

The Complete Bullshit Free And Totally Tested Writing Guide How To Make Publishers Agents Editors Readers Fall In Love With Your Work

'The Secret' missed out on lots of things. This book takes up where the secret left off but mentions the blessing blocker spirits like fundamentalism and humanism that like to bully people out of their dreams and desires.

Bullshit is everywhere. Some of it is just lazy, some is complete nonsense, and yet some is at least trying to communicate something, even if it fails. Bestselling author Kevin Duncan has been on a life mission to improve business language and understanding. In his latest book, he weeds out the worst offenders, and the contexts in which they most frequently occur, to provide readers with a path to clear communication. The book starts with an examination of why we seem to use so much jargon and non-sensical words and phrases in our daily working lives. Duncan then lists and analyses the 100 most popular examples of bullshit used internally and externally, their real meaning, and rates how harmless or dangerous they are. The book ends with advice on dealing with bullshitters and a manifesto to help anyone achieve clear, bullshit-free communication.

Are you struggling to live the life you want and focus on the things that matter? Do you lack the ability to stay focused and complete important tasks? How do you live a life true to yourself, instead of what others want you to be? The deathbed research reveals that this is the #1 regret on a dying person's mind. Millions of people, just like you, secretly believe that their lives could be simpler, happier, and more fulfilling if they only had the freedom to live it on their terms. In this power-packed guide, best-selling author Gary Collins shares the 14 powerful life lessons that make this possible. No more struggling to make changes by raw willpower, or by following complicated systems or weird success philosophies. Gary teaches you to align your habits with a simple set of sound principles so you can live a life of success and integrity. If you're tired of feeling uncertain, unfulfilled, or anxious about your career, your finances, your health, or your relationships, this is the book you've been searching for. The Simple Life Guide to Small Habits for Big Change unpacks a step-by-step series of eye-popping positive habits that will change your life today and forever. In this book you'll discover: * How to be more effective at taking responsibility for your destiny in life instead of blaming others. *

Understanding why your health is critical for living a life of happiness and abundance. * Learn how to have financial discipline to live a life of freedom. * Why addition by subtraction is the key to living a simpler life. * How to ignore outside forces that continually get you off track for a life of success. * Why if you never take chances and are afraid to fail, you will never succeed. And much, much more! Gary Collins has helped hundreds of thousands of people worldwide to achieve their dreams and live the life they want... get this book today and start living a life of success and abundance! The expectation to constantly succeed in all we do is exhausting - to aim higher and higher, to get more, have more and be more. The result? A life filled with stress. The cost? A rapidly escalating toll on our mental health and wellbeing. If you are exhausted from being pushed to aim higher and higher, if you are wanting to create better work-life balance, if you are looking to be more self-aware, if you are wanting to become a more effective communicator, listener, leader, follower, and lead a less stressed and successful life - then That's Bullshit will provide you with ideas, skills, and direction for change. Each chapter of That's Bullshit challenges a specific concept or area of modern-life that is brimming with rubbish tips, tricks, gimmicky ideas, and fads - strategies and mindsets are provided to put in place more valid and constructive alternatives. Personal growth is challenged to realise your full potential, and to support the achievement of your goals and aspirations - as defined by you! It's time to challenge the bullshit messages and pressures we are drowning under. We must shift our focus away from a toxic and endless pursuit of more, and instead focus on creating a genuinely healthy, happy, and successful life free of bullshit. We need to define our life by personally meaningful goals. Not goals driven by bullshit platitudes, unrealistic expectations, and an exhausting pursuit of more. It's time to strengthen our internal 'Bullshit-O-Meter' (our ability to identify bullshit) and become skilled at differentiating fact from fiction, and misguided advice from valuable insights. We must challenge the stress-inducing and misleading bullshit of modern life and find more constructive alternatives.

This book is a collection of rock climbing experiences which captures the essence, the challenge, and the spirit of the sport at its best. It describes the historical interplay between events and personalities in Colorado rock climbing, and shows how the concept of the impossible was redefined.

The tragic and heartwarming saga of the Thompson Sisters has endeared readers worldwide, with more than a quarter million copies sold in six languages. For the first time, the entire saga -- six full length novels plus two bonus novellas -- are under one cover. Adelina Thompson, the hated matriarch and diplomatic wife who has her own tragic secrets. Meet Julia Thompson and Crank Wilson -- the star crossed couple who meet at a anti-war protest in Washington, DC. Alexandra Thompson and Dylan Paris -- can Alex restore love and help heal her war-wounded love? Carrie Thompson and Ray Sherman -- a senseless accident reveals dangerous secrets no one ever expected. The Rachel's Peril trilogy: will Andrea Thompson's secrets destroy her entire family? The Thompson Sisters A Song for Julia Just Remember to Breathe The Last Hour Rachel's Peril Girl of Lies Girl of Rage Girl of Vengeance Bonus novellas: Falling Stars A View From Forever This anthology will only be available for 14 days.

This book is about how to destroy negative energy and replace it with positive energy. I inspired thousands with my teaching and music. I met thousands of good people along the way. It is an awesome feeling to write my own story. From the bestselling author of Just Remember to Breathe Twenty-seven year old Carrie Thompson-Sherman has the life she always wanted: her PhD, a prestigious fellowship, and an amazing husband. Her charmed life begins to unravel as a jealous colleague puts her fellowship in jeopardy and a hideous secret Ray carried home from Afghanistan comes to light. Hanging on by a single thread, a disastrous accident puts both her husband and her sister's lives at risk.

Heartbroken, Carrie will be faced with the most devastating choice of her life. A choice that will change everything. From the author of *Bliss* comes a heartwarming tale of friendship, romance, self-discovery... and llama drama. When a close encounter with an eighty-foot spruce steals Merry Manning's dreams of Olympic gold, the former ski champ finds herself falling into a career she never expected -- the life of a travel writer. Picturing glamorous trips to exotic places, Merry is speechless when her boss assigns her to the blog, "Don't Do What I Did," and sends her to a middle-of-nowhere llama ranch with instructions to "fall on her fanny" as often as possible. Soon she's eyeball-deep in alpacas, llamas, goats, and all the mess that comes with them. But when the Last Chance Llama Ranch -- and a certain gruff cowboy-- start to grow on her, Merry finds that each life might actually be just what she's been missing. You know what they say: when life gives you llamas....

Bullshit isn't what it used to be. Now, two science professors give us the tools to dismantle misinformation and think clearly in a world of fake news and bad data. "A modern classic . . . a straight-talking survival guide to the mean streets of a dying democracy and a global pandemic."—*Wired* Misinformation, disinformation, and fake news abound and it's increasingly difficult to know what's true. Our media environment has become hyperpartisan. Science is conducted by press release. Startup culture elevates bullshit to high art. We are fairly well equipped to spot the sort of old-school bullshit that is based in fancy rhetoric and weasel words, but most of us don't feel qualified to challenge the avalanche of new-school bullshit presented in the language of math, science, or statistics. In *Calling Bullshit*, Professors Carl Bergstrom and Jevin West give us a set of powerful tools to cut through the most intimidating data. You don't need a lot of technical expertise to call out problems with data. Are the numbers or results too good or too dramatic to be true? Is the claim comparing like with like? Is it confirming your personal bias? Drawing on a deep well of expertise in statistics and computational biology, Bergstrom and West exuberantly unpack examples of selection bias and muddled data visualization, distinguish between correlation and causation, and examine the susceptibility of science to modern bullshit. We have always needed people who call bullshit when necessary, whether within a circle of friends, a community of scholars, or the citizenry of a nation. Now that bullshit has evolved, we need to relearn the art of skepticism.

#1 *New York Times* bestselling author Jennifer L. Armentrout draws readers into the extraordinary, irresistible world of Wardens and demons in the *New York Times* bestselling series *The Dark Elements*. **WHITE HOT KISS: Book 1** Seventeen-year-old Layla just wants to be normal—fit in at school, and go out on a real date with the gorgeous Zayne. Trouble is, Zayne treats Layla like a sister—and Layla is anything but normal. She's half demon, half gargoyle, with abilities no one else possesses. And even though Zayne is a gargoyle, Layla's kiss will kill anything with a soul—including him. Then she meets Roth—a tattooed, sinfully hot demon who claims to know her secrets. Trusting Roth could ruin her chances with Zayne—and brand her a traitor. But as Layla discovers she's the sole reason for a violent demon uprising, kissing the enemy suddenly pales in comparison to the looming end of the world. **STONE COLD TOUCH: Book 2** Layla Shaw is trying to pick up the pieces of her shattered life—no easy task for a seventeen-year-old. Her impossibly gorgeous best friend, Zayne, is forever off-limits thanks to the mysterious powers of her soul-stealing kiss. The Warden clan that has always protected her is suddenly keeping dangerous secrets. And she can barely think about Roth, the wickedly hot demon prince who understood her in ways no one else could. But sometimes rock bottom is only the beginning. Because suddenly Layla's powers begin to evolve, and she's offered a tantalizing taste of what has always been forbidden. **EVERY LAST BREATH: Book 3** Every choice has consequences—but Layla faces tougher choices than most. Light or darkness. Wickedly sexy demon prince Roth, or Zayne, the gorgeous, protective Warden she never thought could be hers. Layla has a new problem, too. A Lilin—the deadliest of demons—has been unleashed, wreaking havoc on those around her...including her best friend. To keep Sam from a fate worse than death, Layla must strike a deal with the enemy while saving her city from destruction. But sometimes, when secrets are everywhere and the truth seems unknowable, you have to listen to your heart, pick a side—and then fight like hell...

From bestselling writer David Graeber—"a master of opening up thought and stimulating debate" (*Slate*)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled "On the Phenomenon of Bullshit Jobs." It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society's most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. "Clever and charismatic" (*The New Yorker*), *Bullshit Jobs* gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and "a thought-provoking examination of our working lives" (*Financial Times*).

This may be the most honest book ever written about Jesus. As a veteran pastor in the United Church of Christ, Dr. Watson shares his thoughts on the timeless topic of Christology--the doctrine of Christ--with new and creative insights, informative and accessible theology, personal anecdotes, and lively wit. Nothing is off-limits in this no-holds-barred contribution to the Jesus genre. Big Jesus is not another theological "spin" on the identity and nature of Jesus of Nazareth, nor is it a sentimental fairytale for those who prefer their Christology to be served up on Sunday mornings with fluffy sheep, little children, and footprints in the sand. This book is for Christian adults with a sense of humor.

The son of a convicted bank robber and con artist describes their complicated relationship, relating how his father, while in jail, sent the author letters throughout his childhood and turned up in a Boston homeless shelter where the author was a caseworker. 35,000 first printing.

Day One: A series of terrorist attacks spread a cloud of noxious gas over highly populated areas. Day Two: Higher brain function erodes in those exposed to the gas. Their bodies begin to distort, faces distending, skin sallowing, teeth elongating. Day Three: The infected disappear into the shadows, fleeing the harsh daylight which has begun to sear their flesh. Day Four: The world is DEVoured. Life isn't kind to Lance York. A full-time job has eluded him for years, his wife loathes the sight of him, his bank accounts are empty, and his wealthy father-in-law revels in his failures. After he lunges in front of a car to save a sick and disoriented woman, Lance awakens in a quarantined hospital. A devastating plague is spreading worldwide, driving those infected with it insane. Their bodies begin to mutate into horrors that have haunted mankind's nightmares for centuries. The world descends into chaos as the infected flee to the shadows, emerging at night to devour the remnants of civilization. With the help of an unlikely ally, Lance must navigate through the collapsing city of Pittsburgh, striving to escape the madness of the apocalypse that unfolds around them. Reviews for *The Hunger*: "...zombie like creatures that shy away from the sun and ravage at night" "My thought was "Zombie vampires?", but it gets worse." "Full of interesting characters, humor, survival, and the end of the world as we know it" "Dystopian fiction with nonstop action, horror, humor, and suspense" "it creates a very realistic apocalyptic situation." "the best free post apocalyptic fiction" "The story really gets interesting when Lance meets a sassy, strong female" "I've read several free zombie books and this is the best one" Keywords: free ebook, horror, zombies, vampires, freebie, free, post apocalyptic, free vampire books, free zombie books, free dystopian fiction, free horror books, free end of the world books, free post apocalyptic books

When a mudslide wipes out multiple members of a wilderness therapy trip, the three remaining teenagers must survive the elements, their demons, and one another.

Are you searching for the good life, for the typical abundance, health, and happiness? In *No More Bullshit*, author Hilde Larsen helps you start at the beginning, return to the hardcore causes of disconnect, and revisit yourself to find the real you and live a life of joy. She shows how by awakening to who you really are, you're able to let go of everything that's been holding you back. By truly connecting with your inner source, God and creation, you're able to effortlessly flow through life with a renewed passion and enthusiasm. *No More Bullshit* discusses that nothing can hold you back if you decide to break free. Your: truth is stronger than any lie; passion is stronger than any disbelief; mission is here whether you recognize it or not; strengths are unbreakable; and ability to change is obsolete. Filled with topics of self-reflection, *No More Bullshit* shares how no matter what life serves you, you have the power to adjust, grow, and change your path. No matter where you are today, the free will and innate wisdom handed down to you from your ancestors will guide you toward your true path. No matter how long it's been since you felt powerful and strong, you still are.

Joining the ranks of classics like *The Elements of Style* and *On Writing Well*, *Writing Without Bullshit* helps professionals get to the point to get ahead. It's time for *Writing Without Bullshit*. *Writing Without Bullshit* is the first comprehensive guide to writing for today's world: a noisy environment where everyone reads what you write on a screen. The average news story now gets only 36 seconds of attention. Unless you change how you write, your emails, reports, and Web copy don't stand a chance. In this practical and witty book, you'll learn to front-load your writing with pithy titles, subject lines, and opening sentences. You'll acquire the courage and skill to purge weak and meaningless jargon, wimpy passive voice, and cowardly weasel words. And you'll get used to writing directly to the reader to make every word count. At the center of it all is the Iron Imperative: treat the reader's time as more valuable than your own. Embrace that, and your customers, your boss, and your colleagues will recognize the power and boldness of your thinking. Transcend the fear that makes your writing weak. Plan and execute writing projects with confidence. Manage edits and reviews flawlessly. And master every modern format from emails and social media to reports and press releases. Stop writing to fit in. Start writing to stand out. Boost your career by writing without bullshit.

Delve into an extraordinary world of dark magic and savage beauty in New York Times bestselling author Amanda Hocking's *Watersong* series, where love is the most powerful weapon of all. Together for the first time, read all four novels in the *Watersong* series in a low priced eBook bundle: *Wake After a Night* with three mysterious girls, Gemma Fisher wakes up with amazing new powers. But they come with a price that forces Gemma to choose between her old life and entering a new world brimming with dark hungers and unimaginable secrets... *Lullaby* Harper Fisher's normal life is upended when her younger sister Gemma runs off with a dangerous clique of beautiful girls. Vowing to get her sister back no matter the cost, Harper must face dangers unlike any she's ever experienced; but will Harper still love Gemma once she learns the truth? *Tidal* Gemma and Harper are facing the fight of their lives: they've finally found a way to break Gemma's curse to make her human again, but the deadly creatures who cursed her are determined to kill Gemma before she has the chance... *Elegy* An ancient curse robbed Gemma of everything that matters most: her friends, her family, and the guy she loves. Now that she has the scroll that binds her curse, Gemma finally has the chance to get her old life back. But Gemma and Harper realize that destroying the scroll is not as easy as they hoped.

2016 marked the birth of the post-truth era. Sophistry and spin have coloured politics since the dawn of time, but two shock events - the Brexit vote and Donald Trump's elevation to US President - heralded a departure into murkier territory. From Trump denying video evidence of his own words, to the infamous Leave claims of £350 million for the NHS, politics has rarely seen so many stretching the truth with such impunity. Bullshit gets you noticed. Bullshit makes you rich. Bullshit can even pave your way to the Oval Office. This is bigger than fake news and bigger than social media. It's about the slow rise of a political, media and online infrastructure that has devalued truth. This is the story of bullshit: what's being spread, who's spreading it, why it works - and what we can do to tackle it.

The taboo subject of openly refuting free will is now finally out of the closet. This book represents a shorter and easier to read version of its predecessor *The Newer Testament - The Bible of Unfree Will*. In its core essence, this book is *The Newer Testament Edition Two*. Bold, daring, core-shattering, and more to the point than edition one, this work challenges

established and well-accepted truths about the freedom of man. This unique literary work is intended for anyone interested in deepening their understanding of why free will is pure nonsense and insanity -- something the entire world may soon need to discover. It's been 520 years since The New World was discovered by Columbus. The discoveries of The Newer Testament -- editions one and two will make his discoveries look inconsequential by comparison. By reading this book, you will quickly learn why the belief in free will is total, complete, utter nonsense and insanity.

Upon learning about the death of his father, Clay Forester, still grieving over the deaths of his wife and son, sets out to attend the funeral--a journey that forces him to face the past and forgive his father as well as himself.

The taboo subject of openly refuting free will is now finally out of the closet. Do we as human beings have the ability to make our own decisions in all matters of life? Is it left up to you and me to decide how our lives will be lived or is it up to God (the entirety of the universe)? We either have free will" or we dont. Many people love to say they have a little free will. A little free will means you do in fact believe in free will. This is a black or white issue. You either have free will or you dont. We cannot have two truths fighting against each other; if two truths do fight against each other then what you have is not truth. There can only be one truth in this matter and its about time to understand that Free Will" Is The Ultimate in Nonsense. By reading this bold and daring little book, you will quickly learn why the belief in "free will" is The Ultimate in Nonsense. This book along with The Newer Testament can prove and persuade you to the truth that free will doesnt exist. This book can also show you how a planet without free will is actually a better and more compassionate planet to live on. Enel Vale went to Emory University and received his masters from Fordham University. He is also a member of Mensa (the top 2% IQ society). He is the host of the "No Free Will" tv show in Manhattan, NY.

If, as Buddhism claims, the potential for awakening exists in all human beings, we should be able to map the phenomenon with the same science we apply to other forms of consciousness. A student of cognitive social science and a Zen practitioner for more than forty years, Richard P. Boyle brings his sophisticated perspective to bear on the development of a theoretical model for both ordinary and awakened consciousness. Boyle conducts probing interviews with eleven prominent Western Buddhist teachers (Shinzen Young, John Tarrant, Ken McLeod, Ajahn Amaro, Martine Batchelor, Shaila Catherine, Gil Fronsdal, Stephen Batchelor, Pat Enkyo O'Hara, Bernie Glassman, and Joseph Goldstein) and one scientist (James Austin) who have experienced awakening. From the paths they traveled to enlightenment and their descriptions of the experience, he derives three fundamental properties of awakened consciousness. He then constructs an overarching model that explains how Buddhist practices help free the mind from attachments to reality and the self and make possible the three properties of awakening. Specifically, these teachers describe how they worked to control attention and quiet the mind, detach from ideas and habits, and open themselves to compassion. Boyle's account incorporates current theories of consciousness, sociological insights, and research in neuroscience to advance the study of awakened consciousness and help an even greater number of people to realize it. "How do I get published?" Following the successful publication of his book, Live Like A Fruit Fly, Gabe Berman is asked this question more than any other. Do you know why you don't know how to get published? Because nobody does. And that's why the idea of writing a book is so utterly overwhelming. There isn't a map. You're on your own. Until now. Questions For You: Do you feel destined to be one of the great writers? Are you writing a book? Are you self publishing? Are you looking for literary agents? Do you want to sell books on kindle? If a writer fails at making people fall in love with their words, none of it matters. The Complete Bullshit-Free and Totally Tested Writing Guide reveals what is needed. If your goal is to self publish, sign with a literary agent for traditional publishing, sell books on kindle or even write a captivating blog, Berman's bullshit-free new book is a required reading. A Personal Note From The Author: Get comfortable because I want to tell you something. Ready? You're extraordinary. Yes, I have the right person. You. The person reading these words right now: you're extraordinary. Regardless of how you may feel in this moment and regardless of what you may have heard in the past, you are in fact extraordinary. How do I know? Because you're a writer. And writers, the ones who write from the gut, are absolutely extraordinary. But why should you listen to what I have to say? That's a valid question. I'm obviously not Mark Twain or Ernest Hemingway. I'm just Gabe Berman. I was just another ordinary person on this planet of ours. But like you, I chose to be extraordinary. The butterfly flapped its wings. The universe was set into motion. I wrote for the Miami Herald for eight years. My book, Live Like a Fruit Fly-The Secret You Already Know, was endorsed by Deepak Chopra. Look inside and I'll share what I've learned with you. "This amazing little gem of a book should be added to every author's or aspiring author's bookshelf (or Kindle) of must-read writing books. In fact, any person who plans to create anything -- writing, music, art -- can learn from Berman's book. I wish I had this practical, no-nonsense guide when I first started writing." - Rachel Thompson, three-time Kindle bestselling author, Broken Pieces, Mancode: Exposed, A Walk In The Snark

"One of the best writers working today. Miss him at your peril." - Blake Crouch, DARK MATTER The first book in the AFTER post-apocalyptic thriller series from an international bestselling author. For fans of post-apocalyptic, zombie, and doomsday thriller fiction. AFTER: THE SHOCK A massive solar storm erases the world's technological infrastructure and kills billions. While the remaining humans are struggling to adapt and survive, they notice that some among them have...changed. Rachel Wheeler finds herself alone in the city, where violent survivors known as "Zapheads" roam the streets, killing and destroying. Her only hope is to reach the mountains, where her grandfather, a legendary survivalist, established a compound in preparation for Doomsday. Other survivors are fleeing the city, but Zapheads aren't the only danger. Rogue bands of military soldiers want to impose their own order in the crumbling ruins of civilization. When Rachel discovers a 10-year-old boy, she vows to care for him even if it means her own chances of escaping are lower. And the Zapheads that were once simple to evade are evolving, developing communal skills even as they lay waste to the society they will eventually replace. ----- keywords: free ebook, free book, post-apocalyptic thriller, dystopian dark fantasy, horror books, action, adventure, free science fiction books, technological, technothriller, zombie fiction, survival horror, dystopian suspense, military thrillers, end times fiction, solar storms, Max Brooks, Walking Dead, World War Z, Stephen King, mutant zombies, EMP, Andy Weir, mutants, Hugh Howey, Edward W. Nobody." - J.A. Konrath "Like Stephen King, he knows how to summon serious scares." - Bentley Little, The Mailman

"Always surprises and always entertains." - Jonathan Maberry, V-Wars A box set of four books in the bestselling AFTER post-apocalyptic thriller series The After Series: Books 0-3 When devastating solar storms wipe out the technological infrastructure and kill billions, the few survivors struggle to adapt. But some among them have changed, becoming primal and violent. But the mutants quickly evolve into something even more dangerous to the future of the human race. Rachel Wheeler and her group of friends find themselves caught between the mysterious new tribe, roving bands of scavengers, and rogue military units as they carve out a home in the new world. After #0: First

Light- Prequel novella. NASA scientists warn of the possible effects of heightened solar activity, but the threat is downplayed until it's far too late. After #1: The Shock- Rachel Wheeler flees the dangers of Charlotte to seek her grandfather's remote compound in the Blue Ridge Mountains. She is joined by several other survivors as they fight back against a hostile world. After #2: The Echo- The survivors discover the mutant Zapheads are evolving by imitating human speech and behavior, but the threat of savage violence remains. After #3: Milepost 291- As Rachel and the others near her grandfather's compound, new dangers emerge, including a military unit that has established its own harsh laws. Look for the rest of the After books: Whiteout, Red Scare, and Dying Light. See what happens five years later in the NEXT series.

If, like me, you have been in a relationship with a narcissist (whether you have realised it or not) and come out the other side, you will likely have reached a point of registering that you are in a "no win situation" before being able to remove yourself for good. Unfortunately for me, by the time I came to this conclusion I had hit rock bottom. I was financially bankrupt and ended up leaving a hotel room in a foreign country that my wife and I were staying in, with nothing more than the clothes I had on, and barely enough money to get away with. By this point I was so desperate to escape that I left without my passport, even though I was in the middle of Bangkok, because she had been keeping it from me for many years. This being just one of the methods my wife used to stop me from leaving her. Understandably, people find it hard to fathom why I did not take off earlier and waited so long to finally go. The truth is that I tried to do just that many times during the course of our four-year relationship. And as anyone that has been in a similar situation can attest, it just isn't that simple. For one thing if you truly believe, as I did, that you are in love and have found your soul mate (for want of a better word) you will do almost anything to see the relationship succeed. But the fact is that even though you are in love with this person or perhaps because of it, you are still completely screwed. The narcissist will never change. I would even argue that they are incapable of doing so. They are simply too focused on their own needs and desires at any given time to be able to. The result is that you decide to be the one that changes and capitulates, because if you don't, then the relationship simply won't last. You reason that at some point you will have managed to morph into the person he or she proclaims to want. All the while the goal posts keep being moved further and further away, until the day one realises that no amount of changing or giving, will ever be enough to satisfy the narcissist. They will always want and need more. However this book is not a self-help book, or a how to guide. It simply tells a story that starts at the point of initial meeting with Eve the narcissist in question, and ends with an escape through the streets of Thailand. To anybody that has experienced a similar relationship many things will be very familiar, like the narcissists total lack of empathy, financial exploitation, violence, great sex and even love at times. Other things will probably be unfamiliar, like being involved in a so-called cult. Though through experience I have now come to suspect that all cult leaders must also be narcissists or perhaps some extreme narcissists also become cult leaders. Either way round they then use their natural charisma and power of persuasion over others to coral and cajole followers into not only doing their bidding, but as minions they can use to control other people even further. If I had a single wish for this tale told in first person, it would be that beyond being an entertaining story, it could perhaps help someone in a similar situation recognise the signs of abuse sooner, rather than later. And that this story be a catalyst for an earlier removal from an ultimately futile relationship.

Experience the complete ROYAL HEARTBREAKER series in one set - over 800 pages of sizzling, page-turning royal romance! This playboy prince is about to meet his match...but can he put his bad boy ways behind him? When I accidentally wished for my own Prince Charming, I never expected him to actually show up. But life never is as simple as making a wish—and while Prince Leopold is definitely charming, he's also cocky. And arrogant. And a huge playboy. He's everything I've promised myself I'd stay away from. So why can't I seem to resist him? Fairy tales and happily-ever-afters don't happen in real life. Not to ordinary girls like me, anyway. And certainly not with a royal bad boy who's obviously harboring a whole bunch of juicy secrets. But I can't help myself. As my life becomes entangled with Prince Leo's in ways I never could have imagined, I'm forced to wonder: could he be the hero of my dreams? Or is this cocky prince just going to break my heart? What readers are saying about ROYAL HEARTBREAKER: "I freaking loved this story... I seriously couldn't get enough of these two, and the story line was fantastic!!" – Andrea, Amazon reviewer "This was absolutely brilliant! What a hot and sweet, dirty treat!" -Amazon reviewer "I love the characters in this book. They have strong personalities and such chemistry together." – Terry, Amazon reviewer "Funny. Tender. Sweet. Intense. A Saucy fun read." – Kris, Amazon reviewer "Loved, loved, loved this series!! I don't think I can truly describe what a wonderful story this is... It has it all!" – Amazon reviewer "I was addicted to Leo ... This is a MUST read!!!" – Amazon reviewer New to the ROYAL HEARTBREAKERS books? Meet the wild royal siblings of Montovia! Each series contains a complete romance story and can be read on its own, but the following is the chronological order of our books: Royal Heartbreaker series (Prince Leopold + Eleanor Parker) Royal Mistake series (Prince Andrew + Victoria Simpson) Royal Arrangement series (Prince William + Princess Justine) Royal Wedding Fiasco (special bonus book) Royal Disaster series (Princess Sophia + Pax Donovan) Royal Christmas Baby (special bonus book) Royal Escape series (Prince Nicholas + Clara Weaver)

She was his parole officer. He was her parolee. Their attraction led to a forbidden love that couldn't be given up. Not for anything. Brooke struggles with the stress, the fear, and the recent changes in her life. While Cole tries to figure out how to help her, protect her, and keep himself from going back to prison in the process. When the past continues to show up unexpectedly, attempting to wreak havoc in their lives, all of their truths must be laid bare, and not only theirs. Can they fight the battles ahead, lay their pasts to rest, and break free, together?

Over 1,000 pages sure to delight fans of kickass heroine Urban Fantasy with story of lost dragon egg in this special complete collection of five full length novels written by Author Joanna Mazurkiewicz. Dragon Fever will destroy not one world, but two—unless she can atone for the sins of her past to protect the future. Once upon a time, non-magical warden Fran stole a golden dragon egg. Now her only job is to protect it. So when a crack opens between worlds, she escapes into London, a land she's only heard of in stories. But death follows her. Hounded by Dark Ones and the knowledge that the egg won't survive in the mundane world of humans, Fran gathers a team to save the egg, protect magic, and reveal the truth that could cure many dying wardens. It's still not enough. Until she meets Idris, half-mage and half-human. He's a Dark One, and Fran's convinced he's her enemy. Still, there's something between them that makes her want to trust him. Between them, they might just be able to save everything.

Three complete novels in one. This boxed set edition contains the complete text of three bestselling novels by Charles Sheehan-Miles: A Song for Julia, Just Remember to Breathe and The Last Hour

Wyoming author Jami Rogers brings you six romantic stories of what happens when love never comes with a warning. From enemies to lovers, office romance, friends to lovers, and second chances, this new adult romance series has everything you love to read. JUST ONE KISS Kelsey He kissed me. I slapped him. That's the last time I thought about Ethan. Now he's back, and screw him—he isn't allowed to break my heart and then show up years later looking like July in a fireman's calendar and ruining my chances at running the Black Alcove bar. Nope. I have plans and they don't include him. Ethan I tried to forget her. I failed. The moment I saw Kelsey again I knew I was doomed. I have one task while I'm here, and having her one breath away makes me forget how to be the responsible man I've worked so hard to

become. JUST ONE NIGHT Sara Love has horrible timing. We're finally on the same page and want the same things. Being hundreds of miles apart won't ruin anything ... will it? Logan She was never just my friend. Then that night happened and everything changed. Now, it's changing again and this time, I'm going to fight. JUST ONE TOUCH Alexis I have a secret. I haven't told anyone because I'm not ready. Conner makes me feel ready. He makes me feel ... things. Telling him should be simple, so why isn't it? Conner I hate liars. I just want honesty, and I finally found it with Alexis. Then again, maybe I didn't. She came to Wind Valley for a reason, a huge reason, and she didn't trust me enough to tell me. Why would I hand her my heart, if she can't do the same? JUST ONE MOMENT Skylar Start over and don't draw attention. So much for that—I just witnessed vandalism and now he thinks I did it. If stubborn men aren't supposed to be sexy, this one didn't get the memo. Luke I have no money—now I have to spend last years salary to put the store back together and deal with her. She's a vandal and a liar. Not thinking about her should be easy. Her ass. Her lips. Her eyes. Yes, I'll forget about her ... any moment now. JUST ONE SPARK Beth I just wanted to have no-strings-attached sex to celebrate my new job. Not meet a new coworker, not gain competition, and definitely not Maverick Mitchell. I don't care how gorgeous his grin is, he isn't getting in my way. Maverick I screwed up. So what. It was a mistake. I shouldn't have to keep proving myself over and over because of it. Especially when the result comes with two choices. And one of them doesn't include Beth. JUST ONE LOVE Abby My entire life is a lie. He launched my salty reputation. Yet, here I am, doing him another favor so he can get what he wants—maybe then I can dislodge him from my heart. Tyler There's an emptiness in my life. Yet I have everything I need, or at least, I thought I did. It was supposed to be a simple deal between friends. Friends? Yeah, right. I should have known we're too volatile for that. Each book in the Black Alcove series can be read as a standalone with a HEA. However, it is strongly recommended to read this hot box set in order. KEYWORDS: enemies to lovers, friends to lovers, office romance, best friends sister, new adult series, new adult collection, new adult bundle, romance bundle, romance series, romance box set, romance boxset, college romance, happily ever after, standalone series

Billy Bullshit is a self-proclaimed marketing genius. In his role as 'Chief Guru of Imagineering' he only ever talks using the latest buzzwords, business idioms and bullshit phrases. Pop that in your mental microwave and see how it defrosts! We see Billy in 52 hilarious business scenarios--on a conference call, giving a speech at a conference, running a brainstorming session, etc. This ladders up the cliched business speak, takes it to the next level and knocks it out of the ballpark. Boom! Do you know someone like Billy in your office? Maybe you even see a little bit of Billy in yourself? Either way Billy Bullshit is going to make you laugh and cringe in equal measure. And that's no bullshit.

Describing his personal struggle with the aging process, the author shares the trauma of receiving an AARP application, being unable to read the menu, and falling asleep at the party

A #1 NEW YORK TIMES BESTSELLER One of the most salient features of our culture is that there is so much bullshit. Everyone knows this. Each of us contributes his share. But we tend to take the situation for granted. Most people are rather confident of their ability to recognize bullshit and to avoid being taken in by it. So the phenomenon has not aroused much deliberate concern. We have no clear understanding of what bullshit is, why there is so much of it, or what functions it serves. And we lack a conscientiously developed appreciation of what it means to us. In other words, as Harry Frankfurt writes, "we have no theory." Frankfurt, one of the world's most influential moral philosophers, attempts to build such a theory here. With his characteristic combination of philosophical acuity, psychological insight, and wry humor, Frankfurt proceeds by exploring how bullshit and the related concept of humbug are distinct from lying. He argues that bullshitters misrepresent themselves to their audience not as liars do, that is, by deliberately making false claims about what is true. In fact, bullshit need not be untrue at all. Rather, bullshitters seek to convey a certain impression of themselves without being concerned about whether anything at all is true. They quietly change the rules governing their end of the conversation so that claims about truth and falsity are irrelevant. Frankfurt concludes that although bullshit can take many innocent forms, excessive indulgence in it can eventually undermine the practitioner's capacity to tell the truth in a way that lying does not. Liars at least acknowledge that it matters what is true. By virtue of this, Frankfurt writes, bullshit is a greater enemy of the truth than lies are.

For readers of The Celestine Prophecy, this is what you've been waiting for. Reality Check was written for everyone else who knows that we're on the verge of pushing Mother Nature and the economy to the breaking point. Reality Check shows the urgent need to reverse humanity's downward spiral by undoing the status quo. Half the book is filled with quotes from the likes of Chomsky, Sagan, Carlin, Goodall, Soros, Orwell, Asimov, Hegel, William James, Sting and the Beatles, as well as some of the most popular TV shows and movies. This over-the-top attempt to avert an "evolutionary crash" hopes instead to turn the situation into an "evolutionary bounce" by galvanizing members of the so-called "choir" who already understand that the status quo needs to be revamped. Otherwise, civilization as we know it won't last much longer. The book addresses everything from parenting to economics, political systems to global warming and general environmental destruction, as well as sociology, history and God. It's time for a reality check! What are you waiting for? This book identifies eight key mechanisms that can transform a set of ideas into a psychological flytrap. The author suggests that, like the black holes of outer space, from which nothing, not even light, can escape, our contemporary cultural landscape contains numerous intellectual black-holes—belief systems constructed in such a way that unwary passers-by can similarly find themselves drawn in. While such self-sealing bubbles of belief will most easily trap the gullible or poorly educated, even the most intelligent and educated of us are potentially vulnerable. Some of the world's greatest thinkers have fallen in, never to escape. This witty, insightful critique will help immunize readers against the wiles of cultists, religious and political zealots, conspiracy theorists, promoters of flaky alternative medicines, and others by clearly setting out the tricks of the trade by which such insidious belief systems are created and maintained.
