Only on a rare occasion does a book come along that contains the potential to change the consciousness of our entire planetary culture. Many have talked about the ascension process, but very few really understand what it means. Who is really out there? Where are we going? What are our choices? What has to be done to prepare for this event? Is everyone ascending to the same place? What happened to the fourth dimension? How can we understand the fifth dimension? What does it feel like? How does it operate? What are fifth-dimensional beings like? How do they live? This book explains all of these questions in a way that we can easily understand. It explains what our relationships are to known extraterrestrial groups and what they are doing to help Earth and her people in this crucial galactic moment in time. It explains how we can raise our vibration now, and begin the process of integrating higher-dimensional energies into our third-dimensional world.

Are you tired of the same old stuff (S.O.S)? Have you heard enough about the "New Age"? Do you long for something fresh and exciting? Then perhaps this book is for you. It's not about the same old tired reality that's been talked about for decades. It's not a sugar-coated, love and light routine. And it's not another "feel-good" manual or "how to succeed without really trying" rehash. It's not psycho babble, quick fix therapy, preaching or lamenting a cause. This book takes a no-nonsense look at what is really happening — behind the scenes, above the scenes and beyond the scenes. It addresses the issues you and I are facing right now and will be facing for a long time to come. It uses the past only as a springboard for stepping into the unknown, into the big picture. It exposes the lies, coverups, deceit, control and manipulation that have kept the people of Earth locked into rigid systems of dogma and despair. But it also offers real solutions that are timely, and yet, timeless. It gives you ideas that can help you put the pieces of the cosmic jigsaw together. And practical advice that can stimulate your creative juices. Get out your surfboard and ride the cutting edge!

Branded as rebels and traitors, the members of the Alliance worked from the shadows, gathering information and support from across the galaxy to bring an end to the Empire's tyranny. The Galactic Heritage Cards were first introduced in Japan, where hundreds of Lyssa's students have since used them with profound results. USING THE CARDS: The overall concept of the cards is to explore the journey from unity to fragmentation/polarity and back to reintegration. Since each of us is part of the same one consciousness, this is a holographic "journey" that unifies us all. The card system uses the holographic concept that we are experiencing both unity and separation simultaneously. The components of the cards explore this journey in a variety of ways, including: SPECIES or STAR SYSTEM: Twenty-one different species or star systems are represented in the four suits (or time streams) of cards to symbolize the main archetypal groups who have influenced the development of our galactic family. THEME: Each card has a theme or lesson that is connected to the civilization it depicts. Contemplative text and deeper commentary are presented for each card to help users understand how to apply this wisdom in their current lives. ARTWORK: The architect of these cards, the multidimensional consciousness Germane channeled through Lyssa, also assisted Hong Kong artist David Cow in the channeling of the images. Contemplating the artwork allows more information and energy to be transmitted that goes beyond the text for each card. The art works deeply with the subconscious and adds a powerful dimension to the user's inner work with the cards. In addition to the individual card art, an underlying image spans all the cards when they're laid out on a grid with 18 cards per row. This image represents our journey back to integration, and thus each card carries an embedded energy of unity even within the uniqueness and "separate journey" of each card. When the final card was channeled, the total number was 108 -- a sacred number in many traditions that reflects the idea of wholeness and completion. GETTING STARTED: In the accompanying booklet we offer more information, the text and commentary for each card, and several recommended spreads to help you get started.

Lyssa Royal and Keith Priest take a fresh and unorthodox look at the UFO abduction phenomena that seem to be occurring with increasing frequency in our troubled times. Through narrative, channeled material and first-hand accounts, the authors engage our curiosity and challenge our preconceptions. This approach helps make sense of the baffling and often traumatic aspects of abductions.

The Irish do death differently. Funeral attendance is a solemn duty - but it can also be a big day out, requiring sophisticated crowd control, creative parking solutions and a high-end sound system. Despite having the same basic end-of-life infrastructure as other Western countries, Irish culture handles death with a unique blend of dignified ritual and

warm sociability. In *Sorry for Your Trouble*, Ann Marie Hourihane holds up a mirror to the Irish way of death: the funny bits, the sad bits, and the hard-to-explain bits that tell us so much about who we are. She follows the last weeks of a woman's life in hospice; she witnesses an embalming; she attends inquests; she talks to people working to prevent suicide; she follows the team of specialists working to locate the remains of people 'disappeared' by the IRA; and she visits some of Ireland's most contested graves. She also explores the strange and sometimes surprising histories of Irish death practices, from the traditional wake and ritual lamentations to the busy commerce between anatomists and bodysnatchers. And she goes to funerals, of ordinary and extraordinary people all over the country - including that of her own father. 'I had joined a club,' she writes, 'the club of people who have lost someone very close to them.' And then, with her family, she sets about planning a funeral in the middle of a pandemic. *Sorry for Your Trouble* sheds fresh, wise and witty light on a key pillar of Irish culture: a vast but strangely underexplored subject. Rich, sparkling and eye-opening, it is one of the best books ever written about Irish life.

*Meet the Hybrids* explores the lived experience of eight individuals who understand that they are part-human and part-extraterrestrial. Guided by their star families and other entities, they are dedicated to personal missions which contribute to a larger process involving the flourishing of human consciousness, and the protection and evolution of life on Earth at this critical time. Based on over 100 hours of interviews and conversations, this book gives each of the hybrids their own voice. They share their personal journeys of discovery, their abilities, and the joys and challenges of living a dual existence. They invite the reader to radically expand their understanding of reality itself, and pursue their own evolution. The hybrid phenomenon brings us closer than ever before to understanding the ETs themselves, and offers answers to some of humanity's biggest questions.

"The Prism of Lyra is an exploration of Human Galactic Heritage. The Prism of Lyra is a book that examines the idea of creation in a different light. In contrast to the notion that humans are the result of creation, it explores the idea that the collective humanoid consciousness (or soul) created our universe for specific purposes. What are those purposes? Who is involved? These questions and many more are addressed, resulting in startling possibilities. The Prism of Lyra then traces various off-planet races (Lyra, Vega, the Pleiades, Orion, Zeta Reticuli, and more) through their own evolution and ties them into the developing Earth. Highlighted is the realization of our galactic interconnectedness . . . and our shared desire to return home. Explore with us the passage through . . .The Prism of Lyra."

When we as a species evolve, so will the nature of our contact experiences. Part 1 was first published in 1994. This new edition includes part 2, and is a groundbreaking book with all new information that explores Lyssa's contact research around the world from 1994 to present day. They say we are doomed to repeat history if we do not learn our lessons from the past... Child of the Universe tells the apocalyptic tale of the Queen of an ancient civilization lost forever under a great cataclysmic wave. Her subsequent abduction and imprisonment in Atlantis ultimately leads to the destruction of the mysteriously advanced island. Derived from a QHHT (Quantum Healing Hypnosis Technique) past life regression experience, Child of the Universe unfolds an alternative history of our beginnings on this planet and departs as a warning of the apocalyptic parallels surrounding us as we embark into an apprehensive future: "Perhaps it was best that this story remained locked away within me since the great cataclysms. But now my story can no longer stay buried, it must rest once and for all. It is my hope that by sharing this with you, my story will free us from this cycle of destruction we have become entangled in...Maybe you too have dreamt of the great wave of Amun, it's towering greatness only to become your watery tomb. Or perhaps the mysteries surrounding the destruction of Atlantis have pulled your attention time and time again. But Jarren has blocked us from communicating with the rest of the galaxy and now they believe we've gone silent, like Planet Xinji (where silent really means dead). A Protector Class spaceship is coming to our rescue, but we still have to survive almost two years until they arrive - if they arrive at all. Until then, we have to figure out how to stop an unstoppable alien threat. And it's only a matter of time before Jarren learns I'm not dead and returns to finish what he started.

In this instructional work, world-renown channel, seminar leader, sacred site guide, and author Lyssa Royal explores the global shift in consciousness, the inner workings of the human psyche, and the nature of reality in a way that inspires readers to bring more happiness, fulfillment, and self-empowerment into their lives.

This is the book you and I have been waiting for since authoring The Anunnaki of Nibiru released August 4th, 2013. The issues and questions that this research raised with the readers were carefully studied to locate the link between humanity's South African genesis account and today. How does one proceed after discovering that modern man was fashioned by the Anunnaki to supplant the labor force they brought to Earth from Nibiru? This knowledge changes all that we have been coerced into believing as the truth. A theme began to emerge given the lessons accessed from sacred writings. The profound nature of the material provided in this book took time to study, understand, process the lessons and assimilate them into a coherent message. Questions like "If the Anunnaki created mankind, then who created them?" The answer takes one back to the SOURCE of our reality. Are we evolving physically and consciously towards an archetype used in our biological design? Where are we headed as a species and to what extent are our genetic creators shaping the outcome? Who are the Dark Lords behind the NWO and will Light prevail? In my quest to find the ascension path out of our prison planet conditions, no map was found. The truth, as it always has been for participants on the stage of life, is a pathless land. Only through deep seeking at a spiritual level, could the wisdom be accessed. Profound and timely guidance from the pillars of Atlantis hold the keys to our ascension. The time to lift the veil of oppression, barbarian to Mystery School Graduate is here. Portal access to return to the Source of All creation exists. Mystery Schools run by the first AI-Khemist, Thoth the Atlantean, instructed highly qualified candidates in the Ancient Science of Continuous Creation. Some well-known graduates include Plato and Pythagorus. Thoth, also known as Ningishzida in the Sumerian cuneiform records, had many names in cultures separated by thousands of years. Also known as names (AKA) for him cause great consternation in the Abrahamic religions. Ningishzida, Thoth the Atlantean, Thrice Great Hermes, Yehosua (Biblical Jesus) and Melchizedek are just a few. Thoth was one of the immortals that chose to participate in helping mankind out of his quarantined perception prison. Combining genealogy studies, biblical theology, ancient astronaut theory, geopolitical developments, and a deep scientific understanding of the properties and nature of light led to an unexpected outcome, a profound unveiling intended for my supporters. The message and detailed criteria on how to participate in the Great Year ascension is presented to the reader in a manner that is easy to understand, given the complex nature of our reality. The unveiling re-invigorated me to write this book, simultaneous to the timing of the great culling planned for WW3. The reader will undoubtedly put the book down and zealously SEEK TO share the wisdom with family and friends, arming them with the knowledge that removes any remaining ideas or fears about the sting of death as we understand it. Overcoming our fear of death is part of the process to embrace the transformation we experience during aging. What if you knew that death was an illusion and conducted your life to achieve the goals that were determined by the Creator of All to lead you to the reflective consciousness that is the source of space-time and our reality here on the 7th Planet? Where Mercury-Ningishzida's role to raise mankind's consciousness during the ascension window is reaching a crescendo. Join me on this profound life-altering journey where the reader will encounter the mystical process that leads to the knowledge and reality of immortality if one chooses it. May the soul of the universe be with you and provide unmatched peace and comfort holding thy form through the transition to a new reality. I look forward to meeting you all at the SOURCE.

Look into the future, and you will discover your past. Newly updated, this edition of the Pleiadian Renegades' essays sets a new standard in bringing humanity into closer contact with our stellar kin. "Remembrance: Pleiadian Messages in Preparation for Contact" gathers messages to awaken and enlighten human consciousness to the very real potential of meeting humans from interstellar civilizations and realizing our place among them. From the Foreword: "The writings collected in these pages represent a process that has, in some form, been encapsulated in the teachings of the planet's esoteric, secret, and sacred traditions and texts. Rather than rehash what has already been shared, our method is to distill those points most useful in preparing to encounter divinity in the form of meeting your extended family, and let you connect the dots to realization, reunification, and transformation. It is with the greatest love and respect for the people of Earth that we speak, for the truth is, we are human and we are neighbors. More than that, we are kin. The history of life on Earth is a bit more complex than the institutions of science and religion have led most of you to believe. We aim to shatter illusions that keep your collective consciousness, as a planetary organism of humanity, entrapped in a web of lies spun in a hall of mirrors. It is when you recognize yourselves individually and collectively as divine that you begin the process of achieving wholeness. There is no real end to that process for humans, not in the form of humans in denial and ignorance of the greater truths of love. We share what we have learned, and we share what will serve you as those who have yet to remember their origin and destiny as human beings, existing on Earth but with the galaxy and beyond as your home. Are you ready to meet your neighbors and kin? Read on, dear reader, and see what that entails." The Pleiadian Renegades are a collective of beings from a high-frequency, low-density reality that sources from the light of the sun of Alcyone. They are human beings of a higher level of awareness and come to our realm of awareness now as midwives for our collective transformation into the consciousness of divinity. They do this with great love, humor, and depth of understanding. Find out more, and discover more writings from this wise and loving crew, at the Opalescent Nine website.

"I have come at this time, in this place, and through this being to speak my truth, to speak the story of my life — the true story of my life." The purpose of this book is to clarify, to tell the truth, and to share my energies with you so that you can begin the transformation of your mind and, therefore, the transformation of your heart and your world. It is in the

misteachings that have been associated with my name that much death and pain has been caused and that much guilt and self-recrimination has been expressed. That was not my purpose; that was not my lesson. This story will begin the change. It will not make the change. It will facilitate turning the key in the lock, but you must open the door and walk through it into a new realm that is opened by this information. That is your responsibility. We can only bring you the message, this channel and I. We can only work together to transmit the information, but it is through your actions and your transformation that you will see a change in your world, a change in the subjective world that is manufactured from your beliefs, your thoughts, and your feelings. I talk about the truth of my birth and the truth of my life. I cover some stories that are recounted in the Bible and tell you the true story of those events. I describe some of my personal traits, my human traits, and I define what I am, who I am, and why these things happened. You will be able to understand the truth, and you will begin this reconditioning, this retooling of your mind — of your thoughts and beliefs — on this subject of my life, my meaning, and my purpose, for it is a long process. The time is ripe. The need for a spiritual revolution is here. — Jesus

Beginning with the classic book *The Prism of Lyra* in 1989, Lyssa Royal-Holt's channeling has focused on presenting profound galactic wisdom in a grounded way to assist our lives on Earth. In this book, the most detailed and powerful channeled teachings that have come through in recent years are presented in depth. These new teachings are sourced from ancient Vega mysticism — the awakening teachings brought to Earth in ancient days from both Sirius and the Pleiades called the School of the Nine Serpents. After millennia of absence, our Sirian and Pleiadian ancestors have now resumed their teachings to match the next phase of human evolution. This book contains two threads: The first thread is the awakening teachings of the Pleiades that were part of the ancient school called the Golden Lake Teachings. These work with the heart and have the gentle and distinct flavor of our Pleiadian ancestors. The second thread is the Sirian teachings that make up the structural foundation of the School of the Nine Serpents. You don't need to believe in the reality of extraterrestrials to gain immense benefit from the wisdom in this book. These teachings are consciousness-centered and based on the necessary integration of body, mind, spirit, and emotion, as well as light and shadow. Together, the Pleiadian and Sirian teachings provide an invaluable road map for the next phase of human evolution — the integration of polarity and the awakening of human consciousness beyond duality.

When Dr. William Levengood, biophysicist and scientist extraordinaire, began to study plants and soils from crop formations in 1999, he had no idea that this research would eventually reveal astounding secrets about energy and the nature of consciousness. Although he began with materials from crop circles, he soon began to examine materials from cattle mutilation sites, UFO sites, people who had been in contact with ETs, and people who could demonstrate unusual energies. Along the way, he met Penny Kelly, long-time researcher of consciousness, and the two began to work together. Part mystery, part science, and part consciousness, the book tells the story of Levengood's discovery of a new form of energy in plants, animals, and humans. This energy was all the more remarkable because it responded directly to consciousness. As the research and collaboration continued, it yielded an entirely new array of insights. Some of the results include the first scientific explanation of crop circles, a new theory postulating that humans, plants, and animals are a collection of plasmas, an explanation of subtle energies, new technology for measuring subtle energies, technology that can track and measure the action of both individual consciousness and global consciousness, validation of intuition, a scientific understanding of what happens in a kundalini experience, and deep insights into the nature of spiritual transformation. This is the second book in a 3-volume set focused on extraordinary research into consciousness and energy, and in this volume, science and spirituality come together in ways that present us with an entirely new worldview.

Now with an Historical Afterword by Ron Miller Featured in Ron Miller's *The Conquest of Space Book Series*. *Pioneers of Space* (1949) was later reincarnated almost word-for-word as the "non-fiction" *Inside the Space Ships*, one of the books largely responsible for the UFO craze of the 1950s and 60s. Ghost-written by Adamski acolyte Lucy McGinnis, this novel contains some of the most inept scientific ideas imaginable. In the early 1950s, "Professor" George Adamski laid the groundwork for all subsequent UFO contactees. In *Pioneers of Space* he created many of the incidents and qualities he later attributed to the "actual" inhabitants of Venus, Mars and Saturn he later claimed to have met. In addition, we get a look at some of the strange "science" this self-proclaimed astronomer believed in. "Facts" such as there must be oxygen in space otherwise the sun could not burn... The twentieth century saw an unprecedented spike in the study of altered states of consciousness. New ASCs, such as those associated with LSD and psilocybin mushrooms, were cultivated and studied, while older ASCs were given new classifications: out-of-body experiences, near-death experiences, psychokinesis, extrasensory perception. *Altered Consciousness in the Twentieth Century* analyses these different approaches and methodologies, and includes exciting new research into neglected areas. This volume investigates the representation of ASCs in the culture of the twentieth century and examines the theoretical models that attempt to explain them. The international contributors

critically examine a variety of ASCs, including precognition, near-death experiences, telepathy, New Age 'channelling', contact with aliens and UFOs, the use of alcohol and entheogens, analysing both the impact of ASCs on the culture and how cultural and technological changes influenced ASCs. The contributors are drawn from the fields of English and American literature, religious studies, Western esotericism, film studies, sociology and history of art, and bring to bear on ASCs their own disciplinary and conceptual perspectives, as well as a broader interdisciplinary knowledge of the subject. The collection represents a vital contribution to the growing body of work on both ASCs and the wider academic engagement with millennialism, entheogens, occulture and the paranormal.
