Life is hard for Gary. He has a dead-end job, a grouchy boss, and a beat-up car—and he's only in eighth grade! Things go from bad to worse when a wave of bank robberies hits the city and Gary becomes the prime suspect. With time running out to clear his name and nail the real crooks, this teenage tough-guy must rely on cunning, stealth, and good, old-fashioned, two-fisted justice! It's all in a day's work in a city that doesn't exist.

Note: 50% of the proceeds from this book will be donated to a mental health organization focused on helping anxiety, depression, and suicide.\* Hey YOU! Yes... you... the (really cool) person reading the back summary of this book. How are you? Having a good day? Since you are reading the back cover of this book I'm guessing that you're curious what the heck it's about. Right? Well, let me tell you, this ain't no children's book. Full of love, sex, anxiety, and depression this book will chew you up and spit you back out before chapter 4. The story begins with me, sitting in a cafe with my girlfriend of three months. Overcome by love, I (stupidly) decide to proclaim my love for her in the middle of a coffee shop. "I love you. And I know that one day I'm supposed to marry you." Man... do I regret that moment -/ I wish I could tell you that the awkwardness stops there but that would be a bold faced lie. If I was in marketing (I'm not) I would say something like... "From navigating online dating apps and relationships, to self-centered friends, and emotionally abusive alcoholics, James (that's me!) constantly feels like he's at the bottom of the social food chain. His only comfort is his love for music, which displays itself in the form of original lyrics throughout the book. One crazy day, James runs into Nikki, a bold, spit-fire, do-things-her-own-way type of person who changes his world-view forever." Well... If you made it down here I'd say this book is for you. If you didn't, oh well. #YOURLOSSBUDDY. Thanks for all the memories, James Merllot (The Protagonist of this story) \*Donation will be made once a year in December. An exploration of why people all over the world love to engage in pain on purpose—from dominatrices, religious ascetics, and ultramarathoners to ballerinas, icy ocean bathers, and sideshow performers Masochism is sexy, human, reviled, worshipped, and can be delightfully bizarre. Deliberate and consensual pain has been with us for millennia, encompassing everyone from Black Plague flagellants to ballerinas dancing on broken bones to competitive eaters choking down hot peppers while they cry. Masochism is a part of us. It lives inside workaholics, tattoo enthusiasts, and all manner of garden variety pain-seekers. At its core, masochism is about feeling bad, then better—a phenomenon that is long overdue for a heartfelt and hilarious investigation. And Leigh Cowart would know: they are not just a researcher and science writer—they're an inveterate, high-sensation seeking masochist. And they have a few questions: Why do people engage in masochism? What are the benefits and the costs? And what does masochism have to say about the human experience? By participating in many of these

activities themselves, and through conversations with psychologists, fellow scientists, and people who seek pain for pleasure, Cowart unveils how our minds and bodies find meaning and relief in pain—a quirk in our programming that drives discipline and innovation even as it threatens to swallow us whole.

Did Martin Luther wield his hammer on the Wittenberg church door on October 31, 1517? Did he even post the Ninety-five Theses at all? This collection of documents sheds light on the debate surrounding Luther's actions and the timing of his writing and his request for a disputation on the indulgence issue. The primary documents in this book include the theses, their companion sermon ("A Sermon on Indulgence and Grace", 1518), a chronological arrangement of letters pertinent to the theses, and selections from Luther's Table Talk that address the Ninety-five Theses. A final section contains Luther's recollections, which offer today's reader the reformer's own views of the Reformation and the Ninety-five Theses.

"A new life phase is beginning to emerge within our society. When the Baby Boom generation came of age in the 1960s and 1970s, they jump-started a cultural revolution that shaped today's society. Now, many feel they are living a life of frenzied disharmony. This out-of-balance feeling is a signal that you are ready for your second coming of age, your life beyond adulthood. [This book] illuminates how to recognize and navigate the most challenging and fulfilling developmental stage of life"--Dust jacket flap.

As Ruben Wells kneels with a gun pointed at his head all he can do is reflect on the life he spoiled. What has led him here? Was it his willingness to always try to do the right thing that has him staring at the barrel of a gun? Or was that he was too much of a people pleaser having a hard time saying no that has led to him begging for his life? Every thing begins and ends with a choice. The moment a choice is made it only takes a second for a life to change. Ruben made a choice to initiate a relationship with the alluring Bianca Jones. She makes heads turn and every man's dream. She is beautiful as a gazelle, but as dangerous as a lioness, as she's unavailable due to being unhappily married with children. Being married doesn't keep her from wanting to pursue Ruben as well as being pursued by him. Getting involved with Bianca changes Ruben's life in ways he never could have imagined. Choices are a gift constantly given to everyone. The choices made lead to different paths. We all have to choose this day what we're going to do with our own lives not knowing what the end result will be. What kind of impact will Ruben's choices have on his life?

An inspirational and handy book of consciousness and love. Bring it with you on your daily journey for happiness everywhere you go.

"A servant of servants shall he be unto his brethren." So reads Noah's curse on his son Ham, and all his descendants, in Genesis 9:25. Over centuries of interpretation, Ham came to be identified as the ancestor of black Africans, and Noah's curse to be seen as biblical justification for American slavery and segregation. Examining the history of the American interpretation of Noah's curse, this book begins with an overview of the prior history of the reception of this scripture and then turns to the distinctive and creative ways in which the curse was appropriated by American pro-slavery and pro-segregation interpreters.

It takes imagination to create something that is meaningful and to do it you need an inspiring creative brief. We know, however, that writing a brief is a challenge. A good one not only clearly sets out business objectives, potential strategy, and target audience insights, it also, just as importantly, inspires people. It's a daunting task, because when writing a brief, you know you are directly influencing the campaign's potential. This book therefore has two objectives: To facilitate collaboration between business-minded people and creative people, so that a stimulating brief is written, inspiring those responsible for producing a great campaign. To help ensure that the brief is clear, informative and has well-defined objectives.

In the 7 Habits series, international bestselling author Stephen R. Covey showed us how to become as effective as it is possible to be. In his long-awaited new book, THE 8th HABIT, he opens up an entirely new dimension of human potential, and shows us how to achieve greatness in any position and any venue. All of us, Covey says, have within us the means for greatness. To tap into it is a matter of finding the right balance of four human attributes: talent, need, conscience and passion. At the nexus of these four attributes is what Covey calls voice - the unique, personal significance we each possess. Covey exhorts us all to move beyond effectiveness into the realm of greatness - and he shows us how to do so, by engaging our strengths and locating our powerful, individual voices. Why do we need this new habit? Because we have entered a new era in human history. The world is a profoundly different place than when THE 7 HABITS OF HIGHLY EFFECTIVE PEOPLE was originally published in 1989. The challenges and complexity we face today are of a different order of magnitude. We

enjoy far greater autonomy in all areas of our lives, and along with this freedom comes the expectation that we will manage ourselves, instead of being managed by others. At the same time, we struggle to feel engaged, fulfilled and passionate. Tapping into the higher reaches of human genius and motivation to find our voice requires a new mindset, a new skill-set, a new tool-set - in short, a whole new habit.

A revolutionary guidebook to achieving peace of mind by seeking the roots of human behavior in character and by learning principles rather than just practices. Covey's method is a pathway to wisdom and power.

The bestselling author of *All the Shah's Men* and *The Brothers* tells the astonishing story of the man who oversaw the CIA's secret drug and mind-control experiments of the 1950s and '60s. The visionary chemist Sidney Gottlieb was the CIA's master magician and gentlehearted torturer—the agency's "poisoner in chief." As head of the MK-ULTRA mind control project, he directed brutal experiments at secret prisons on three continents. He made pills, powders, and potions that could kill or maim without a trace—including some intended for Fidel Castro and other foreign leaders. He paid prostitutes to lure clients to CIA-run bordellos, where they were secretly dosed with mind-altering drugs. His experiments spread LSD across the United States, making him a hidden godfather of the 1960s counterculture. For years he was the chief supplier of spy tools used by CIA officers around the world. Stephen Kinzer, author of groundbreaking books about U.S. clandestine operations, draws on new documentary research and original interviews to bring to life one of the most powerful unknown Americans of the twentieth century. Gottlieb's reckless experiments on "expendable" human subjects destroyed many lives, yet he considered himself deeply spiritual. He lived in a remote cabin without running water, meditated, and rose before dawn to milk his goats. During his twenty-two years at the CIA, Gottlieb worked in the deepest secrecy. Only since his death has it become possible to piece together his astonishing career at the intersection of extreme science and covert action. *Poisoner in Chief* reveals him as a clandestine conjurer on an epic scale.

Albert the Great was born in Swabia, the son of a military nobleman. He was a Dominican priest who taught theology in Cologne and Paris. His most distinguished student was Saint Thomas Aquinas. Albert was called "Doctor universalis" because his breadth of knowledge spanned not only philosophy and theology but all the natural sciences. He was a dedicated student of nature, and although he argued that the physical world can only be known reliably through observation and comparison, Albert distinguished between truths, which are naturally knowable, and mysteries, which cannot be known without revelation. People can only reach God through Himself - that is, by leaving behind the entanglements of earthly things and contemplating Him exclusively. The image and reality of God's incarnation in Jesus gives human beings the opportunity to attain a more perfect knowledge God through contemplation. Albert refers to the teaching of St. Peter, "Cast all your anxiety on him, because he cares for you."

*Divine Love* is an inspirational collection of spiritual musings from the pen of Irish writer, Dylan Morrison. The fruit of a life-long, roller-coaster journey, it encapsulates Morrison's personal take on all things God, Self and Religious. Each pithy reflection aims to release us from our propensity for self-deception, by leading us to the Mystery of Source and its healing offspring, Self-compassion. Morrison's literary tools are humour, mixed with a disarming, Irish honesty as he examines what really makes us tick. The favoured Linus blankets of both organised religion and New Age philosophies come under his razor-sharp scrutiny, opening up liberating, new areas of exploration for the sincere, spiritual seeker. If you're asking life's big questions, then *Divine Love* is surely the book for you.

A time to reflect on my seventy years of life. Maybe some folks will be interested in my life and the folks I have met, or maybe not. This is a non-traditional memoir, filled with alphabetical vignettes not chronological ones. I have made a foray into fiction with an asterisk: in those cases where I have marked the vignette as fictional, it might be 100 percent not true, but in many cases I knew of, was part of, or heard from others about the story itself. At any rate, the entire book is my recollection of things past, and as in all recollections, the more distant the memory the clearer the details.

New York Times bestselling author Stephen R. Donaldson presents the first novel of the four-volume finale to the series that's become a modern fantasy classic: *The Chronicles of Thomas Covenant*. Thomas Covenant lost everything. Abandoned by his wife and child, sick and alone, he was transported while unconscious to a magical, dreamlike world called the Land. Convinced it was all a delusion, Covenant was christened *The Unbeliever* by the Land's inhabitants—but gave his life to save this new-found world he came to regard as precious. Ten years after Covenant's death, Linden Avery still mourns for her beloved companion. But a violent confrontation with Covenant's son, who is doing the evil Lord Foul's bidding, forces her into the Land, where a dark malevolence is about to unmake the laws of nature—and of life and death itself. It is here that she comes upon Esmer, son of the Dancers of the Sea, a creature of strange powers who draws Linden backwards through time to witness Thomas Covenant's return to life, and to reinvent the mysterious, dangerous, and violent history of the Land.

Why doesn't self-help help? Cultural critic Micki McGee puts forward this paradoxical question as she looks at a world where the market for self-improvement products--books, audiotapes, and extreme makeovers--is exploding, and there seems to be no end in sight. Rather than seeing narcissism at the root of the self-help craze, as others have contended, McGee shows a nation relying on self-help culture for advice on how to cope in an increasingly volatile and competitive work world. *Self-Help, Inc.* reveals how makeover culture traps Americans in endless cycles of self-invention and overwork as they struggle to stay ahead of a rapidly restructuring economic order. A lucid and fascinating treatment of the modern obsession with work and self-improvement, this lively book will strike a chord with its acute diagnosis of the self-help trap and its sharp suggestions for how we can address the alienating conditions of modern work and family life.

Michael Henry Dunn's spiritual journey began with heartbreak and a call to monastic life. But a deep conviction that one can be in love with the Divine - passionately, romantically in love - and still find sweet and fulfilling human love as well, led him to seek and find intimacy with the ultimate Soul Mate. *Romancing the Divine* is Dunn's deeply moving, intensely personal account of a love affair with the Source of Life: the Goddess who is also God. With honesty and humor, Dunn reveals the personal crisis that led to his spiritual awakening, his experiences meditating and chanting in the company of saints and illuminated souls, and the paths and techniques you can use to share in his love. What Dunn experienced (and continues to experience) transcends any one religion. He found commonality in his divine love with Indian yogis and Western nuns and discovered inspiration from Christian monastics and the chants of the kirtan yogic tradition. His is an unabashedly romantic love story centered on the Divine Feminine and filled with joy, passion, and a spiritualized and purified erotic energy. To love the
