In this classic of children's literature, beloved by generations of readers and listeners, the quiet poetry of the words and the gentle, lulling illustrations combine to make a perfect book for the end of the day. In a great green room, tucked away in bed, is a little bunny. "Goodnight room, goodnight moon." And to all the familiar things in the softly lit room—to the picture of the three little bears sitting on chairs, to the clocks and his socks, to the mittens and the kittens, to everything one by one—the little bunny says goodnight. One of the most beloved books of all time, Goodnight Moon is a must for every bookshelf and a time-honored gift for baby showers and other special events.

Midnight Modern brings into focus a view of Palm Springs and its internationally renowned modernist houses never before shown, shot entirely by the light of the full moon. Created over the course of three years, by Australian photographer Tom Blachford, the surreal images function as portals in time, with the homes, cars, and beautiful scenery appearing almost exactly as it all did 60 years ago. The crisp moonlight adds a new dimension to the famous mecca of desert modernism and shows a contrasting side to a town famous for its sunshine, cocktails, and hedonism. Working closely with the Palm Springs community Blachford gained remarkable access to some of the most coveted architectural jewels in the area, including the Kaufmann House, Edris House, Frey House II, Sinatra House, and dozens of restored Alexander Tract homes in the valley. Blachford's work builds on the famous documentary and lifestyle approaches of Slim Aarons and Julius Shulman, but injects a signature mystery. His cinematic aesthetic acts as a stage for an untold narrative, inviting the viewer to script their own drama going on behind the walls of these historic homes. This original, lush work is a rich contribution to the record for those mid-century architecture and design lovers fascinated by Palm Springs.

In a slightly fantastical New York City, one very special library branch has been designated for possible closure. Bookish, socially awkward Pearl, the daughter of the librarian, can't imagine a world without the library—its books, its community of oddballs, its hominess. When the head of their Edna St. Vincent Millay statue goes missing, closure is closer than ever. But Pearl is determined to save the library. And with a ragtag neighborhood library crew—including a constantly tap-dancing girl who might just be her first friend, an older boy she has a crush on, and a pack of raccoons who can read and write—she just might be able to. With an eclectic cast of richly drawn characters, a hint of just-around-the-corner magic, footnotes, sidebars, and Jessixa Bagley's classic illustrations throughout, this warm-hearted, visually magnificent tale of reading and believing from beloved author Karen Romano Young tells of a world where what you want to believe can come true.

Never promise a fey anything. With magic leaking back into our world, working the nightshift as a paramedic comes with danger. But I handle it. I've got a shotgun for the zombies and my lycanthropic rage hasn't escaped my apartment. Life is normal-ish. All that changes when I'm called to help a dying fey knight and I make a promise. There's a little girl with big eyes and a heart-rending sniffle. I can't say no. Of course she's not human. She's their key to opening the long-closed gates and feasting on humanity. Now an entire world I know nothing about is trying to kill me. And if I don't protect her,

the teeth around my heart will finish the job. If I learn fast and bargain the right parts of my soul, the girl and I might make it out alive. Otherwise the cruelest winter will freeze everyone solid.

Finalist for the Pulitzer Prize and the National Book Critics Circle Award *A New York Times Notable Book* *Winner of the Texas Book Award and the Oklahoma Book Award* This New York Times bestseller and stunning historical account of the forty-year battle between Comanche Indians and white settlers for control of the American West “is nothing short of a revelation...will leave dust and blood on your jeans” (The New York Times Book Review). Empire of the Summer Moon spans two astonishing stories. The first traces the rise and fall of the Comanches, the most powerful Indian tribe in American history. The second entails one of the most remarkable narratives ever to come out of the Old West: the epic saga of the pioneer woman Cynthia Ann Parker and her mixed-blood son Quanah, who became the last and greatest chief of the Comanches. Although readers may be more familiar with the tribal names Apache and Sioux, it was in fact the legendary fighting ability of the Comanches that determined when the American West opened up. Comanche boys became adept bareback riders by age six; full Comanche braves were considered the best horsemen who ever rode. They were so masterful at war and so skillful with their arrows and lances that they stopped the northern drive of colonial Spain from Mexico and halted the French expansion westward from Louisiana. White settlers arriving in Texas from the eastern United States were surprised to find the frontier being rolled backward by Comanches incensed by the invasion of their tribal lands. The war with the Comanches lasted four decades, in effect holding up the development of the new American nation. Gwynne’s exhilarating account delivers a sweeping narrative that encompasses Spanish colonialism, the Civil War, the destruction of the buffalo herds, and the arrival of the railroads, and the amazing story of Cynthia Ann Parker and her son Quanah—a historical feast for anyone interested in how the United States came into being. Hailed by critics, S. C. Gwynne’s account of these events is meticulously researched, intellectually provocative, and, above all, thrillingly told. Empire of the Summer Moon announces him as a major new writer of American history.

It is late autumn, 1962, and darkness is falling, but not just over the idyllic fishing port of Bexham. The threat of atomic warfare is so real that people are taking their children to work, or staying home with their families as they face what they think might be the end of the world. For some, the threat is all the more bewildering as they struggle to understand the new generation of the Sixties, a generation for whom they made so many wartime sacrifices, for whom they had such high hopes. No sooner has the threat of nuclear war seemed to have passed than Judy, Mathilda and Rusty are facing a new, personal crisis brought about by their teenage children. Much as Waldo Astley would like to remain on the sidelines, he finds it impossible, and this too brings about bitter opposition from those caught up in the near-tragedy. Still grieving for his lost wife, he tries his best to help his three friends, only to find himself falling in love with one of them. Meanwhile the younger generation have their own problems, all of which involve their families. That all the generations find themselves once more united in a battle, this time to save the village they love, is both an irony and finally, a saving grace. Once more an enemy has to be defeated, once more they must arm themselves, but this time for a war of a very different kind.

Now in paperback, this sweet tale follows Yasmeen, a seven-year-old Pakistani-American girl, as she celebrates the Muslim holidays of Ramadan, "The Night of the Moon" (Chaand Raat), and Eid. Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt's sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt

skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience. Brilliantly conceived and masterfully written, this enormously engaging portrait of a most beguiling Southern city has become a modern classic.

From the author that penned beloved literary classics such as *The Age of Innocence* and *The House of Mirth* comes *The Glimpses of the Moon*, the surprisingly funny tale of an unlikely romance that arises between newlyweds on an extended honeymoon who have married for convenience, rather than for love.
