Take your finger and trace! Little Fish invites little fans to get a feel for shapes in an adorable early concept book. Little ones will love to trace the die-cut outlines of several simple shapes -- a circle, square, triangle, rectangle, diamond, oval, star, and heart -- while immersing themselves in a bright undersea world.

"Little rig, little rig, let me come in!" "Not by the chrome on my chinny chin chin." "Then I'll crash and I'll bash and I'll smash your house in." When the three little rigs set out to build their own garages, each one thinks that his is going to be the strongest. But then the big bad wrecking ball comes to call and threatens to smash their new homes to smithereens. The brothers learn that it's only by bravery and teamwork that they can win the day. A comic sequel to the ugly truckling.

This hilarious tale from the creators of the popular *Petite Rouge* (which *School Library Journal* declared "A treat from start to finish") will once again take you to the heart of the Cajun swamps and show you the Three Little Pigs like you've never seen them.

A tiny American town's plans for radical self-government overlooked one hairy detail: no one told the bears. Once upon a time, a group of libertarians got together and hatched the Free Town Project, a plan to take over an American town and completely eliminate its government. In 2004, they set their sights on Grafton, NH, a barely populated settlement with one paved road. When they descended on Grafton, public funding for pretty much everything shrank: the fire department, the library, the schoolhouse. State and federal laws became meek suggestions, scarcely heard in the town's thick wilderness. The anything-goes atmosphere soon caught the attention of Grafton's neighbors: the bears. Freedom-loving citizens ignored hunting laws and regulations on food disposal. They built a tent city in an effort to get off the grid. The bears smelled food and opportunity. *A Libertarian Walks Into a Bear* is the sometimes funny, sometimes terrifying tale of what happens when a government disappears into the woods. Complete with gunplay, adventure, and backstabbing politicians, this is the ultimate story of a quintessential American experiment -- to live free or die, perhaps from a bear.

As heard on NPR's This American Life "Absorbing . . . Though it's non-fiction, The Feather Thief contains many of the elements of a classic thriller." —Maureen Corrigan, NPR's Fresh Air "One of the most peculiar and memorable true-crime books ever." —Christian Science Monitor A rollicking true-crime adventure and a captivating journey into an underground world of fanatical fly-tiers and plume peddlers, for readers of The Stranger in the Woods, The Lost City of Z, and The Orchid Thief. On a cool June evening in 2009, after performing a concert at London's Royal Academy of Music, twenty-year-old American flautist Edwin Rist boarded a train for a suburban outpost of the British Museum of Natural History. Home to one of the largest ornithological collections in the world, the Tring museum was full of rare bird specimens whose gorgeous feathers were worth staggering amounts of money to the men who shared Edwin's obsession: the Victorian art of salmon fly-tying. Once inside the museum, the champion fly-tier grabbed hundreds of bird skins—some collected 150 years earlier by a contemporary of Darwin's, Alfred Russel Wallace, who'd risked everything to gather them—and escaped into the darkness. Two years later, Kirk Wallace Johnson was waist high in a river in northern New Mexico when his fly-fishing guide told him about the heist. He was soon consumed by the strange case of the feather thief. What would possess a person to steal dead birds? Had Edwin paid the price for his crime? What became of the missing skins? In his search for answers, Johnson was catapulted into a years-long, worldwide investigation. The gripping story of a bizarre and shocking crime, and one man's relentless pursuit of justice, The Feather Thief is also a fascinating exploration of obsession, and man's destructive instinct to harvest the beauty of nature.
