the deal based on the numbers
- Evaluate property and purchase price
- Increase your income through proven property management tools

Why cutting up your credit cards won't make you rich A popular TV personality often says, "Take out your credit cards and cut them into pieces." While that is sound advice for people who are not financially responsible, it is inadequate advice for anyone who wants to become rich or financially free. In other words, just cutting up your credit cards will not make you rich. What does make you rich is financial education...unfortunately a type of education we do not receive in

school. If a person has a solid financial education, they would know that there are two kinds of debt...good debt and bad debt. A person with a sound financial education would know how to use good debt to make them richer faster...much faster than a person who only saves money and has no debt. Rich Dad's Guide to Becoming Rich * Are you in credit card debt? * Is job security dead? * Is your financial security threatened? * Is a high-paying job the answer? * Is your money working for you? * Do you have good debt or bad debt? We all need more financial education. We need to know how to have our money work hard for us so we don't have to spend our lives working for money. That is why we need more sophisticated financial education...not oversimplified and childish financial tips such as cut up your credit cards or save more money. If you are ready to increase your financial education and enjoy your credit cards, then this book is for you. "This book is not just a bargain, it's a steal. It's filled with practical, workable advice for anyone wanting to build wealth."—Mike Summey, co-author of the bestselling *The Weekend Millionaire's Secrets to Investing in Real Estate* Anyone who seeks financial wealth must first learn the fundamental truths and models that drive it. *The Millionaire Real Estate Investor* represents the collected wisdom and experience of over 100 millionaire investors from all walks of life who pursued financial wealth and achieved the life-changing freedom it delivers. This book--in straightforward, no nonsense, easy-to-read style--reveals their proven strategies. *The Millionaire Real Estate Investor* is your handbook to the tried and true financial wealth building vehicle that rewards patience and perseverance and is available to all--real estate. You'll learn: Myths about money and investing that hold people back and how to develop the mindset of a millionaire investor How to develop sound criteria for identifying great real estate investment opportunities How to zero in on the key terms of any transaction and achieve the best possible deals How to develop the "dream team" that will help you build your millionaire investment business Proven models and strategies millionaire investors use to track their net worth, understand their finances, build their network, lead generate for properties and acquire them *The Millionaire Real Estate Investor* is about you and your money. It's about your financial potential. It's about discovering the millionaire investor in you.

Exchange-traded funds (ETFs) have become in their 25-year history one of the fastest growing segments of the investment management business. These funds provide liquid access to virtually every financial market and allow large and small investors to build institutional-caliber portfolios. Yet, their management fees are significantly lower than those typical of mutual funds. High levels of transparency in ETFs for holdings and investment strategy help investors evaluate an ETF's potential returns and risks. This book covers the evolution of ETFs as products and in their uses in investment strategies. It details how ETFs work, their unique investment and trading features, their regulatory structure, how they are used in tactical and strategic portfolio management in a broad range of asset classes, and how to evaluate them

individually.

Social Entrepreneur is a book about how two ordinary people turn a huge social problem into a solution, not only for themselves but for thousands of others. From Nightclub Owner (Josh) and Law Enforcement Officer (Lisa) to Social Entrepreneurs of Journey Healing Centers (accredited private drug and alcohol treatment centers). They turned their lives around and are building businesses that bring families back together again (by using the Rich Dad principles). Businesses are evolving to a higher purpose, the why we do what we do. Like the movements across the world and in our own backyards (occupy wall street) people want purpose in their lives. They want to be a positive contribution. We are in the next Mega Trend of a social movement.
