Not favored among European dictatorships in the 1920s and 30s, Jack London's famous *The Call of the Wild* was banned for its commentary of Socialism. Strangely, the book was also banned in the US as late as the 1980s. Because the main character is a wolf, the dark work would be mistakenly classified as children's literature and deemed inappropriate.

This memoir includes real events of wild adventures of a young adult searching for her truth. She undergoes the pain of being lost and alone, with only her readers as her hope. Allison compiled this book over the past ten years of her life so she could share her journey to her truth.

The American South is famous for its astonishingly rich biodiversity. In this book, Georgann Eubanks takes a wondrous trek from Alabama to North Carolina to search out native plants that are endangered and wavering on the edge of erasure. Even as she reveals the intricate beauty and biology of the South's plant life, she also shows how local development and global climate change are threatening many species, some of which have been graduated to the federal list of endangered species. Why should we care, Eubanks asks, about North Carolina's Yadkin River goldenrod, found only in one place on earth? Or the Alabama canebrake pitcher plant, a carnivorous marvel being decimated by criminal poaching and a booming black market? These plants, she argues, are important not only to the natural environment but also to southern identity, and she finds her inspiration in talking with the heroes—the botanists, advocates, and conservationists young and old—on a quest to save these green gifts of the South for future generations. These passionate plant lovers caution all of us not to take for granted the sensitive ecosystems that contribute to the region's long-standing appeal, beauty, and character.

'A wild, sleazy, drug-filled odyssey ... Doyle's maverick novel deserves the accolades coming its way' Independent 'The best work to date from a writer who gets better and better with each release' Irish Independent 'A masterclass in what not to do' New Statesman 'His best book so far: riddling, irreverent, fearless' TLS Rob has spent most of his confusing adult life wandering, writing, and imbibing literature and narcotics in equally vast doses. Now, stranded between

reckless youth and middle age, between exaltation and despair, his travels have acquired a de facto purpose: the immemorial quest for transcendent meaning. On a lurid pilgrimage for cheap thrills and universal truth, Doyle's narrator takes us from the menacing peripheries of Paris to the drug-fuelled clubland of Berlin, from art festivals to sun-kissed islands, through metaphysical awakenings in Asia and the brink of destruction in Europe, into the shattering revelations brought on by the psychedelic DMT. A dazzling, intimate, and profound celebration of art and ageing, sex and desire, the limits of thought and the extremes of sensation, *Threshold* confirms Doyle as one of the most original writers in contemporary literature.

In her debut novel, the bestselling author of *Wild* weaves a searing and luminous tale of a family's grief after unexpected loss. "Work hard. Do good. She has fled a bad marriage and rebuilt a life with her children, Claire and Joshua, and their caring stepfather, Bruce. Their love for each other binds them as a family through the daily struggles of making ends meet. But when they received unexpected news that Teresa, only 38, is dying of cancer, their lives all begin to unravel and drift apart. *Strayed's* intimate portraits of these fully human characters in a time of

crisis show the varying truths of grief, forgiveness, and the beautiful terrors of learning how to keep living.

Girl in the Woods is Aspen Matis's exhilarating true-life adventure of hiking from Mexico to Canada—a coming of age story, a survival story, and a triumphant story of overcoming emotional devastation. On her second night of college, Aspen was

raped by a fellow student. Overprotected by her parents who discouraged her from telling of the attack, Aspen was confused and ashamed. Dealing with a problem that has sadly become all too common on college campuses around the country, she stumbled through her first semester—a challenging time made even harder by the coldness of her college's "conflict mediation" process. Her desperation growing, she made a bold decision: She would seek healing in the freedom of the wild, on the 2,650-mile Pacific Crest Trail leading from Mexico to Canada. In this inspiring memoir, Aspen chronicles her journey, a five-month trek that was ambitious, dangerous, and transformative. A nineteen-year-old girl alone and lost, she conquered desolate mountain passes and met rattlesnakes, bears, and fellow desert pilgrims. Exhausted after each thirty-mile day, at times on the verge of starvation, Aspen was forced to confront her numbness, coming to terms with the sexual assault and her parents' disappointing reaction. On the trail and on her own, she found that survival is predicated on persistent self-reliance. She found her strength. After a thousand miles of solitude, she found a man who helped her learn to love and trust again—and heal. Told with elegance and suspense, *Girl in the Woods* is a beautifully rendered story of eroding emotional and physical boundaries to reveal the truths that lie beyond the edges of the map.

Quirky and utterly captivating, *A Wild Sheep Chase* is Murakami at his astounding best. An advertising executive receives a postcard from a friend and casually appropriates the image for an advertisement. What he doesn't realize is that included in the scene is a mutant sheep with a star on its back, and in using this photo he has unwittingly captured the attention of a man who offers a menacing ultimatum: find the sheep or face dire consequences. Thus begins a surreal and elaborate quest that takes readers from Tokyo to the remote mountains of northern Japan, where the unnamed protagonist has a surprising confrontation with his demons.

For the first time, "The Journey of the Lost Boys" offers readers a chronological timeline of the epic journey taken by these children, beginning in their rural villages of Southern Sudan and ending with their arrival as young men to the United States. Narrated through the voice of Joan Hecht, one of their American mentors, whom they lovingly call "mom" or "Mama Joan;" "The Journey of the Lost Boys" is a compelling story of courage, faith and the sheer determination to survive by a group of young orphaned boys. Because of Ms. Hecht's personal relationship with them, she is able to portray their story in a way that most famous reporters and authors cannot. In addition to her extensive research of the political and historical events surrounding this long lasting civil war, are the heart-rending personal stories of the boys themselves.

Now, life beyond *The Salt Path* awaits and they come back to four walls, but the sense of home is illusive and returning to normality is proving difficult - until an incredible gesture by someone who reads their story changes everything. "A vivid and intoxicating account of these beautiful islands" – Victoria Hislop "A must-read for anyone who loves the Greek islands" – Richard Clark 'There's something about abandoned places which moves me and captures the imagination.' So says seasoned travel writer Jennifer Barclay as she walks with

her dog and her backpack through the deserted spaces of the Dodecanese, islands that were once bustling but are now half forgotten and reclaimed by the wild due to a mix of misfortune and the lure of opportunity elsewhere. Join her on a journey through abandoned villages and farms, cave-houses and captains' mansions, the homes of displaced Muslim fishermen and poets, as she discovers beauty in the ruins, emptiness and silence, and inspiration in the stories of people's lives. A long-term resident of Greece, Jennifer Barclay spent more than four years researching *Wild Abandon*, visiting islands multiple times and talking to local people to hear their stories. She travels from the very west to the very east of the Dodecanese, from the very south almost to the very north, taking in some of the smallest and the biggest islands, and highlighting different stories along the way to show the complex history behind these havens of tranquillity. She discovers a villa intended for Benito Mussolini's retirement, an island that links a gramophone from St Petersburg and a portrait in the American National Gallery via a pack of cigarettes, and reflects on the days when an economy based on sponges and burnt rock supported thousands. *Wild Abandon* is an elegy in praise of abandoned places and a search for lost knowledge through the wildest and most deserted locations.

is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review

Choice) * "Beautiful." —Washington Post * "Destined to become an adventure classic." —Anchorage Daily News In the tradition of *Into the Wild* comes an instant classic of outdoor literature, a riveting work of uncommon depth: *The Adventurer's Son* is Roman Dial's extraordinary account of his two-year quest to unravel the mystery of his son's disappearance in the jungles of Costa Rica. In the predawn hours of July 10, 2014, the twenty-seven-year-old son of preeminent Alaskan scientist and National Geographic Explorer Roman Dial, walked alone into Corcovado National Park, an untracked rainforest along Costa Rica's remote Pacific Coast that shelters miners, poachers, and drug smugglers. He carried a light backpack and machete. Before he left, Cody Roman Dial emailed his father: "I am not sure how long it will take me, but I'm planning on doing 4 days in the jungle and a day to walk out. I'll be bounded by a trail to the west and the coast everywhere else, so it should be difficult to get lost forever." They were the last words Dial received from his son. As soon as he realized Cody Roman's return date had passed, Dial set off for Costa Rica. As he trekked through the dense jungle, interviewing locals and searching for clues—the authorities suspected murder—the desperate father was forced to confront the deepest questions about himself and his own role in the events. Roman had raised his son to be fearless, to be at home in earth's wildest places, travelling together through rugged Alaska to remote Borneo and Bhutan. Was he responsible for his son's fate? God only knows what possessed Bill Bryson, a reluctant adventurer if ever there was one, to undertake a gruelling hike along the world's longest continuous footpath—The Appalachian Trail. The 2,000-plus-mile trail winds through 14 states, stretching along the east coast of the United States, from Georgia to Maine. It snakes through some of the wildest and most spectacular landscapes in North America, as well as through some of its most poverty-stricken and primitive backwoods areas. With his offbeat sensibility, his eye for the absurd, and his laugh-out-loud sense of humour, Bryson recounts his confrontations with nature at its most uncompromising over his five-month journey. Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's

short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality.

Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

With an introduction by novelist David Vann Jon Krakauer's *Into the Wild* examines the true story of Chris McCandless, a young man, who in 1992 walked deep into the Alaskan wilderness and whose SOS note and emaciated corpse were found four months later. Internationally bestselling author and mountaineer Jon Krakauer explores the obsession which leads some people to discover the outer limits of self, leave civilization behind and seek enlightenment through solitude and contact with nature. In 2007, *Into the Wild* was adapted as a critically acclaimed film, directed by Sean Penn and Emile Hirsch and Kristen Stewart.

This cult classic of gonzo journalism is the best chronicle of drug-soaked, addle-

It is also the tale of a long weekend road trip that has gone down in the annals of American pop culture as one of the strangest journeys ever undertaken. Now a major motion picture from Universal, directed by Terry Gilliam and starring Johnny Depp and Benicio del Toro. What happens when an innocent prank goes horribly wrong? Natasha, Riya, Anjali and Katherine were best friends in college - each different from the other yet inseparable - until that night. It was the night that began with a bottle of whisky and a game of Ouija but ended with the death of Sania, their unlikeable hostel mate. The friends vowed never to discuss that fateful night, a pact that had kept their friendship and guilt dormant for the last twenty years. But now, someone has begun to mess with them, threatening to reveal the truth that only Sania knew. Is it a hacker playing on their guilt or has Sania's ghost really returned to avenge her death? As the faceless enemy closes in on them, the friends come together once again to recount what really happened that night. But when the story is retold by each of them, the pieces don't fit. Because none of them is telling the whole truth . . . That Night is a dark, twisted tale of friendship and betrayal that draws you in and confounds you at every turn.

For Lavinia and Juneau Jane, the journey is one of stolen inheritance and financial desperation, but for Hannie, torn from her mother and siblings before slavery’s end, the pilgrimage west reignites an agonizing question: Could her long-lost family still be out there? against all odds on a journey that maddened, strengthened, and ultimately healed her. John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be-dangerous, passionate, alive, and free.

Explorer Sarah Marquis takes you on the trail of her ten-thousand-mile solo hike across the remote Gobi desert from Siberia to Thailand, at which point she was transported by boat to complete the hike at her favorite tree in Australia. Against nearly insurmountable odds and relying on hunting and her own wits, Sarah Marquis survived the Mafia, drug dealers, thieves on horseback who harassed her tent every night for weeks, temperatures from subzero to scorching, life-threatening wildlife, a dengue fever delirium in the Laos jungle, tropic ringworm in northern Thailand, dehydration, and a life-threatening abscess. This is an incredible story of adventure, human ingenuity, persistence, and resilience that shows firsthand what it is to adventure as a woman in the most dangerous of circumstance, what it is to be truly alone in the wild, and why someone would challenge themselves with an expedition others would call crazy. For Marquis, her story is about freedom, being alive and wild by nature.
